A SAFER

Listen.

Even if you don't agree with everything, let others finish speaking and take them seriously as long as their opinion is not discriminating.

Ask before you act.

If you are unsure whether someone feels comfortable with something, just ask!

Be aware of boundaries.

Everyone has their own boundaries. If someone is evasive or says 'no' respect that.

Show solidarity.

If you see or hear about inappropriate behaviour support those affected if you can.

STARTS WITH YOU

ONLY YES MEANS YES

Everything needs **consent** – clear and explicit. Whether drinking coffee in the courtyard, studying in the library or participating at events and parties: Everyone should feel comfortable.

This means:

A 'yes' must be **clear, voluntary and in the moment** – 'maybe' or silence are no consent. Any consent can also be withdrawn any time!

YES

CAMPUS

The TU should be a safe space – for all!
Be mindful of your behaviour, respect personal boundaries and stand up against all forms of discrimination.
