F) Any other item with the permission of chair:

S. No.	Item Description	SPGC Recommendation/Decision
1.	Amendments in PG admission guidelines for PhD-CHM	After due deliberation, the SPGC recommended the following modification in the clause 2.3.7(ii). This is to be sent to the Senate for discussion and approval. **Exiting**: The candidate either must have a valid GATE score or must have qualified JRF. In addition to GATE/JRF, a valid JEST score is also an eligibility criterion for applying to the PhD programme in Physics. Candidates with the NBHM fellowship will be considered for PhD in Mathematics/Statistics. The requirement of GATE/JRF/JEST is waived for candidates having a Master's degree in Science from IITs/IISERs with a minimum CPI of 8.0. **Proposed**: The candidate must either have a valid GATE score or must have qualified JRF. **Otherwise, a valid JEST score, valid GPAT score, and NBHM fellowship are also eligibility criteria for applying to the PhD programmes, respectively, in Physics, Chemistry and Mathematics/Statistics.** The requirement of GATE/JRF/JEST/**GPAT** is waived for candidates having a Master's degree in Science from IITs/IISERs with a minimum CPI of 8.0. **This waiver is also applicable for candidates from NITs for admission to PhD in Chemistry.**
2.	Proposed changes to MSc math template	SPGC approved the changes in MSc math template (Annexure-A)
3.	Proposal for summer registration of MSPD students to do research-work	The Senate (in its 575 (2024-25/9th meeting) had already approved the provision of doing project (in summer) for MSPD students. After due deliberation, the SPGC approved the proposal of Department of Physics for implementation of the same (Annexure- B)
4.	Proposal for change in Admission criteria for PhD and M.Des Programmes in the department of Design.	Deferring to the next SPGC meeting

Annexure B

Proposal for summer registration of MSPD students to do research-work

With a view to facilitating MSPD students do research with prospective PhD-supervisors (and, hence, be eligible for financial assistance) during the summer terms before migration to PhD part of the program, following measures are proposed:

1) A 9 credit course (tentatively, PHY499) will be introduced. Grading scheme will be S/ X. Students should register for 18 credits worth of PHY499 in summer terms. DPGC convenor will be the instructor-in-charge and students will be allotted supervisors from the Department of Physics under whom they will do research-work. Cosupervisors from elsewhere are allowed.

2) Daily biometric attendance of students taking PHY499 is mandatory during the summer terms.

3) In special circumstances, if a student needs to do other courses (e.g., to clear backlogs) during summer term, then they may register for only 9 credits worth of PHY499 if DPGC allows.

4) The PHY499 course should reflect on the transcripts of the students; however, it is not required for completion of the degree.
