RAMAN-CHARPAK FELLOWSHIP 2022

Call for Applications for Indian & French PhD Students and French Masters' Students

The Raman-Charpak Fellowship program is in honour of two Nobel Laureates in Physics, Prof C.V. Raman, Indian Nobel Laureate (1930) and Prof Georges Charpak, French Nobel Laureate (1992).

The Fellowship was launched during the State visit of the President of France to India during in February, 2013. The aim is to facilitate the exchange of doctoral students between the two countries, in order to broaden the scope and depth of future engagements in Science, Technology and Innovation.

The Raman-Charpak Fellowship is the only Indo-French bilateral Fellowship programme jointly funded by the Department of Science and Technology (DST), Government of India and the French Institute in India (IFI), French Embassy in India, Ministry for Europe and Foreign Affairs, Government of France.

This programme implemented by the Indo French Centre for Promotion of Advanced Research (IFCPAR/ CEFIPRA) aims at improving the doctoral skills of Indian and French students by providing them an opportunity to carry out part of their research work in a University / Research & Development Institute based in France or India respectively.

This programme is now also open to French Master Students, who wish to spend some time in India in accordance to their curriculum. It aims at improving the Masters skills of French students by providing them an opportunity to carry out internship work in a University / Research Institute based in India.

The scheme also provides an exposure and experience about the current research methods and trends in France/India, while discovering each other's cultural context.

Please note: Applicants must have a pre-determined project proposal that has been discussed and agreed upon by the student and the two supervisors (Indian and French) before applying.

TARGET GROUP	<ul style="list-style-type: none"> This fellowship programme is dedicated to highly qualified PhD students registered in an Indian or French Research Institute / University and Master Students from France. TIME LINE FOR APPLICATIONS:

	Indian and French PhD Students & French Masters’ Students
Launching	February, 2022
End of Deadline	31 March, 2022
Evaluations	April / May 2022
Declaration of Result	June, 2022
Starting date of fellowship	After September, 2022

Guidelines & Important Instructions:

- Awarded fellows shall be invited to submit a valid travel itinerary according to their proposed duration of fellowship stated in his/her application form
- The travel itinerary for visit will be valid only after the declaration of results
- A request made by a fellow for reducing or increasing the duration of the fellowship may be accepted on following conditions:
 - An increase/decrease of maximum 30 days from the proposed duration and within the guidelines of the programme.

- The fellow has to provide a justification for such request along with the recommendation letters from their PhD & host supervisors. Hence, it is advised that candidates must carefully submit their proposed duration in their application form after consulting and discussing with their PhD and host supervisors. Please note that in total, the overall duration should not be less than 2 months and should not exceed 6 months.
 - Such request may be considered at the initial stage of awarding the fellowship and before proceeding with travelling to host institute
 - Please note fellowship for more than 3 months of duration is processed through Campus France with a different procedures, hence student may carefully decide & opt for the duration of fellowship in advance
- A fellow may be supported to participate in a Seminar/Conference/Workshop during their stay in their host countries. For this purpose, the fellow should provide a proof of acceptance regarding selection of their paper/poster or their participation. CEFIPRA will consider providing support for their registration, travel and stay during that period.
