## **CALL FOR APPLICATION FOR ITALIAN ERASMUS PROGRAMME**

**A.Y. 2025/26**

### **ARTICLE 1 ITALIAN ERASMUS: NATIONAL MOBILITY PROGRAMME**

Italian Erasmus is a national mobility programme set up by Ministerial Decree 548 of 28/03/2024 and is based on conventions established between the various Italian universities.

The University of Padua has signed agreements with the following universities: University of Cassino and Lazio Meridionale, University of Catanzaro, University of Florence, University of Insubria, University of Naples Federico II, University of Palermo, University of Pavia, University of Pisa, University of Turin and University of Udine.

The conventions are aimed at supporting the construction of innovative study paths that promote interdisciplinarity and flexibility in the educational offer, strengthening the integration and complementarity between universities part of the pact.

Like for the Erasmus+ Programme, also for the Italian Erasmus Programme, a learning agreement containing the set of training activities that one intends to carry out at the host university and their recognition, shall be made before departure.

The mobility period must be between a minimum of three months (equal to 90 days) and a maximum of six months.

There will be a grant, paid in accordance with the ministerial funding received, for students with an ISEE 2025 up to 50.000€ for the right to university study, as stated in Ministerial Decree 397/2025.

More information is available at <https://www.unipd.it/carriere-studenti>

### **ARTICLE 2 ADMISSION REQUIREMENTS**

Applicants must be currently enrolled for the academic year 2024/25:

- in a Master's degree course and have to obtain at least 18 CFUs;
- in a Bachelor's degree course and have to obtain at least 40 CFUs.

The study courses participating in the programme are listed in Appendix 1.

### **ARTICLE 3 SUBMISSION OF APPLICATIONS AND RANKINGS**

The application to participate in the Italian Erasmus programme must be submitted on Uniweb in the Initiatives section **from 1 to 22 of July 2025** for departures in both the first and second semester.

A second call for applications is planned in October for departures in the second semester only.

It is possible to express a maximum of three preferences according to the agreements defined by the course of study with one or more universities. If you wish to indicate more than one preference, you must express the order of preference (1 for the first preference, 2 for the second preference and 3 for the third preference).

Those who are enrolled simultaneously in two study courses can apply only for the main course in order to access the benefits provided for by current legislation on the right to education.

For the application procedure on Uniweb, please refer to the Student Services Office.

The ranking is drawn up on the basis of the *merit coefficient*<sup>1</sup> and the destination for each study course. In the event of a tie, the candidate with the youngest age has priority.

Students who are successful for one destination are automatically excluded from the ranking of the other preferences expressed.

The rankings are published on the dedicated page of the University website <https://www.unipd.it/carriere-studenti> on **THURSDAY 24 JULY 2025**.

Students wishing to renounce their allocated place must open a ticket in the dedicated [platform](#) by 04/08/2025.

Should vacancies arise due to the renunciation of the successful candidate, the re-assignment list will be published on the dedicated page of the University website on **Tuesday 5 August 2025**.

The rankings remain valid until **30/01/2026**, if there are scrollings, they will be communicated only through the institutional mailing address (nome.cognome@studenti.unipd.it).

#### **ARTICLE 4 MOBILITY PERIOD**

The mobility period must be carried out in presence and must be continuous; it must be of a minimum of three months (equal to 90 days) up to a maximum of six months.

The stipulated duration for the different destinations is indicated in Annex 1, it has to be used in the academic year 2025/26 and must be completed by 30/09/2026.

During the mobility period, students are exempt from paying tuition fees at the host university, while they must continue to pay contributions to the University of Padua<sup>2</sup>. Students can make use of the didactic services provided by the host university but have to search accommodation arrangements on their own.

The period of mobility must be certified by the host university both at the beginning and at the end of the mobility and must correspond to the teaching activity offered including the exams session or to the activity of the actual placement or thesis preparation. Any exam in the August/September 2026 period do not count towards the mobility period.

---

<sup>1</sup> The merit coefficient is calculated by summing the percentage variation of the credits accrued by the student by 31<sup>st</sup> May 2025 with respect to the average defined for his or her course/organisation (V%Exams) and the percentage variation of the student's weighted grade point average with respect to the average defined for his or her course/organisation (V%Votes), all divided by 2, i.e.:  $(V\%Votes)/2 + (V\%Exams)/2$

<sup>2</sup> Accident and liability insurance cover is included.

The insurances only cover accidents occurring during training and/or traineeship activities.

During the mobility period it is possible to follow courses, take exams, do internships or prepare the thesis at the host university according to the agreements made by the course of study; for some courses the activities that can be followed have already been defined (proposed learning agreement).

## **ARTICLE 5 SCHOLARSHIPS AND DISTRIBUTION MODALITIES**

The scholarship is provided for students with an ISEE 2025 for the right to university study of up to €50,000 and amounts to €600 per month for all destinations except the University of Udine, whose scholarship amounts to €500.

To apply for the scholarship you must, **by the deadline of the call for applications (22 July 2025)**:

- complete and confirm the Application for benefits in Uniweb
- request ISEE 2025 for the right to university study

For students benefiting from the grant, an advance payment of €1.800, equal to three monthly payments, will be made within the month following the presentation of the certificate of the beginning of the mobility period. The full grant will be paid the month following the delivery of the documentation certifying the activities done during the mobility period.

In any case, to receive the grant it is necessary to have acquired **at least 6 cfu** at the host university, otherwise the grant will be revoked.

**PLEASE NOTE:** failure to repay amounts already paid to which the participant is no longer entitled due to lack of credits or reduction of the mobility period will result in the suspension of the participant's career and the consequent impossibility of obtaining the title.

The payment of the months not used in full is calculated in days at an amount of 20 euros per day (example: 3 months October-November-December and 10 days the total amount is 100 days x 20 euros= 2.000 euros).

The Italian Erasmus scholarship can be combined with other types of scholarship and is exempt from taxation. It is not possible to use at the same time other grants financed by the European Union for the academic year 2025/2026 for the same period of study and is incompatible with any other grants concerning mobility between universities for the same academic year.

Erasmus Italian scholarships are paid by the Student Services Office only after verification of financial coverage until the available funds are exhausted.
