

YES User Guide: Degree Audit – School of Medicine, Curriculum 2.0

The degree audit is an online tool that allows students, advisers, and administrators to track students’ academic progress toward completion of degree requirements. The audit is available through the YES suite of applications.

--	---	--	---	---

3. The Medical Doctor Degree Audit will appear. Carefully read the Degree Audit Disclaimer.
 - Disclaimer: “Degree audits are for advisory purposes only and do not certify progress in the degree. Please refer to the appropriate school catalog as the authoritative document governing degree requirements. The student, in consultation with the adviser, should carefully review both sources.”
 - Message about in progress courses: “NOTE: The audit assumes the successful completion of enrolled classes; classes in progress display as ‘satisfied’ in the audit. Students and their advisers should check the audit carefully before concluding that a distributional or major requirement has been completed.”
4. In the top, right-hand corner of the audit, you can see the date that the current report was generated. [Audits are automatically refreshed on a weekly basis. When registration changes are made, audits are refreshed overnight. In addition, audits can be refreshed on-demand by students, advisers, and administrators (see below).]

Date generated: September 21, 2015 04:39 PM

5. The degree audit view defaults to a top-level summary of the degree requirements. Requirements appear as  **Satisfied**,  **Waived**, or  **Not Satisfied**. Default view:

Effective Fall 2015, Vanderbilt University has introduced a new course catalog numbering scheme. For assistance with the translation between old and new numbers, please consult the [Course Renumbering Lookup Tool](#).

Doctor of Medicine Degree Audit	✓ Satisfied
Foundations of Medical Knowledge (FMK)	✓ Satisfied
Foundations of Clinical Care Phase (FCC)	✓ Satisfied
Immersion Phase	✗ Not Satisfied

- **Doctor of Medicine Degree Audit:** A description of the audit.

Doctor of Medicine Degree Audit	✗ Not Satisfied
Description: Degree Requirements for the Entering Class of 2013 and beyond (Curriculum 2.0) Please see https://medschool.vanderbilt.edu/student-affairs/student-handbook for more information.	

- **Foundations of Medical Knowledge:** A list of all requirements of the FMK phase and the courses satisfying each. Includes year of completion and grade earned.

Foundations of Medical Knowledge (FMK)
✓ Satisfied

Description: This phase of the curriculum (18 months) provides students a strong foundation in the basic sciences, humanities, and behavioral and social sciences which will support ongoing developmental learning over ensuing years. All students participate in meaningful clinical work during this phase to initiate their development as professionals, to provide clinical relevance for the foundational coursework, and to provide an early understanding of healthcare systems.

Prescribed Courses in the Foundations of Medical Knowledge Phase
✓ Satisfied

Description: *Select all the courses below.*

Satisfying Courses

Courses used to satisfy this requirement:

Course	Title	Units Earned	Term	Grade	Notes
IDIS 5028	Human Blueprint/Architecture	0	2013 Year	P	
IDIS 5032	Microbes and Immunity	0	2013 Year	P	
IDIS 5033	Learning Communities FMK	0	2013 Year	P	
IDIS 5038	Homeostasis	0	2013 Year	P	

- **Foundations of Clinical Care:** A list of all requirements of the FCC phase and the courses satisfying each. Includes year of completion and grade earned.

Foundations of Clinical Care Phase (FCC)		✓ Satisfied			
Description: Required clinical clerkships include Surgery (8 weeks), Medicine (8 weeks), Pediatrics (6 weeks), Obstetrics-Gynecology (6 weeks), Neurology (4 weeks), and Psychiatry (4 weeks). Ordinarily students will complete all clerkships before proceeding to the Immersion phase, but under special circumstances, students may defer one or more clerkships to pursue specific research or clinical interests. Such plans must be approved by the associate dean for medical student affairs. MSTP students who enter the FCC phase after the first clerkship block may defer one block to the Immersion phase, with the permission of the MSTP program director and the associate dean for medical student affairs. These students remain accountable for the longitudinal elements of the FCC phase. Diagnosis and Therapeutics - This required course runs longitudinally throughout the phase, employing both asynchronous online learning and intermittent face-to-face small group sessions to train students to analyze clinical problems. The course begins with a one week intensive boot camp and continues throughout the FCC phase with a series of online modules and small group meetings. This course aligns with the VC3 framework and is designed to help students assimilate lessons and experiences from across disciplines. The longitudinal elements (Continuity Clinical Experience, College Colloquium/Learning Community, Research and VC3) continue during the FCC Phase.

IDIS 5220	Research II	0	2014 Year		Substitute IDIS 5220 for IDIS 6001

Refreshing the Degree Audit

Audits are automatically refreshed on a weekly basis. When registration changes or changes to major/minor declarations are made, audits are refreshed overnight. Students, advisers, and administrators also have the ability to refresh audits on-demand. Please Note: Unless changes have been made to your academic record (registration, major/minor declaration, etc.), you will not see any changes to the degree audit.

Click on **Refresh My Audits** at the top of the page.

1. It may take some time for the audit to refresh. The refresh will still continue if you navigate to a different application or even if you log out of YES.

What-If Audits

What-If audits allow students, advisers, and administrators to create potential scenarios to see how students could meet degree requirements based on successful completion of courses in the student's [planner](#) (Course Options).

NOTE: Courses must be tagged with a term in your planner in order to utilize them in the What-If audit. For help with the Academic Planner, please see the user guide: <http://registrar.vanderbilt.edu/cms/wp-content/files/YES-User-Guide-Catalog-and-Planner.pdf>.

Disclaimer: "The What-If audit is for hypothetical planning purposes only. Courses, classes, majors, minors, and concentrations may or may not be offered and may have additional stipulations for entry. Please refer to the appropriate school catalog as the authoritative document governing degree requirements."

Course Options

1. From the degree audit, select the **What-If** tab.

2. Click on What-If Options.

NOTE: The Academic Options section allows students to choose different majors or minors to test potential completion of degree requirements. It does not apply to students in the School of Medicine.

3. Ensure that the courses in the student's [Academic Planner](#) are tagged with term information. (The term is necessary in order for the audit to reflect the correct course information.) For help with the Academic Planner, please see the user guide: <http://registrar.vanderbilt.edu/cms/wp-content/files/YES-User-Guide-Catalog-and-Planner.pdf>.
4. From the Course Options section, select the courses to be considered in the What-If audit.
