

Biology

Master of Science (MSc)

As one of the largest Biology departments in Canada, we produce cutting-edge, hands-on research and advance the current frontiers of knowledge guided by award-winning and internationally recognized faculty and researchers (e.g. Steacie Fellows, Young Investigator Award, York Research Chairs, Canada Research Chairs). Both the MSc and PhD are designed to give students in-depth knowledge of a specific area of current biology. This is accomplished primarily by hands-on research on an important problem or question that advances the current frontiers of knowledge.

Details of Degree

- Thesis, (6 terms)

Areas of Specialization

- Cell and Molecular Biology
- Ecology and Evolution
- Physiology and Neuroscience

Deadlines

Domestic	International
May 15	May 15

Admission Requirements

- › Graduates with a four-year Bachelor's degree in biological science or its equivalent, with at least a B+ average in the last two years of study, may be admitted as candidates for the Master of Science degree.

Documents to Submit

- › Transcripts (all university studies)
- › References (3)
- › Statement of Interest
- › Resume/CV
- › Supplementary Information Form
- › ELP Test Score, if applicable
- › IELTS: 7 Academic
- › TOEFL: 90-91
- › Duolingo: 130
