

Selection Methods

For credited auditors (graduate program), acceptance will be decided for each applied course. The selection method varies depending on the educational organization where the course is offered, so please check the interview method, etc. listed on the next pages. Furthermore, the interview process is as follows.

【Interview and Application Process】

Select the course you want to take from the “Course List (for graduate programs)” and check the educational organization that offers the course.

Check the [selection method](#) of each educational organization listed on the next pages.

【If an interview is required】

[Contact](#) to check the date, time, and location of the interview.
* When contacting, inform them that you are planning to apply to become a credited auditor (graduate program), the course you are applying for, the name of the course instructor, and that you want to take an interview. Then determine and check the date, time, and location of the interview.

【If an interview is not required】

Apply within the application period.

«I. Interview date is after the application period»

Apply within the application period after checking the Application Guidelines.

[Take the interview at the specified date, time, and location.](#)

«II. Interview date is before the application period»

[Prepare the Course Registration Interview Form.](#) On the day of the interview, be sure to bring the interview form and take the interview at the specified date, time, and location.
[Please submit the interview form to the interviewer](#)

Apply within the application period after checking the Application Guidelines.

● For international applicants, a separate interview is required for all applicants. Please refer to “Interview for International Applicants” and follow the instructions of each educational organization to take the interview.
