COMPLETE APPLICATION PROCESS FLOW FOR MIPA DUAL DOCTORAL PROGRAM

Draft updated 05.12.2018.

Definitions:

STUDENT: The individual who is interested in the Dual Doctoral Program.

UoM: University of Melbourne

DDP: Dual Doctoral Program

Colour Legend of Different stages:

🟨	**STUDENT**	🟧	**DEPARTMENT/SCHOOL**	🟩	**ADMINISTRATION**

STUDENT initiates request to home supervisor to join the MIPA DDP. The request should include:
- Justification why the DDP is necessary
- Name & affiliation of proposed host supervisor
- Technical details of proposed joint research
- Declaration that he/she is eligible for the program
- Declaration that he/she will abide by all relevant rules of IITKGP, UoM and DDP

Student's request is supported by home supervisor in form of a signed letter.

Student's request is supported by proposed host supervisor in form of a signed letter.

Each letter of support from the supervisor states that:
- he/she supports the proposed research
- he/she is satisfied that the student is eligible for participating in DDP
- if the student is admitted, he/she will provide all necessary support and guidance for timely completion of the doctoral work

Application package forwarded to Dean IR & Dean PGS&R by Student's Head of Dept/School

If both approve, joint letter of support is sent to all concerned

Host Institution evaluates DDP application. If approved, both Institute admit the student as DDP candidate.
