

SPANISH, BACHELOR OF ARTS

Spanish Major Requirements

(Also see Requirements for a Bachelor's Degree. (<https://e-catalogue.jhu.edu/ksas-wse/undergraduate-policies/academic-policies/requirements-bachelors-degree/>))

All students must take the Spanish language placement exam before registering for a Spanish course. Speakers with prior language proficiency should consult with the Spanish Language Program Director about the waiver of language courses. Courses below Advanced Spanish I can be waived by the placement exam; however, if students place above the level of Advanced Spanish I, they will need to take an additional course to replace Advanced Spanish I.

All major requirements must be completed with a grade of C or better and may not be taken satisfactory/unsatisfactory. At least 15 credits must be completed at the 300 level or higher. Courses taken at another institution that are not directly equivalent to a JHU course may not apply towards the major without permission of the Director of Undergraduate Studies. One course taught in English may be counted towards the major requirements with the authorization of the Director of Undergraduate Studies. Courses taught in English can be identified by the MLL-ENGL POS-Tag.

The program strongly recommends that Spanish majors study abroad, either for a semester in the Hopkins in Madrid program or for a summer or winter intercession term in our programs in Salamanca (Spain) and Coronado (Costa Rica). The Hopkins in Madrid Program, which is for advanced language students, allows students to complete a significant number of major requirements (up to 4 courses) while abroad. Hopkins is also affiliated with a number of other study abroad programs. Students wishing to understand how transfer courses taken elsewhere apply towards the major should contact Loreto Sánchez- Serrano.

Students may include a focus on Spanish for the professions in their Spanish major - see footnotes below.

Native speakers should consult with the major advisor for the Spanish and Portuguese Section.

Writing and Communication in the Major

Students must complete at least 6 credits of Writing and Communication Foundational Ability coursework in one major. For this major, students would be able to fulfill this requirement by selecting 6 credits of elective courses in the major that are designated as Writing and Communication courses.
