

# HONOURS BSOCSC INTERNATIONAL DEVELOPMENT AND GLOBALIZATION - IN-DEPTH EXPERIENTIAL LEARNING STREAM (IELS)

Are you interested in the environmental, economic and sociopolitical challenges that humanity faces at the onset of the 21st century? Do you want to better understand how and why some countries “develop” (and others do not) in a world of globalizing markets, new technologies and ideas? Are you drawn to issues such as human rights, poverty reduction, climate change, humanitarian crises, social and corporate responsibility, fragile states and the education and health of “vulnerable” populations? Do you want to learn how humanity can find both fair and lasting solutions to such problems?

The Honours Bachelor’s in International Development and Globalization combines theory and practice within a rigorous academic program and provides students with field experience through work and study terms in Canada and abroad.

This program is offered in English and in French.
