Dear AUB Students and Professors,

Please note that the final examination schedule for fall 2020-2021 is now posted at the following links:

The final examination schedule must optimize the schedules of all students, ensuring that no student has a scheduled final examination in one class at the same time she or he has one in another. We also work to ensure that no student has examinations in too close proximity to one another. As you can imagine, with nearly 9,000 students attending courses at AUB, this presents an optimization challenge.

When we receive preferences from professors, we try to accommodate them, but it is not always possible to do so and maintain the optimization. Respecting your scheduled examination time will ensure that the final examination period runs smoothly.

Kind regards,

Office of the Registrar
