About the Programme

</div>

A first-of-its-kind in the IIT system, the Department of Education has been established at IIT Kharagpur with the objective of offering the ITEP. The ITEP is a 4-year integrated programme under which students will earn a Dual Major undergraduate degree in a specific discipline, along with a B.Ed. Keeping in view the mandate of the National Education Policy (NEP) 2020 and subsequent initiatives by the National Council for Teacher Education (NCTE) (Ministry of Education, Government of India, New Delhi), the Department of Education at this institute offers **B.Sc-B.Ed (Secondary Stage)** with Majors in four different disciplines, namely, Physics, Chemistry, Mathematics and Economics. Apart from preparing teachers for the country's reconfigured school education system, the ITEP imparts disciplinary knowledge in the aforementioned subjects, enabling students to gain an in-depth understanding. It would also ensure their admission to higher studies in the disciplinary streams, including higher professional education.

The ITEP at IIT Kharagpur is a 4-year programme spanning 8 semesters. It is a Dual-Major Bachelor's Degree programme, with one Major in Education and the other in any of the following four disciplines: Physics, Chemistry, Mathematics and Economics. In addition, it aims to develop among student-teachers the ethics of social engagement and capacities such as problem-solving, critical and creative thinking, communication skills, ethical and moral reasoning, and more.

The students joining this programme shall specialize in the secondary stage of school education, qualifying them to become teachers at that stage. The curriculum and detailed syllabi can be accessed by visiting https://www.iitkgp.ac.in/.

The B.Sc-B.Ed programme is credit-based and thus offers the flexibility to progress at one's own pace. A minimum level of performance is essential for satisfactory progress.

Admission to the Programme

Admission to the programme will be made through the National Common Entrance Test (NCET) conducted by the National Testing Agency (NTA). The results of the NCET will be used for admission. The seat matrix of the four Disciplinary Majors under B.Sc-B.Ed programme of IIT Kharagpur is given in Table 1.

In case the examination Board of Class XII (or equivalent) declared the results for the academic year 2023-24 before August 16, 2024, but the result of a particular candidate was withheld for whatever reason, the candidate will not be eligible for admission to ITEP 2026-27.

If a Board awards only letter grades without providing an equivalent percentage of marks on the grade sheet, the candidate should obtain a certificate from the Board specifying the equivalent marks and submit it at the time of acceptance of the allocated seat. In the event that such a certificate is not provided, the decision of IIT Kharagpur will be final.

Reservation of Seats

Indian nationals belonging to different categories are admitted under the seats reserved for them in accordance with the rules prescribed by the Government of India.

For each Disciplinary Major, a specified number of seats, as listed in Table 1, is reserved for candidates in various categories.
