4 Due Date and Method of Application

Submit the application documents with enrollment documents at the admission procedure.

Note: Certificates of (temporary) income must reach the Division of Student Welfare (Financial Support), Department of Student Affairs by 17:00, Friday, March 27, 2026 (strictly enforced). Write the name of the School and College enrolled in and the applicant's name at the right top corner of the documents to be sent.

5 Exempt Amount

All or part of regular admission fees

6 Deferment of Payment

If the deferment is permitted, payment of admission fees is postponed until Friday, February 26, 2027.

7 Result Announcement (scheduled)

After July 2026

8 Persons living independently

Persons who are recognized as living independently fall under (1) and (2) specified below.

(1) Those who fall under specified below as of October 2025.

The applicant or spouse who has regular income (including scholarship (including lending) and part-time job income and those who have a life by their personal savings); who does not live with parents or other family members under the Income Tax Law; and who are covered by National Health Insurance or Social Insurance.

(2) The applicant or spouse is Special researcher of the Japan Society for the Promotion of Science or NIMS Junior Researcher who enrolled in Doctoral Programs.

9 Other

For all applicants who apply the exemption and deferment of the admission fees, their payment of the fees will be postponed until the decision of approval/disapproval is made.

The applicants who receive the disapproval decisions **shall be expelled from the university registry unless the person pays admission fees within Thirty days** from the date of the decision informed. Please keep in mind on checking the academic Web Bulletin Board System. (If you'd like to apply for both exemption and the deferment of Admission Fee, please choose the category of "Exemption and Deferment" in the application forms.) [Refer to p.3]

* Attention for Application for Admission Fees Exemption etc.

1. If the admission fees are paid before the decision of approval/disapproval is made, the application will be reckoned as to be declined. In the case, the admission fees already paid shall not be returned.

2. Lack of necessary information and incomplete attached documents will lead to "disapproval due to incomplete documents." **In the case of this disapproval, please pay the admission fees as soon as possible.**

Not a few applicants are disapproved every year because they do not read the application guideline and submit imperfect documents etc. When the application documents are unsure, confirm required documents before submitting them.

3. If there is any other question, inquire at the contact below.

- Please check the academic Web Bulletin Board System after enrollment because all notices about exemption etc. will be posted on it.
- Personal information obtained from the submitted application form and various certificates etc. is not shared other than selection of exemption and deferment of admission fees.

- (5) For the person who is enrolled in preparatory school, miscellaneous school, vocational school (general course) etc., and who is studying at home for an entrance examination, enter his/her name and the school name etc. in the “⑩ Family members except school students” and submit the certificate about his/her income when the person is included in the members of family.

⑫ Scholarship Section

An applicant who receives a scholarship grant (no obligation to repay) from the Japan Student Services Organization (International students) or any other scholarship organizations in AY2025 is required to enter. A person who receives scholarship loans (obligation to repay) is not required to enter.

In “Scholarship Grant,” enter the amount of one year.

⑭ Special Deductions Section

To deduct from the amount of income, enter required information in an applicable column according to P8.

The information for special deductions shall be based on the condition as of the application date referring to the following criteria.

For international students who live alone in Japan, only their own disabilities or diseases can be applied for the special deductions.

- (1) Criteria for the deduction for “Person with disability” are as follows:

- (a) Person who is described as having a physical disability in the identification booklet of the physical disability issued under Article 15, paragraph 4 of Law for the Welfare of People with Physical Disabilities, or a person in the similar situation.
- (b) Person who lacks the ability to understand logic due to a psychical disability, or person who is certificated as a mentally impaired person.
- (c) Bedridden person who need complicated nursing care.

In this regard, the expenses for rehabilitation and medical treatment for the person with disability falling under (2) a. ~ g. below may be deducted from the income in “Household with Person Needing Long-term Treatment.”

(Note) The criteria of accreditation for people with disabilities who relate to special deduction are following.

- a. Persons in the similar situation in (a) above
 - I. Person who has applied for issue of Identification Booklet for Person with Physical Disability.
 - II. Person who has a physical disability described in “Law for the Welfare of People with Physical disabilities” but does not have the Identification Booklet for Person with Disability.
- b. Person who is mentally impaired

In the case of the person with a psychical disability, certification by a doctor etc. is required. For a person who has intellectual disability, the person should have the diagnosis of the difficulty by a child consultation center, a rehabilitation center for the intellectually challenged, a mental health welfare center or a designated psychiatrist.
- c. Bedridden person
 - I. Person who is not able to excrete without nursing assistances or who has more severe conditions with certificates that the conditions have continued over six months.
 - II. Person who is identified to require a long-term care above care level 3

- (2) Deduction for “Person Needing Long-term Treatment” is for a person who has been under treatment in Japan for over six months at the time of application or a person who is determined in Japan to require the treatment. If the medical treatment has lasted less than six months at the application dates but is required over six months determined by a doctor, the medical certificate (copy available) that informs the start date and the required period for the treatment shall be submitted. The regular expenses for treatment within one year (from November 2024 to October 2025(receipt day)) will be deducted. Please pay attention that the expenditure period is different from that of income. Following expenses are able to be deducted.
 - a. Medical expenses of diagnosis or treatment for doctors.
 - b. Expenses paid for hospitalization in the hospital or clinic (excluding meal expenses of the hospitalized patient).
 - c. Expenses paid for treatment by masseur, acupuncturist, moxa cauterizer, Judo physiotherapist etc.

- d. Expenses paid to caregivers (including food cost for them)
- e. Medicine costs for medical treatment or recuperation
- f. Costs of commuting to hospitals and/or clinics (only costs that is recognized to be absolutely necessary.)
- g. Out-of-pocket expenses for services paid by persons who is “certified as those in need long-term care/support” pursuant to the Long-Term Care Insurance Act.

⑰ Reasons for Application and Family Situations Section

- (1) Applicants themselves should enter the detailed reason why the applicant needs the exemption or the deferment of admission fees. International students are also requested to enter in Japanese.
- (2) If the reason is unemployment of a main financial supporter of the applicant’s family, also write the period of the unemployment and the source of daily living expenses.
- (3) If there is no or a small income, enter how to live in detail.
