

Direct vs. Indirect Costs

The estimated Cost of Attendance includes the average costs for a student to attend UC Davis for one academic year. It is the sum of all budget components including both direct and indirect costs.

Direct costs: Charges included in the cost of attendance that are charged to MyBill. Actual charges may vary by student.

Indirect costs: Estimated expenses in the cost of attendance that are not charged to MyBill and the student may have control over the amounts.

Planning your budget for each term:

OFF-CAMPUS STUDENTS

Estimated income

Financial aid: _____

Family support: _____

Other: _____

Total income for the term: _____

Estimated costs

Direct costs:

Systemwide tuition and fees: _____
