MASTER OF LEADERSHIP IN HIGHER EDUCATION

Program Overview

This unique program is designed to strengthen students' professional knowledge and skills in areas such as higher education management, program design, strategic planning, organizational improvement, and change management.

Program Outcomes

- Examine institutional issues to make informed and ethical decisions in diverse higher education contexts.
- Communicate and engage with diverse audiences about theories and best practices in higher education leadership.
- Apply professional knowledge, aptitudes, and technology options for leading and improving higher education workplace contexts.
- Conduct quality research-oriented projects to improve services, work conditions, and learning in higher education.
- Promote equity and respect for diversity as leaders in higher education.

Potential Employers

An excellent program to prepare multidimensional leaders through experiences integrating theory and practice and for those seeking leadership and administrative positions such as:

- **University/College:** Department Chairs, Directors, Deans, Faculty, and Administrative and Technical Staff.
- **K-12 Schools:** Head Teacher/Principal, Deputy Head Teacher, School Administrators.
- **Nonprofit Organizations:** Leaders, Administrators.
- **Government Agencies:** Ministry of Education, School Boards, Ministry of Community Development, Military and Paramilitary Organizations.
- **Private Sector:** CEOs, Directors, Manager, Entrepreneurs.
