Both versions of the test "CEnT@CASA" (online) and "CEnT@UNI" (in a physical university classroom) are considered valid for admission. It is possible to take the test **only once per macro-period** at any affiliated university listed among the CISIA participating institutions. Further information is available at: <https://www.unipd.it/en/tolc>.

Selection criteria and procedure:

To be valid for participation in the selection process, the **CEnT-S** test must be taken in one of the following dates:

- **First macro-period:** November 27, 2025; December 16, 2025; January 15, 2026 (resit session: January 20, 2026)
- **Second macro-period:** February 19, 2026; February 26, 2026; March 12, 2026 (resit session: March 19, 2026);

The CEnT-S sections taken into consideration for the purposes of the ranking are: **Mathematics, Reasoning on texts and data, Physics, Chemistry, Biology.**

The **score²** achieved in the test is **weighted for each section** as follows:

- Mathematics: weight 0,7
- Reasoning on texts and data: weight 1
- Physics: weight 0,7
- Chemistry: weight 0,7
- Biology: weight 2

To access the second stage of selection, which consists of an **online interview** with the teaching committee, candidates must have achieved a **normalised weighted score higher than or equal to 20**.

The timing and procedures for the online interview will be communicated by email by the teaching committee to eligible candidates.

The interview consists of 4 questions focusing on knowledge of **animal biology**. Each question will be scored **from -2 to 30 points**, for a maximum total of **120 points**.

Each correct answer is worth 30 points; an unanswered question is worth 0 points; an incorrect answer is worth -2 points; a partially correct answer ranges from 1 to 29 points.

To pass the interview, you must achieve a **score higher than or equal to 30/120**.

The ranking is based on the sum of the score obtained in the CEnT-S test and the score obtained in the online interview. To be included in the ranking, candidates must **obtain at least the minimum required score in both the CEnT-S test (20) and the online interview (30/120)**.

The CEnT-S sections taken into consideration in case of a **tie in the ranking** are: (1) Biology, (2) Chemistry, (3) Mathematics, (4) Physics, (5) Reasoning on texts and data. In the case of a further tie, precedence is given to (6) the youngest candidate.

In case of more than one valid CEnT-S test taken before the deadline, the best score will be considered, which must be uploaded to the apply.unipd.it platform by the end of the second macro-period.

² The score is calculated to two decimal places.
