

ENVIRONMENTAL HORTICULTURE, MINOR

College of Agricultural & Environmental Sciences

Related Undergraduate Programs

See the undergraduate majors in Plant Biology (<https://catalog.ucdavis.edu/departments-programs-degrees/plant-biology/>) & Plant Sciences (<https://catalog.ucdavis.edu/departments-programs-degrees/plant-sciences/>).

Related Courses

See Plant Biology (PLB) (<https://catalog.ucdavis.edu/courses-subject-code/plb/>) & Plant Sciences (PLS) (<https://catalog.ucdavis.edu/courses-subject-code/pls/>).

Minor Advisor

Plant Sciences Advising (<https://www.plantsciences.ucdavis.edu/academics/undergraduate/programs/>); plsadvising@ucdavis.edu

Successful completion of the minor requires the following:

- All courses must be taken for a letter grade.
- Minimum overall GPA of 2.000.
- No more than one course can be counted towards both the student's major and the minor.

Code	Title	Units
ENH 006	Introduction to Environmental Plants	4
ENH 105	Taxonomy & Ecology of Environmental Plant Families (Discontinued for fall 2025) **	4
PLS 171	Principles & Practices of Plant Propagation	4
Choose three:		11-13
ENH 100	Urban Forests are Nature-Based Solutions	
ENH 120	Management of Container Media	
ENH 125	Greenhouse & Nursery Crop Production	
ENH 133	Woody Plants in the Landscape: Growth, Ecology & Management	
Total Units		23-25
