MISSION STATEMENT

The American University of Beirut (AUB) is an institution of higher learning founded to provide excellence in education, to participate in the advancement of knowledge through research, and to serve the peoples of the Middle East and beyond. Chartered in New York State in 1863, the university bases its educational philosophy, standards, and practices on the American liberal arts model of higher education. The university believes deeply in and encourages freedom of thought and expression, and seeks to foster tolerance and respect for diversity and dialogue. Graduates will be individuals committed to creative and critical thinking, life-long learning, personal integrity and civic responsibility, and leadership.

MESSAGE FROM PHILIP S. KHOURY, PHD

Chairman of the Board of Trustees

Like universities and medical centers around the world, AUB incurred significant losses as a result of the COVID-19 pandemic. Our situation became much worse, however, on August 4, 2020, when a horrific explosion ripped through the city of Beirut. The timing of that explosion – during the worst economic crisis in modern Lebanese history and in the midst of a global pandemic – could not have been worse for the people of Lebanon, or for our university. Even before the August 4 explosion, AUB was facing its greatest financial crisis since the university's foundation in 1866 due to the collapse of the Lebanese economy, compounded by the COVID-19 pandemic and associated global recession.

The August 4 explosion devastated a huge part of the city of Beirut and caused major damage to the AUB campus and our medical center – the same medical center where more than 500 people were treated within 24 hours of the explosion. Buildings can be repaired; the damage done to the lives of young people whose dreams of attending university were at risk because parents had lost jobs and/or were having to rebuild homes that were damaged or destroyed by the explosion, can be permanent.

President Fadlo Khuri, and his exceptional team of colleagues on campus, have worked tirelessly throughout this past year – as they did the previous year – to address a series of challenges. They have been supported at every step along the way by an equally exceptional Board of Trustees – men and women who feel passionately about the enduring importance of this singular institution for the future of Lebanon, the Arab world, and the Global South.

Our university benefits also from the advice and counsel of the members of the International Advisory Council who demonstrated their belief in the enduring importance of AUB by placing a full-page ad in the August 11, 2021 issue of the *New York Times* urging “foundations, alumni, and those who share our values to advocate for and to support this threatened but irreplaceable institution.”

All of us on the Board of Trustees today know that we stand on the shoulders of giants – and feel an enormous responsibility to the generations who will follow us. We are fully aware that the period that lies ahead will be difficult for some time to come. Our university is truly fortunate, however, that it is being led at this time by an unparalleled team led by President Khuri.

It is a tribute to our university and to all of you that at no time have we strayed from our path to ‘Lead, Innovate, and Serve.’ We received a record number of contributions from all of you this past year – for initiatives benefiting the people of Beirut affected by the August 4 explosion, for student scholarships, and for needy patients and other priorities at our medical center.

One of the successes that we celebrated this past year – and there were many – was the money we raised from all of you toward the \$650 million target of the BOLDLY AUB campaign, which we launched in 2017 on the occasion of our 150th celebration. Another cause for celebration: awarding a record amount of financial support – almost \$90 million – in fiscal year 2021, part of the president’s long-term strategy to make an AUB education affordable to more students enabling us to enroll the most qualified learners from Lebanon and from abroad regardless of their financial circumstances.

We are concerned about our students and our community. We are concerned also about the welfare of our faculty and staff who have suffered devastating financial losses in recent years. On Friday, June 4, 2021, the AUB Board of Trustees voted unanimously to approve an extraordinary financial proposal submitted by President Khuri and his administration to support, retain, and invest in our faculty and staff over the next three years. In my message to the AUB community on June 4, I announced also that AUB would be establishing Board Designated Professorships. These unprecedented and absolutely essential initiatives demonstrate the board’s commitment to ensuring that AUB will be able to continue to deliver on its

educational, research, and service missions, and on world-class healthcare, at the university and the medical center.

At that same board meeting on June 4, President Khuri announced a timely initiative from Chairman Emeritus Dr. Richard A. Debs, who challenged fellow trustees and trustee emeriti to match his commitment of \$100,000 for a Medical Heroes Fund, which would be used to support faculty and staff at the medical center. The response was breathtaking – as many trustees immediately made similar commitments to support faculty and staff not just at the medical center, but throughout the university. Many other trustees made similar contributions in the days that followed. It was an incredible experience for all of us who were in the virtual room at the time – a powerful reminder of the commitment that trustees have to our university. As Trustee David Bradley eloquently put it at the time “Raising \$1 million in a few minutes is the stuff of Harvard, Yale, and Princeton development stories.” It is now the stuff of AUB development stories – and of AUB history – as well.

I fully recognize that we have asked a lot of all of you this year, and you have come through for AUB. We have ambitious plans for the future – plans that will require your continued support for our university. The Board of Trustees remains forever grateful to you.

Thank you.

MESSAGE FROM FADLO R. KHURI, MD

President

AUB has played a transformative role in the history of Lebanon, the Arab world, and globally. It was established “to serve the peoples of the Middle East and beyond.” For more than a century and a half, we have offered a world-class education to the people of Lebanon and the region, cared for the sick and wounded at our hospital, shaped Arab intellectual and artistic movements, influenced political and civic life, and helped the most vulnerable among us. We have stood with the communities we serve during times of crisis and war – and during the long and often difficult periods of recovery that follow.

Our commitment to our university and to our community has never been greater than it is today.

All of us thought in July 2020 that perhaps we could catch our breaths over the summer after what had been an exceptionally challenging year

– of forest fires and nation-wide protests in fall 2019; the devaluation of the Lebanese currency; COVID-19; and massive financial losses and deflation – and prepare for what we knew would be another challenging year ahead. And then came the explosion in the Beirut port on August 4, 2020 – a day that none of us will ever forget. I suspect that for you too – our alumni and friends around the world – August 4 is seared in your memories.

The explosion that shook Beirut shortly after 6:00 pm – and was felt more than 200 kilometers away – devastated our city. More than 200 children, women, and men lost their lives; 6,000 people were injured; 300,000 people were made homeless; dozens of buildings were pulverized; and thousands of other structures were badly damaged. The AUB campus sustained substantial damage as well.

The physical damage is hard to imagine – even now. The damage to the hopes and dreams of too many people in Lebanon was even greater – and will be felt for a long time to come.

On August 5, within hours of the explosion, I sent a message to the AUB community asking “for your support, your thoughts and prayers in these tragic times.” I asked also that you “keep your faith in AUB and in Lebanon, which will surely endure.” You have manifestly kept that faith. And endure AUB most certainly will.

Our priority throughout this year has been – and will continue to be – to ensure that AUB not only overcomes current challenges, but that it emerges from this unprecedented period as “a more impactful, more inclusive, more relevant, and more sustainable institution.” I have no doubt that we will succeed. We will continue to need your help for the long haul to make AUB one of the very finest universities in the Global South, and among the most impactful in the world.

As the list of donors in this Contributors Report attests, you have already given remarkably and repeatedly – responding generously to the AUB4Beirut Disaster Response, which we launched within 24 hours of the explosion seeking support for the urgent work at our medical center and then quickly expanded to include support for community outreach initiatives benefiting the people of Beirut, student scholarships, and repairs on our campus; the AUB4Students Scholarship Drive; and the AUB4Women Campaign to establish new, and encourage additional support for existing, scholarship funds (both endowed and current) that benefit women students at AUB.

Over and over again, you responded – as we knew you would. We will never take this support for granted though. We understand that the events that have shaken Lebanon and our university have also had a profound impact on many of you and your families. In addition to taking care of our children, many of us are also helping parents, siblings, and nieces and nephews in unprecedented ways. We recognize this and so we are especially appreciative of your extraordinary support in fiscal year 2021. We received 7,295 donations from 4,528 donors – the largest number of donors in AUB history – in FY 2021 and raised around \$50 million, including more than \$17 million for financial assistance – both for current scholarships urgently needed by students today and for endowed scholarships thereby ensuring that we will have funds to help students in the future. This is a truly extraordinary accomplishment. We also received donations from a record number of first-time donors, a powerful testament to the enormous respect and confidence that people have for our university. More than 60 percent of donors in FY 2021 were first-time donors to AUB.

Our fundraising and alumni relations team, which is led by the redoubtable VP Imad Baalbaki, has been recognized globally by the Council for Advancement and Support of Education (CASE), winning two Gold Circle of Excellence Awards for the AUB4Beirut Disaster Response and #AUBNecessary, the global online celebration of AUB and why it is necessary, and Platinum Award “honourable mentions” for two stewardship initiatives, which were wonderful examples of how Advancement staff worked to stay in touch with alumni and friends during the pandemic. Our “Giving Year 2020” was selected as a finalist for the CASE Platinum Award for Best

Practices in Communications and Marketing. Finally, and most especially, Imad himself received the CASE Asia-Pacific Distinguished Service Award 2021.

I would also like to single out another extraordinary group of individuals: our trustees. In word and deed, on occasions too many to mention, they have stepped up to support the primacy of AUB's mission and the enduring message that it has carried from Lebanon throughout the rest of the world, with particular focus on the Global South.

In December 2020, under the determined and driving leadership of AUB, the University Hospitals Consortium (AUBMC, St. Joseph University's Hôtel-Dieu de France, the St. George Hospital University Medical Center, and the Lebanese American University's Medical Center-Rizk Hospital) was brought together to develop a plan to vaccinate our communities, and those in Lebanon who are most vulnerable, against COVID-19. This initiative was developed in close consultation, and aligns, with the Lebanese National Vaccination Strategy and its goal to vaccinate 70-80 percent of the inhabitants of Lebanon by December 2021 to achieve herd immunity to COVID-19. On April 16, 2021, the consortium concluded an agreement with the Ministry of Public Health to administer 320,000 shots (to vaccinate 160,000 individuals). The AUB Medical Center will be responsible for administering 90,000 shots (to vaccinate 45,000 individuals).

The AUB Community Vaccination Drive was launched on June 12, 2021 and will continue at least through spring 2022. We expect to administer 90,000 shots (to vaccinate 45,000 individuals) at

the AUB Medical Center. More than 60 percent of this allocation (56,000 shots, to vaccinate 28,000 people) will be used for members of the AUB family (students, faculty, staff, and their dependents); the balance will be used to vaccinate people at other universities and schools – and people living in communities where the need is especially great.

Let me repeat again, our commitment to this university and to our community has never been greater than it is today. It can be seen in the record amounts of financial support that we are providing AUB students; the many university outreach initiatives to address the urgent needs in Beirut and Lebanon due to the collapse of the economy and the August 4, 2020, explosion in the Beirut port; and the response at our medical center to the global pandemic. The university and its medical center have a long history of demonstrating leadership in times of crisis. We are committed to extending that leadership into the foreseeable future. We are determined to address the urgent needs at our university and medical center, and in our AUB community. We will continue to need your help in so many ways, and will work relentlessly and humbly to earn your trust in our stewardship of your AUB. There will be better days for Lebanon and for AUB. Never forget that you are a large part of the reason why we can maintain our optimism, sense of hope and purpose, confident that those better times will surely come.

Thank you.

BOLDLY AUB:

The Campaign to Lead, Innovate, and Serve

It was an extraordinary year for the BOLDLY AUB campaign – thanks to all of you. Despite truly extraordinary circumstances, including a pandemic and the economic and financial collapse of Lebanon, you gave generously in support of our mission and our enduring commitment to the people of Lebanon and the Global South.

You responded generously to the AUB4Beirut Disaster Response, which we launched within 24 hours of the August 4, 2020 explosion in the Beirut port, seeking support for the urgent work at our medical center and then quickly expanded to include support for community outreach initiatives benefiting the people of Beirut, student scholarships, and repairs on our campus; the AUB4Students Scholarship Drive, which we announced on February 14, 2021; and the AUB4Women Campaign to establish new, and encourage additional support for existing, scholarship funds (both endowed and current) that benefit women students at AUB, which will continue through the next fiscal year.

We received 7,295 donations from 4,528 donors – the largest number of donors in AUB history – in FY 2021 and raised around \$50 million, including more than \$17 million for financial assistance – both for current scholarships urgently needed by students today and for endowed scholarships thereby ensuring that we will have funds to help students in the future. This is a truly extraordinary accomplishment. We also received donations from a record number of first-time donors, a powerful testament to

the enormous respect and confidence that our university attracts. More than 60 percent of donors in FY 2021 were first-time donors to our university.

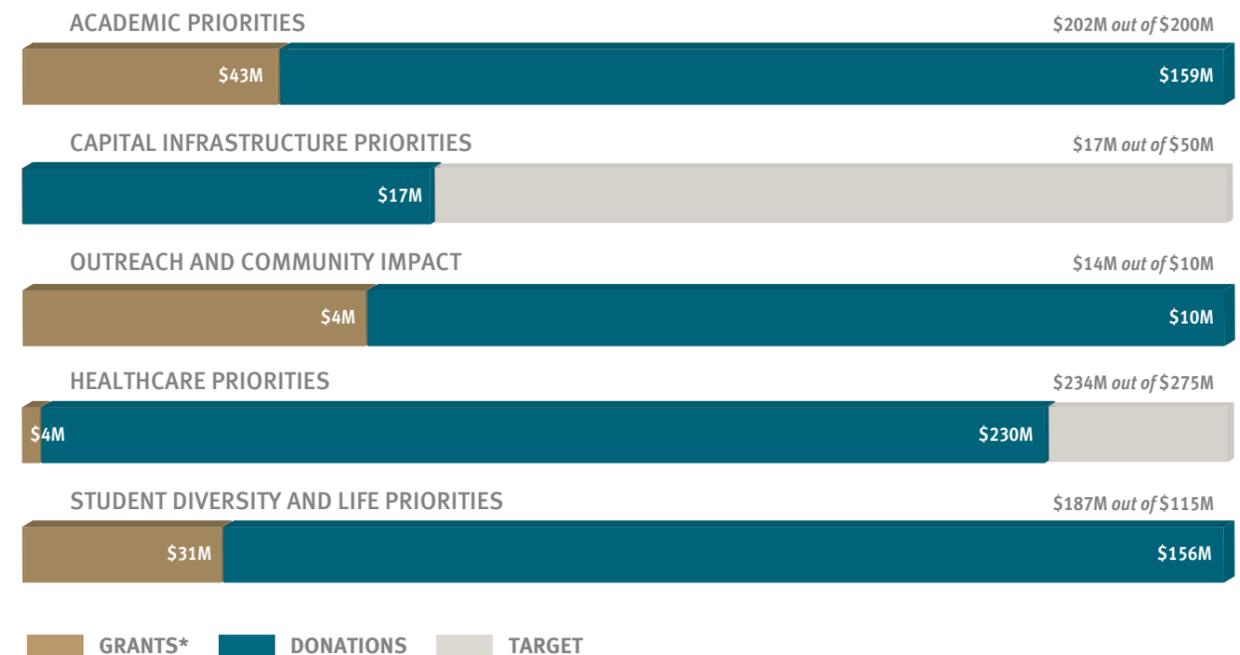

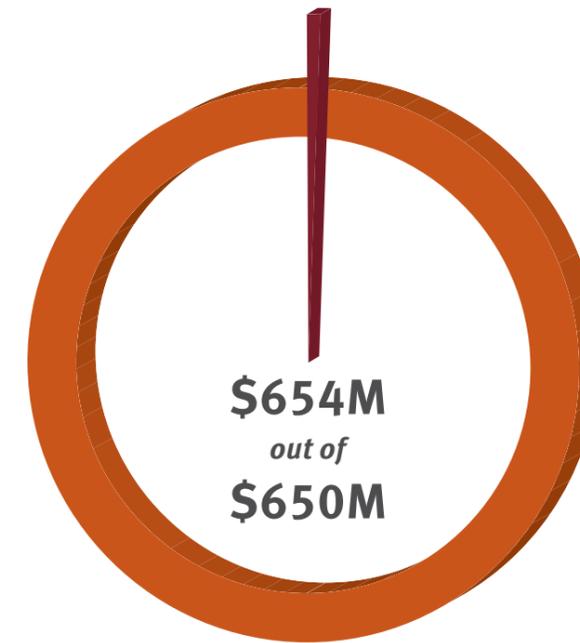

We began the BOLDLY AUB campaign in January 2017 with this pledge to all of you.

- We will LEAD by producing thought-leaders and community leaders with the passion and drive to effect significant and meaningful change.
- We will INNOVATE by keeping AUB at the forefront of groundbreaking movements and ideas in the MENA region and beyond.
- We will SERVE the communities around us, near and far, through outreach, research, and leadership in healthcare.

This has not changed. This will not change.

ABOUT OUR TRUSTEES

The contribution of AUB trustees to the university cannot be overstated. “As Board of Trustees Chair Philip S. Khoury noted in his message in the 2020 Contributors Report, “Their commitment and dedication to our university is inspiring – and invaluable.” Their contribution has been especially critical in recent years as the university has faced unprecedented challenges.

During its board meeting on June 4, 2021, the board voted unanimously to approve an extraordinary financial proposal submitted by President Khuri and senior university leadership to support AUB faculty and staff during the next three years. Recognizing the gravity of the situation and the importance of investing in our people, trustees voted to

dedicate \$150 million over the next three years to, in the words of Chair Khoury, “maintain AUB’s high level of quality and its most critical programs and people.” The board also announced that it would be designating the income from \$50 million in unrestricted investments to establish more than 30 newly-funded professorships. As Khoury explained, “We must deliver on our educational, research, and service missions, and on world-class healthcare, at the university and the medical center. A strong team is required to do this.”

Trustees have also given generously of their own money contributing 41 percent of the \$654 million that AUB raised as of June 30, 2021, for its current fundraising campaign (BOLDLY AUB: The Campaign

to Lead, Innovate, and Serve). Trustee support has benefited each and every campaign priority: academic, healthcare, capital and infrastructure, student diversity, and community outreach.

Our trustees’ philanthropy and, in the words of President Fadlo R. Khuri, “their profound commitment to all of our university community is both admirable and inspiring. Unquestionably, it is unmatched.”

AUB4BEIRUT DISASTER RESPONSE

We launched the AUB4Beirut Disaster Response within 24 hours of the August 4, 2020 explosion in the Beirut Port seeking support for our medical center where, as President Khuri noted, physicians, nurses, and staff “treated hundreds of trauma cases without respite,” in many cases working “24 hours or even 48 hours straight.” We very quickly expanded our response to include community outreach initiatives benefiting the people of Beirut, student scholarships, and repairs on our campus.

We also organized two global initiatives to rally our alumni and friends around the world: the AUB4Beirut Run (on September 18-20, 2020) and #AUBNecessary (on October 11, 2020), an online celebration of our university and why it was – and is – necessary.

AUB4BEIRUT DISASTER RESPONSE

AUB4BEIRUT RUN

AUB’s first “crowdfunding benefit run” was organized to support the AUB4Beirut Disaster Response, which was launched immediately after the August 4, 2020, explosion in the Beirut port for initiatives benefiting the people of Beirut; our medical center, including needy patients; student scholarships (particularly for students whose families were affected by the August 4 explosion through loss or damage to their homes, businesses, belongings, etc.); and repair of damage to buildings and facilities on the AUB campus – including the medical center.

The AUB4Beirut Run was an overwhelming success – at raising money, engaging alumni during a pandemic, and lifting everyone’s spirits. We raised \$106,738. We were especially pleased that this event attracted the support of so many first-time donors. The university president and his family, members of the WAAAUB Advisory Board, alumni-elected trustees, senior administrators, and many colleagues also took part.

Some participants joined events organized by 16 alumni chapters in 12 countries: Canada (Montreal and Ottawa), Cyprus, Germany, Kuwait, Lebanon, Singapore, the UK, and the US, (Atlanta, Houston, Indiana, Greater Los Angeles, Midwest, North Carolina, Orange County, and Philadelphia/Delaware Valley). Other alumni got together with family and friends. Everyone followed local social distancing guidelines.

AUB4BEIRUT DISASTER RESPONSE

#AUBNECESSARY

The shattering explosion in the Beirut port on August 4, 2020 caused the death of more than 200 people; injured 6,000; and made 300,000 people homeless. The explosion also caused enormous physical damage. In fall 2020, everyone in Lebanon and at AUB was exhausted – physically, emotionally, and spiritually. So too were many members of our worldwide community, almost all of whom have very strong connections to Lebanon.

We needed to mobilize our worldwide community not just to raise urgently needed funds for our university and the city of Beirut, devastated by the explosion, but also to lift everyone’s spirits and remind all of us about why AUB was – and is – necessary.

With the help of an extraordinary alumnus, Nembr (BBA ’05), we organized an entertainment/fundraising event dedicated to AUB. It was a chance to learn about initiatives that AUB had launched to care for the people of Beirut in the aftermath of the August 4 explosion, to hear older alumni reminisce about AUB, to meet some inspiring young graduates who are attracting a lot of attention these days, and to hear from “friends” of AUB who especially appreciate the role that our university plays in Lebanon and the Arab world.

#AUBNecessary was also a fundraiser, which was generously supported by matching donations from the Gangarosa family, Trustee Emeritus Riad Kamal, Trustee Philip Winder, and Fouad (BE ’83) and Rula Najjar (former student) Tamer. AUB received contributions from more than 180 donors totaling over \$262,759 for AUB4Beirut Disaster Response initiatives and \$150,000 for the Gangarosa Family Endowed Chair for Safe Water and Sanitation.

This event was selected for a Council for the Advancement and Support of Education (CASE) Circle of Excellence Gold Award in the Online Special Events (Fundraising) category.

THANKS-FOR-GIVING DAY 2020

As President Khuri explained in the message he sent to the AUB community on December 3, 2020, “Giving Days are – traditionally – the day when universities ask others to give. We are instead doing the giving this year – giving thanks to people like you for your support for our university and our enduring mission to serve the people of the Middle East and beyond.”

Thanks-for-Giving Day 2020 was a celebration of AUB’s extraordinary community of alumni and friends who responded again and again to what must have seemed like a never-ending series of fundraising appeals – for the Solidarity Appeal, in fall 2019, to provide scholarships for our students and to assist financially needy patients seeking care at our medical center; for the AUBMC Corona Response Fund, in spring 2020, which supported the operations of our Pandemic Evaluation Clinic and Center, including patient care; for the Emergency Appeal, in May 2020, to support the most vulnerable members of our AUB community and help assure the survival of the university and its medical center; and for the AUB4Beirut Disaster Response in August 2020, including the AUB4Beirut Run and #AUBNecessary, for outreach initiatives benefiting the people of Beirut and needs on campus in the aftermath of the August 4, 2020 explosion.

AUB4STUDENTS SCHOLARSHIP DRIVE

The economic and financial collapse of Lebanon has had a profound impact on everyone. Parents who have worked hard their whole lives to provide opportunities for their children can no longer access their bank accounts. When they are able to withdraw money, it is worth much less than it was. In some cases, parents and family members lost their jobs or had to pay to repair homes or businesses that were damaged during the still unimaginable explosion in the Beirut port on August 4, 2020. Prospective students, who have studied diligently to get to AUB, are now wondering if they will be able to enroll. Current students are uncertain if they will be able to afford to continue their studies until they graduate.

AUB launched the AUB4Students Scholarship Drive on Valentine's Day 2021 to assist those students. More than 340 alumni and friends responded, showing their love for AUB students by making a gift to support the AUB4Students Scholarship Drive.

AUB4WOMEN CAMPAIGN

“In 1921, AUB decided to admit women students to the Faculty of Arts and Sciences and to its graduate programs in medicine, dentistry, and pharmacy. This extraordinary and courageous step would provide tens of thousands of women in Lebanon and the region with a unique experience. It charted a courageous path, contributing to a shift in gender relations and providing young women of our region with the possibility to imagine a different future.”

On the occasion of this milestone event in AUB history, we launched the AUB4Women Campaign in early 2021. The goal of this campaign is to establish new, and encourage additional support for existing, scholarship funds (both endowed and current) that benefit women students at AUB.

One of the scholarship funds we have established is the AUB Women Centennial Fund, which was announced on March 6, 2021, during “AUB4Women – Celebrating 100 years of coeducation at AUB.” AUB Trustee Katherine Maher emceed the global online event that featured a wide-ranging and insightful presentation by keynote speaker Queen Noor, remarks by AUB President Fadlo R. Khuri, and interactive workshops with AUB alumnae Mira Kaddoura (BGD 2000), Nadine Mezher (BBA 2001), and Micheline Nader (BS 1976, MS 1978).

In honor of the March 6 event, the Jesra Foundation made a gift to match every dollar contributed to the AUB Women Centennial Fund on March 6-8 up to \$100,000.

CLOCK TOWER SOCIETY

One of the highlights of recent years – and there have been many – was the launch of the AUB Clock Tower Society to recognize individuals who have made planned gifts to AUB. The launch of this society is part of a new and sustained planned giving initiative that is securing important resources for AUB today and into the future.

The society is named for the clock tower on College Hall, the oldest building on the AUB campus, and a symbol of AUB resilience. This iconic building, which was built in 1871, was destroyed by an explosion in 1991, and rebuilt in 1999 with generous assistance from alumni and friends.

Although the Clock Tower Society is new, planned giving has provided important support to AUB from its very earliest days – and during critical periods, such as this past year. In fact, some of the earliest gifts to our university came in the form of bequests. AUB has continued to receive important funding in the form of bequests, annuities, trusts, and IRA contributions over the years both in the US and in the Arab world.

FINGERPRINTS

It was a challenging year for Lebanon – and for all the members of the AUB community. AUB students have been especially hard hit – and yet, they contributed more than \$6,750 to the Fingerprints Endowed Scholarship Fund. A remarkable 67 percent of Fingerprints donors this year contributed the full amount of their deposits, including Nader Zalaquett (BS '21) and Aya Kassem (BS '21). Nader, who majored in biology, explained, “My AUB experience was an unbelievable one, academically and socially. Seeing the opportunity Fingerprints gives to students, why wouldn’t I contribute to help students enjoy that same experience?” Aya, who majored in nutrition and, like Nader, was a member of the University Student Faculty Committee (USFC), commented, “Education is a right and not a privilege. Students deserve to be able to continue their studies without interruption.”

The students who contributed to Fingerprints in 2021 join the more than 16,049 graduating students who have made contributions to support this student-led endowed scholarship fund since it was established in 2002 by the Office of Development in coordination with the Office of the Dean of Student Affairs and the USFC. Because Fingerprints is an endowed fund, the money that is contributed each year by graduating students, the USFC, and AUB trustees is invested. Only a fraction of the income that the fund earns is distributed thereby ensuring that there will always be a Fingerprints Endowed Scholarship Fund at AUB – a permanent memorial to the generosity of AUB students.

The Fingerprints Fund, which is now valued at over \$2 million, has so far provided scholarships worth more than \$800,000 to 330 AUB students. Chemical engineering graduate, USFC member, scholarship recipient, and Fingerprints supporter Khaled El Hariri (BEN '21), knows firsthand the impact of scholarship giving. He says, “Donating to Fingerprints is essential to keeping this initiative going, as it helps alleviate the financial burden of students and their families in these difficult times.[...]On a personal level, I have received financial aid from my first day at AUB, which made it possible for me to continue my education at this institution and helped me reshape my dreams during these challenging times. This is the main reason I chose to donate to Fingerprints.”

Some of the students who have received Fingerprints scholarships were among those who urged their classmates to support this wonderful initiative, including nursing student Dayana Al Ghosson. “In the dark moments, people who give us a glimpse of hope are the ones who leave Fingerprints in our current life and future career. Receiving such support has motivated me to continue giving great care and love to my patients in need.” Another Fingerprints Scholarship recipient, economics major Rhea Haddad, says that the scholarship she received “allowed me to forge my academic and professional future.”

The Fingerprints campaign was once again supported by the USFC and AUB alumnus and trustee, Fouad Es-Said (BA '96). In previous years, the late Kamal Shair (former student), the late Ali Ghandour (former student), Farouk Jabre (BA '58), Omar Alfardan, and Randa El-Sayed Haffar (BA '90), all AUB trustees, have provided generous matching funds for Fingerprints.

PARENT PROGRAM

Parents have a special relationship to any university where their children are students. The fact that many AUB parents – and grandparents – are also AUB alumni is a great source of pride for our university. Parents support their children in many ways. Some parents are able, and also want, to do more to benefit their children's university and become generous donors. Their gifts provide essential funding for AUB's scholarship program, research laboratories, extracurricular activities on campus, and capital projects. Thank you!

1866 SOCIETY

The 1866 Society celebrates donors who have made a gift to the university of any amount in at least seven of the last ten years. This support is especially valuable during challenging times such as the ones that AUB has faced in recent years. We are deeply grateful to the new and returning members of the 1866 Society who made gifts to AUB in 2020-21.

The society, which was named for the year that the university was founded, now includes almost 760 alumni, parents, faculty, staff, and friends. 1866 Society members receive a recognition pin when they reach particular milestones: a bronze pin for 7 years of support; silver for 10 years; gold for 15 years; and platinum for members who have contributed for 21 or more years.

FINANCIAL ASSISTANCE AT AUB

AUB has been steadily increasing the amount it awards in financial support in recent years – from more than \$62 million in 2016-17 to almost \$89 million in 2020-21 as part of a long-term strategy to lower the barriers to quality education and to recruit the most qualified learners from Lebanon and internationally. The \$89 million that was awarded in 2020-21 includes more than \$13 million from donor-funded scholarships.

The need for financial assistance continues to grow due to the deteriorating economic circumstances in Lebanon, which were severely exacerbated by the impact of the August 4, 2020 explosion in the Beirut port. We launched several fundraising appeals during the 2020-21 fiscal year seeking support for our students. So many of you responded, contributing more than \$17 million in 2020-21 for current scholarships, which are urgently needed today, and for endowed scholarships, thereby ensuring that we will be able to continue to assist AUB students in the future. On behalf of our students, and of our university, thank you.

The AUB Scholarship Fundraising Committee was established as the College Hall Fundraising Committee to raise money to rebuild College Hall, which was bombed on November 8, 1991. That original campaign raised almost \$20 million. College Hall was rededicated in July 1999.

The current committee is chaired by Mohammad Shatila (BEN '95) and includes prominent alumni and friends of AUB who fundraise for AUB's financial aid program. The need for financial aid has never been greater than it is today when the families of so many students are facing unprecedented – and unexpected – financial losses due to the economic and financial collapse of Lebanon, the COVID-19 pandemic, and the devastating August 4, 2020 explosion in the Beirut port.

Despite these challenges, which are having a profound impact on AUB as well, our commitment to what President Khuri described recently as our “sacred mission to safeguard this essential institution and make it more sustainable, so it can teach generation after generation

The AUB Scholarship Fundraising Committee Endowed Scholarship, which was established in 2004, has a market value of \$570,973 (as of June 30, 2021). Proceeds from this fund have been used to award 100 scholarships worth around \$230,000 to 49 students since its inception.

Established in 2003 as a charitable fundraising initiative at the Children's Heart Center (CHC) at the American University of Beirut Medical Center (AUBMC), Brave Heart provides financial assistance for life-saving surgeries to underprivileged children diagnosed with Congenital Heart Disease (CHD). Brave Heart has funded treatments for 4,308 inpatients in the last 18 years, including 176 inpatients in fiscal year 2021. Brave Heart is a registered Lebanese NGO under notice 49/2020, Ministry of Finance #3682914.

Brave Heart organizes awareness and fundraising activities throughout the year to raise funds for children's heart procedures and surgeries. Despite the pandemic and Lebanon's economic crisis, Brave Heart continued its monthly digital and peer-to-peer fundraising model to raise funds for life-saving surgeries for eight children: Hussein, Shahd, Lucciana, Abbas, Mohammad, Aseel, Mustafa,

and Nour. After the August 4, 2020, explosion in the Beirut port, Brave Heart funded 62 emergency procedures and 22 urgent transfers from all over Lebanon.

Following the August 4 explosion, many supporters mobilized in support of Brave Heart. Jewelry designer Leïa K., for example, who is a longtime friend and supporter of Brave Heart, launched the "Leïa K. X Brave Heart raffle" to help fund life-saving heart surgeries. The funds generated from the event, which took place on August 30, covered the medical and surgical interventions of seven children!

In December 2020, Brave Heart partnered with Lebanese statement wear designers Ta Gueule and Sikasok to offer bespoke goods designed to save little hearts as part of a lineup of holiday gifts and the expansion of its merchandising collection. The new year saw the launch of a new collaboration with TOTERS for online donations to fund surgeries and interventions for babies and children in need using the TOTERS application. During the February 2021 lockdown, Brave Heart launched "Ma tetfarraj men b3id, tbarra3," an online and TV awareness campaign to address the urgent need for donations and to remind people that emergency heart surgeries do not stop during pandemics. The three-week long campaign was broadcast on local TV networks and widely shared on social media by influencers, media, the community, and Brave Heart goodwill ambassadors DJ Rodge and fashion entrepreneur Lana El Sahely.

In spring 2021, Brave Heart partnered with Nada Boulos Auction to auction art works donated to Brave Heart by renowned artists Raouf Rifai and Zena Assi. All of the proceeds generated from the sales of the online auction were donated for heart surgeries.

The Cancer Support Fund (CSF) is a charitable initiative at the Naef K. Basile Cancer Institute (NKBCI) at the American University of Beirut Medical Center (AUBMC). CSF was launched in March 2018 in response to a pressing need in the region where cancer rates are on the rise and patients lack a comprehensive support system that will assist them throughout their medical treatment journeys. CSF is dedicated to increasing public awareness of cancer while providing financial assistance, emotional support, and advice to patients who need help. Since it was established, it has helped 590 patients, including 218 patients in 2020-21.

CSF organizes activities throughout the year – and did so again in 2020-21, despite the very difficult circumstances.

Between July 16 and August 18, 2020, the fund participated in the Mzaar Summer Festival in Faqra. It displayed and sold branded materials that had been prepared especially for the event, which generated funds for the treatment of cancer patients at NKBCI.

On December 21, 2020, the fund distributed gifts to cancer patients, bringing smiles to their faces – something that was especially needed during the COVID-19 pandemic. These gifts were welcomed by patients.

Mother’s Day is always a very emotional day – especially for mothers who are also cancer patients. Because of COVID-19, it was celebrated a bit differently this year but all mothers (patients, doctors, and staff) were presented with special gifts.

The Focus Fund was established in 2016 to support child mental health at the AUB Medical Center (AUBMC). It supports activities and initiatives to promote child mental health including intellectual disability (ID), attention deficit hyperactivity disorder (ADHD), autism spectrum disorder (ASD), anxiety disorders, depression, eating disorders, and learning disorders (LD). The fund has assisted more than 100 patients receiving care at AUBMC’s Division of Child and Adolescent Psychiatry since it was established, including 15 patients during the last fiscal year.

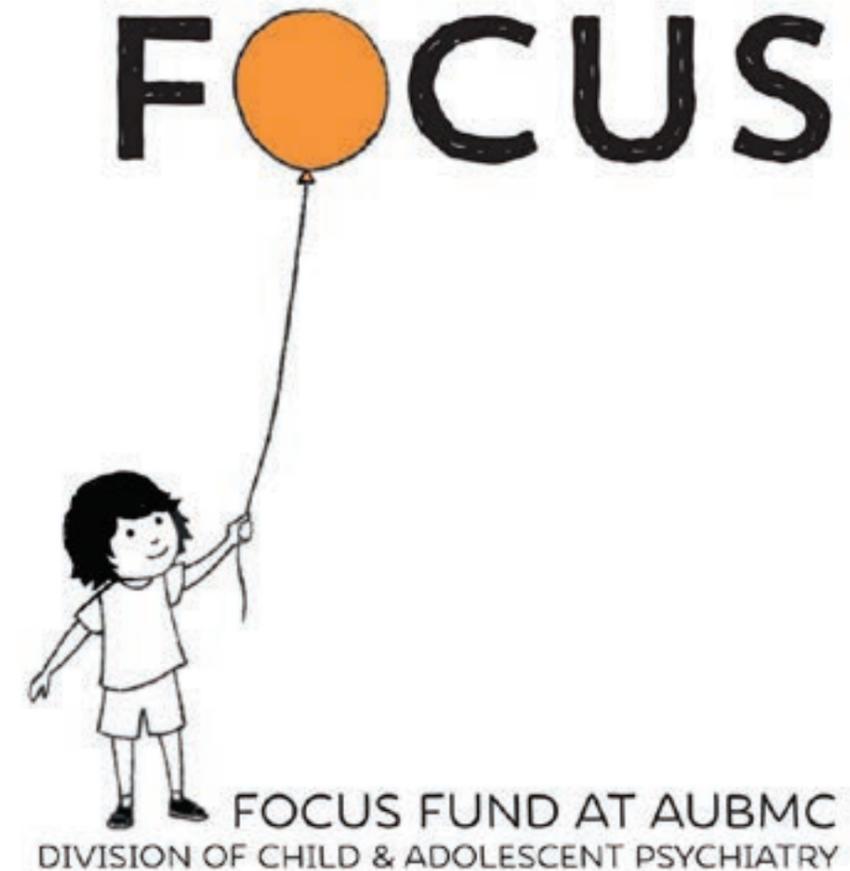

Because of the current challenges in Lebanon, fundraising and awareness activities were put on hold last year. The fund was able to raise about \$48,000, however, from donations. Looking ahead to 2021-22, the Focus Fund plans to continue to support the child psychiatry fellowship for the next two years and will also support a scholarship for a clinical psychology student. Both individuals will be assisting in the treatment of Focus Fund patients.

The Friends of MS at AUBMC is an established group of committed volunteers that was launched in February 2012. It is working to increase MS awareness and to raise funds to support needy MS patients and MS-related research at the Nehme and Therese Tohme Multiple Sclerosis Center.

Since 2012, more than 450 needy MS patients have received financial support at the center for a wide range of services including lumbar punctures, blood studies, and radiology testing (MRIs, etc.).

The Friends of MS, in collaboration with the Nehme and Therese Tohme Multiple Sclerosis Center at AUBMC, has traditionally planned and organized many activities throughout the year ranging from social to fundraising to community awareness events. Unfortunately, these activities have not been possible during the past two years due to the COVID-19 pandemic and the economic recession in Lebanon.

On the occasion of MS awareness month, however, the group organized a large MS awareness campaign on AUBMC's social media platforms featuring seven short interviews and two live streams tackling timely patient concerns. In addition, an awareness patient testimonial video was produced and broadcasted in collaboration with other parties and NGOs. This was in addition to TV and journal interviews that took place throughout the year.

Although we were able to assist children in 2020-21, we were unfortunately prevented from organizing any activities due to the global COVID-19 pandemic, the political and financial circumstances in the country, and the devastating impact of the August 4, 2020 explosion in the Beirut port that are affecting all Lebanese people.

Primary immunodeficiency diseases (PIDs) can be fatal – and require expensive treatments such as bone marrow transplants, routine laboratory tests, and monthly treatments. Even when they are not fatal, PIDs can lead to chronic illnesses due to recurrent infections, autoimmune diseases, and (sometimes) malignancies.

The iFight PID Fund was launched by the Department of Pediatrics and Adolescent Medicine at AUBMC in April 2017. This committed group of volunteers believes that “Every child with PID should have the chance to live.” The fund is raising money to provide financial support for underprivileged children; increasing awareness among medical institutions, physicians, and parents of PID; and supporting advanced research related to these diseases. The fund has helped 36 children traveling a difficult journey to overcome these diseases, including 10 children in 2020-21.

Breast cancer is the most common type of cancer in women in Lebanon at 35 percent. Twenty-two percent of all cancer cases are breast cancer cases. Studies prove that preventive screening and self-testing can help reduce this figure: 90 percent of cancer cases can be cured if detected early. Yet, traditions and cultural taboos prevent many of us from speaking about the topic.

The Lebanese Breast Cancer Foundation (LBCF) was established in January 2011 by Dr. Nagi El Saghir and a group of committed breast cancer survivors and volunteers to raise awareness about breast cancer, promote early detection, and to provide financial assistance to underprivileged breast cancer patients so they can receive the treatment they need. The foundation has supported more than 3,500 breast cancer patients since it was established, including 328 women in 2020-21.

LBCF organizes a number of events and sponsors initiatives throughout the year to raise awareness of the importance of screening for early detection of breast cancer. In 2020, LBCF and the American University of Beirut Medical Center (AUBMC) decided to use tradition to their advantage by asking women a very ordinary question: “Have you baked bread this month?” This question introduced a healthy recipe video that replicates the steps of a breast self-exam through a simple and similar gesture: the act of kneading and pressing dough. After receiving training from gynecologist and Professor Ghina Ghaziri, popular traditional baker Um Ali demonstrates how to perform a self-check on dough without ever mentioning or showing breasts or cancer, thereby respecting women’s privacy.

We launched this campaign in two phases to pique people’s interest and amplify the impact of our initiative, always with the hashtag #Khabazte. During the first phase, which was a “teaser,” doctors, survivors, and influencers shared the video at the beginning of Breast Cancer Awareness month in 2020 without mentioning who was behind the initiative. In the second phase, the “reveal,” media promoted the video, explaining the connection to breast cancer and encouraging women to follow this “healthy recipe” and self-check once a month.

During the entire month dedicated to Breast Cancer Awareness, the recipe was shared traditionally via in-person demonstrations and was spread digitally to other Middle Eastern countries via Instagram. It was also published in newspapers, printed on bread wrappers, and could be accessed via a QR code on packets of flour.

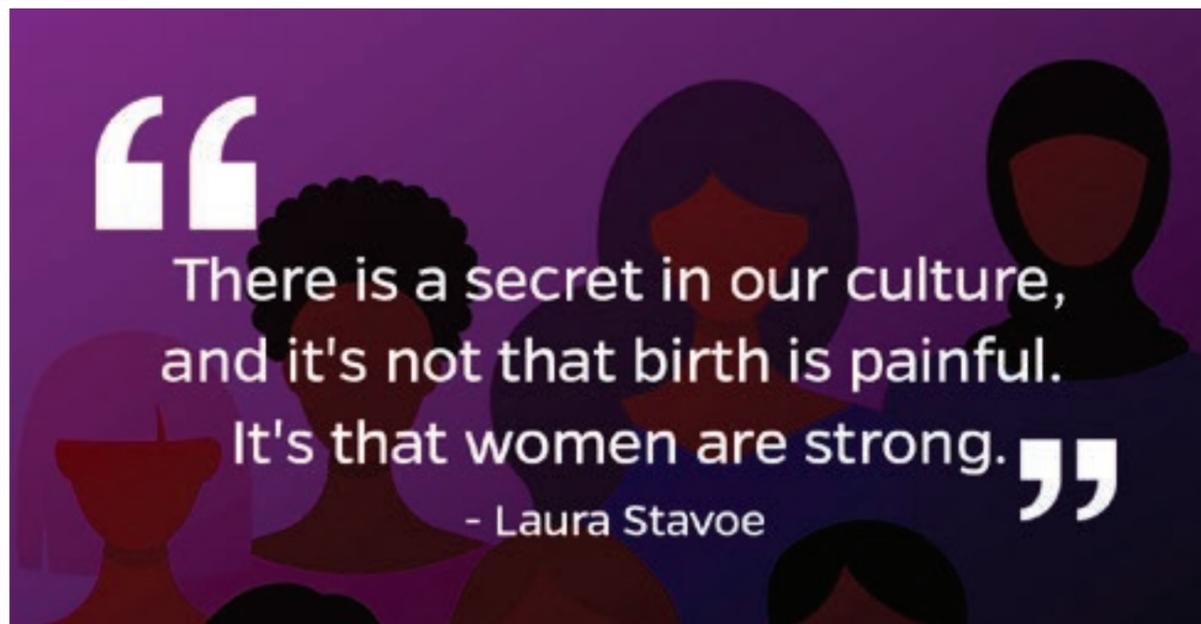

LBCF also organized its annual Patient Empowerment Workshop, which included a session focused especially on COVID-19. During the sessions, which were online this year because of the pandemic, there were presentations from an oncologist, nutritionist, psychiatrist, gynecologist, life coach, social media representative, and a moderator to overcome the difficulties that arise during treatment.

LBCF also participated in BBCC-9: the 9th Annual Beirut Breast Cancer Conference, by preparing a workshop for NGOs titled “Navigating uncertainty during COVID-19.” The goal was to present a positive message to participating NGOs and help them be creative in these unique times.

Another highlight of the past year was the announcement that LBCF had become an official member of the Union for International Cancer Control (UICC). By participating in UICC, LBCF will be able to do more to shape cancer control on a global scale by bringing together cancer leagues and societies; research institutes; treatment centers, hospitals, and scientific and professional societies; ministries of health and public health agencies; and patient support organizations. This opportunity will also allow LBCF to connect globally, forge international partnerships, to amplify its voice, and to have a bigger impact.

The Neonate Fund was established in 2011 by five mothers to financially assist families of premature and sick newborns in need of specialized medical care at the Neonatal Intensive Care Unit (NICU) at the AUB Medical Center (AUBMC). It has provided financial support to 537 patients to date, including 159 newborns who were transferred from other hospitals.

Following the August 4, 2020, explosion in the Beirut port, the Neonate Fund launched a fundraising campaign on social media under the slogan “Donate time and give them a chance of life.” The campaign highlighted how our whole world changed dramatically in just a fraction of a minute and asked people to imagine the impact that just one minute can have on the life of a sick or premature newborn. For them, every minute is a breath of life and every tick on the clock is a chance to live. This campaign helped to raise funds that supported newborns admitted to the NICU at AUBMC.

OPENMINDS FUND

On December 28, 2020, OpenMinds organized “We Shall Continue,” a stunning online auction with M Square Gallery, to raise funds to help special children live better lives with the same dignity that all children deserve. This event was made possible by the generous support of several art patrons, private collectors, foundations, and galleries.

The OpenMinds Fund was established in July 2013 by a group of concerned parents and friends to assist children with special needs. It supports the activities of the AUBMC Special Kids Clinic (ASKC). Since it was established, it has helped 511 families, including 65 families who received assistance in 2020-21.

Funds donated to the fund also support clinical and basic research projects at AUBMC. This research resulted in 14 major publications in 2020-21. OpenMinds also produced and launched an awareness and donation campaign across all TV and social media platforms during World Autism Month, including “Lebanon & Special Needs,” an individual donation campaign on all social media platforms. Another highlight last year was the continuation of the “I Can Work” program, in collaboration with the Step Together Association.

Over the years, the President's Club has supported countless projects and initiatives to improve student life at AUB including renovating classrooms, investing in athletic facilities, and supporting cultural events. The club's impact has been extraordinary. The pandemic and financial collapse of Lebanon made it impossible for the club to organize its annual fundraising gala. It also made it impossible for students to organize the events and initiatives that the club has traditionally supported.

Despite these formidable challenges, the President's Club provided financial support in 2020-21 for the refurbishing of Assembly Hall and for AUBMC and its response to the COVID-19 pandemic (AUBMC Corona Response Fund).

The Sickle Cell Needy Patients Fund was established in 2012 by a group of committed volunteers, donors, doctors, and healthcare providers to raise funds so that financially disadvantaged patients can benefit from the state-of-the-art care that the AUB Medical Center provides to all of its patients. The fund has helped the families of 380 patients since it was established in 2012, including 20 patient families in 2020-21.

Despite the COVID pandemic and the economic and financial situation in the country, the Sickle Cell Disease (SCD) program remained operational. The fund provided support for patients as needed (an average of more than 10 patients per week). Whenever possible, and to protect the patients, medical staff treated patients remotely.

Fund members celebrated World Sickle Cell Day on June 19 to shed light on the disease and help build a support network for SCD patients in the community. College Hall was lit up in red for the week

of June 19-25, 2021. On the night of June 25, a virtual community gathering took place in the presence and with the support of AUB President, Dr. Fadlo R. Khuri; Interim Dean of the Faculty of Medicine, Dr. Ghazi Zaatari; Medical Center Director Mr. Joseph Otayek; representative of the Lebanese Public Health Minister, Dr. Mohamad Haidar; Director of the Sickle Cell Disease Program, Dr. Miguel R. Abboud; president of the Sickle Cell Disease Fund, Mrs. Marwa Khouzami Awad; and members of the fund. The theme of the event was "Sickle Cell Disease Through the Lifespan." It highlighted the achievements of the medical field in treating patients with SCD throughout their lives enabling them to achieve their potential and enjoy a better quality of life. The event was livestreamed on the AUB and AUBMC social media platforms, enabling community members to take part in the event remotely. There were testimonials from patients and parents. In addition, red candles were lit in solidarity with people who live with SCD.

THE SICKLE CELL NEEDY PATIENTS FUND IS AFFILIATED WITH THE AUBMC DEPARTMENT OF PEDIATRICS AND ADOLESCENT MEDICINE; DR. MIGUEL ABBOD, DEPARTMENT CHAIRMAN. THE OFFICE OF DEVELOPMENT LIAISON IS WALID KATERGI, ASSOCIATE VICE PRESIDENT FOR DEVELOPMENT.

For the last 40 years, the Society of the Friends of the AUB Museum, which now counts 250 members, has been organizing and sponsoring various activities and events to spread knowledge of Lebanese and Near Eastern heritage.

Under the auspices of its new curator, Dr. Nadine Panayot, an associate professor of practice at AUB's Department of History and Archaeology, and in the midst of an ongoing multifaceted crisis starting with the 2019-20 civil manifestations, followed by the COVID-19 pandemic, the economic and financial collapse, and continuing with the August 4 Beirut port explosion, the AUB Museum has confronted the challenges of the new reality across a series of initiatives designed to engage and indeed augment the museum's dedicated constituency.

The Society of the Friends of the AUB Museum continued to hold its monthly meetings, albeit on Zoom, to explore a range of strategies

to promote the museum and showcase its priceless collection. It has collated a remarkable chapter in the museum's history against all the odds, including the tragic destruction of its priceless glass collection in the Beirut blast.

Since September 2020, with the support of the International Alliance for the Protection of Heritage in Conflict Areas (ALIPH) and the Institut National du Patrimoine (INP), the AUB Museum launched the glass collection recovery and conservation missions with the arrival on September 4, 2020, of Claire Cuyaubère, a glass expert from INP and with the help of AUB museum staff and students.

It was the end of an era, and the beginning of a new one, when, during a small, informal gathering on September 24, the keys of the museum were handed over to Dr. Nadine Panayot, who replaced Dr. Leila Badre whose legendary dedication to the museum spanned four decades. <https://aub.edu.lb/articles/Pages/handover-museum-leadership-Badr-Panayot.aspx>

The society launched the "AUB Archaeological Museum Conversations" (a virtual lecture series) in late 2020. The webinar has been a game changer, transforming the way we debate and conduct our seminars, opening up the discussion across continents and sectors. On November 26, 2020, the first webinar took place with Professor Joseph Greene, curator and deputy director at the Museum of the Ancient Near East (Harvard University), and Professor Nadine Panayot who discussed "19th c. Museums Taking the Leap into the 21st c. The Harvard Museum of the Ancient Near East and the AUB Archaeological Museum in Conversation." That first webinar was followed by others that you can read about in the museum's first online newsletter.

"Exploring the Hidden Stories of the AUB Archaeological Museum" is a dynamic new virtual series that goes some way towards compensating for the loss of the popular, expert-led, Museum Collection Talks, which could not be organized because of COVID-19 restrictions. Meticulously researched by museum assistants, and visually compelling, the series

brings into sharp focus the little known, fascinating history, provenance, or meaning behind an object or collection in the museum. Four stories were published during the 2020-21 academic year.

The “**Curator’s Picks**” and the “**Curator’s Invitation to Travel**” are new virtual initiatives. Each month Museum Curator Dr. Panayot scrutinizes the media for interesting or provocative articles that stimulate ideas and initiate discussion on the controversial metamorphosis of the museum in the twenty-first century. For a limited period of time, she has assumed the role of an archaeological “travel agent” sourcing exciting excursions for the armchair traveler.

As part of its mission of education, culture, and awareness, the AUB Museum had the pleasure of hosting a training session by Matthieu Tétaud, regional manager of Air France KLM, on a climate change awareness game, on May 27, 2021. Tétaud highlighted how the AUB Museum can contribute to fighting climate change. This “Climate-Fresco” game will be accessible for all visitors to the AUB Museum.

On May 28, 2021, on the occasion of International Museum Day, a live concert took place at the museum with Ghada Ghanem (soprano) accompanied by Olga Bolun (on the piano). This was accompanied by readings from selected works. <https://www.facebook.com/AUBArchaeologicalMuseum/videos/178272187546175>

In June and July 2021, ALIPH and INP again partnered with the AUB Archaeological Museum

to set up a two-month conservation project with conservator Claire Cuyaubère and INP student in conservation Cécile Rodier. The conservation project consisted of fragment sorting, puzzle work, examination of the fragments, and conservation treatment. Twelve glass objects have been restored and re-installed in the showcase at the AUB Archaeological Museum for the first commemoration of the August 4 blast: “Restoring our heritage, one broken piece at a time.” <https://youtu.be/PmSLJ0qez5Q>

Connecting Collections, an initiative founded by leading US university museums, highlights and promotes relationships between museum collections across the globe through the production of shared social media content. On June 10, 2021, the AUB Museum received a message of appreciation about its Instagram posts from Yale Babylonian Collection (aubarchaeologicalmuseum/), along with an invitation to join the #connectingcollections. The AUB Museum joined the initiative, quickly becoming a valued partner.

Noting that the AUB Museum was not on the Google Art Map, which highlights cultural sites all over the world, steps were taken to include the museum and showcase its contents.

The original 360 virtual tour was graciously offered to the AUB Museum by Abdallah Darwiche on the occasion of its 150th anniversary. It proved to be invaluable during COVID-19 as the only available option to visit the museum for school students and international visitors. Various amendments

including updating the now shattered glass showcase, adding some of the 3D reconstructions of the broken glass vessels, highlighting the various “Hidden Stories” artifacts and other useful additions have been graciously expedited by Darwiche, thus enabling us to update the 360 tour. The work is still in progress: https://www.aub.edu.lb/museum_archeo/Tour/index.html

Membership and several of the above activities help to support and enhance the museum. You can read more about the museum and its activities in the very attractive online newsletter, available for the first time this year, on the museum’s website, and on social media: www.aub.edu.lb/museum_archeo, Facebook: <https://www.facebook.com/AUB-Archaeological-Museum-> Instagram: <https://www.instagram.com/p/CQOfA70Mk9V/>

WOMEN'S AUXILIARY VOLUNTEERS

Women's Auxiliary volunteers organize many activities throughout the year and volunteer their time and expertise to support the coffee shop, hospital, and Bargain Box at the AUB Medical Center (AUBMC). Their goal is to raise money for patients in need and to promote the nursing profession.

Due to the COVID-19 pandemic, Women's Auxiliary Volunteers could not pursue their normal activities in 2020-21. The coffee shop was closed in February 2020 because of the lockdown. It is expected to reopen in September 2021. The good news is that the Bargain Box opened its doors after the end of the lockdown, raising needed funds.

Remarkably, volunteers were able to continue to support needy patients and emergency room patients at the AUB Medical Center and scholarships for nursing students out of funds they had saved from previous years.

Despite the challenges, the commitment of Women's Auxiliary volunteers to serve needy patients and support the nursing profession is undiminished.

Since its founding in December 2004, the Zaki Nassif Program for Music (ZNPM) has steadily grown, taking on additional tasks to preserve and promote the musical heritage of Zaki Nassif and his contemporaries. Through regularly organized concerts, conferences, and competitions, the program has introduced younger generations to Lebanese and Oriental music particularly that of the golden era (1950-75). As a result, the promotion of music from national iconic figures has had a considerable impact on the collective conscience of our young generation.

ZNPM concerts have always attracted large and enthusiastic audiences. Unfortunately, because of political disruptions and COVID-19, most of the monthly in-person events that had been planned as part of the program's yearly festival, "Remembering and Discovering," were cancelled beginning in March 2020. However, thanks to the sustained efforts of the members of the core committee

of the Zaki Nassif Friends Club, it was possible to keep the program alive through a selected number of activities.

On December 22, 2020, the Arabic Ensemble of the AUB Zaki Nassif Program, under the baton of Maestro Fadi Yacoub, presented "Whispering Hopes:" a bouquet of tales from the repertoire of Zaki Nassif, Walid Gholmieh, and Ziad Rahbani. Due to COVID-related public health restrictions, the concert was live streamed from Assembly Hall in coordination with Tele Liban. Also, to help celebrate the end of year 2020, the ensemble performed Christmas Carols, sending a message of hope and revival to the AUB community in Lebanon and abroad.

The program is actively preparing for the post-COVID era securing renewed agreements with the Lebanese Conservatoire for Music to promote certificates and diplomas in music studies at AUB.

Tragically, in August 2020, we lost Ali Ghandour, prominent AUBite, trustee emeritus, and founding president of the Zaki Nassif Program's Friends Club. After extensive exchanges with his heirs, we finalized details for the establishment of the "Ali Ghandour Endowed Fund" to:

- Provide partial scholarships to attract and support talented students in Oriental and Arabic Music Practice.
- Contribute to the performance of a yearly concert in memory of Ali Ghandour by the AUB Zaki Nassif Ensemble for Arabic Music.
- Organize a yearly high-quality seminar/webinar series by local and international experts on topics related to traditional Levantine and Arabic music.
- Promote quality research in "Oriental music" by awarding research grants to scholars working on a master's or PhD thesis under full or partial supervision of an AUB faculty member.

WAAAUB CHAPTERS, BRANCHES, AND ALUMNI GROUPS

One of AUB’s great strengths is its worldwide alumni. They embody the values that define our university: personal integrity, civic responsibility, and leadership. They are also AUB’s greatest and most generous supporters. Time and time again, they have stepped up to support their alma mater during challenging times. Never has this been truer than in recent years. Alumni chapters raised urgently needed funds for student scholarships and needy patients seeking care at our medical center, volunteered for the AUB Alumni Mentoring Platform as mentors for students and other alumni, helped current students secure internships, and guided graduating students starting out on their careers.

The Worldwide Alumni Association of AUB (WAAAUB) is the university’s global alumni organization. Its 64 chapters in 24 countries around the world work closely with AUB’s Office of Alumni Relations (ARO) in Beirut and North America to support the university – and its alumni – helping to nurture a relationship that the university treasures. Alumni and alumni chapters supported and helped to promote several high-profile global initiatives that AUB’s Office of Alumni Relations organized last year to support the AUB4Beirut Disaster Response, which was launched immediately after the August 4, 2020, explosion in the Beirut port: the AUB4Beirut Run on September 18-20, 2020 and #AUB Necessary on October 11, 2020, which was led by AUB alumnus (BBA ’05) and Lebanese-American comedian Nemr.

AUB alumni also participated and supported AUB4Women on March 6, 2021, a celebration of 100 years of coeducation at AUB. The March 6 event was also a fundraiser for the AUB Women Centennial Fund,

an endowed scholarship fund providing scholarships to women students at AUB. AUB Trustee Katherine Maher emceed the 90-minute “celebration and recognition of the power and importance of women in education and the public sphere” that featured a wide-ranging and insightful presentation by keynote speaker Queen Noor, remarks by AUB President Fadlo R. Khuri, and interactive workshops with AUB alumnae Mira Kaddoura (BGD ’00), Nadine Mezher (BBA ’01), and Micheline Nader (BS ’76, MS ’78).

Alumni teams from 12 WAAAUB chapters in North America took part in the Battle of the Chapters on May 25-June 2, a trivia tournament that also raised funds for the WAAAUB Southern California Chapter Endowed Scholarship, which is the initiative selected by the winning Greater Los Angeles Chapter.

ARO organized and participated in several events targeting especially recent graduates including the Ring Ceremony for the members of the Class of 2021 and the Career Fair event in April 2021. The office also continued to promote and strengthen ongoing initiatives such as the Mentoring Platform and the Alumni Mobile App.

The members of the WAAAUB Advisory Board, which provides counsel and support to the university and the president in efforts to lead and promote positive alumni relations and nurture an alumni community that is active, engaged, and inspired to maintain lifelong relationships with AUB, met on two occasions (August 19, 2020 and January 29, 2021) during the 2020-21 academic year with AUB President Fadlo Khuri and senior ARO leadership.

The WAAAUB Convention took place on March 5, 2021. Among the attendees were 56 participants from the Chapters Council and Advisory Board, representing 41 alumni chapters in 18 countries. It was a wonderful, useful, and informative gathering featuring an update from campus by President Khuri, a report on ARO activities and priorities, and brief presentations by the presidents of the Abu Dhabi, Houston, Jordan, Los Angeles, Midwest and New England Chapters.

BATTLE OF THE CHAPTERS – WAAAUB NORTH AMERICAN TRIVIA TOURNAMENT

Teams from 12 WAAAUB chapters in North America competed in late May/early June 2021 in the Battle of the Chapters – WAAAUB North American Trivia Tournament.

The tournament began on Tuesday, May 25 when teams from the Atlanta, Greater Washington, DC, Indiana, and Central and North Florida Chapters battled against each other for a seat in the June 2 finals. The Central and North Florida Chapter team came out on top that evening.

The final on June 2 pitted teams from the Central and North Florida, Greater Los Angeles, and Upstate New York Chapters. They fielded questions about AUB, sports, and entertainment. It was a closely fought competition, but in the end, the Greater Los Angeles Chapter prevailed with 25 points.

Almost \$9,000 was raised from 71 donors who contributed to the Chapters Prize Fund, which benefited the WAAAUB Southern California Chapter Endowed Scholarship, the initiative selected by the winning Greater Los Angeles Chapter.
