

QUARTER AT AGGIE SQUARE

Quarter at Aggie Square (<https://qas.ucdavis.edu/>) provides undergraduate students opportunities to explore topics related to societal challenges unique to the Sacramento region. Over one academic quarter, student cohorts work closely with dedicated faculty and learn experientially through internships, research or clinical rotations at Aggie Square and UC Davis Health. Students build academic, personal and professional networks, gain opportunities to meet industry professionals, engage with the community and immerse themselves through regional field trips.
