Jeremy most recently worked as a summer associate in Lazard's New York-based financial advisory team, focusing on biopharma and healthcare services.

**Zaidan Husain**

Indonesia

Management Consultant

IQVIA, Singapore

Sector: Consulting

Zaidan is a Consultant, Philanthropist, and Investor. Having worked at BCG and IQVIA, he has served public and private sector clients in the tech and healthcare industries across Asia, Europe, and South America. Driven by a passion for social equity, he founded SatuEdu Foundation that has democratised inclusive education for tens of thousands of students in Indonesia's underdeveloped regions. He also manages a multi million dollar private asset portfolio in public equities and cryptocurrency.

**Arman Husein**

Malaysia

Consultant

Oliver Wyman, Malaysia

Sector: Consulting

Arman is a Strategy Consultant with Oliver Wyman in Kuala Lumpur, advising leading banks, fintech's and asset managers across Southeast Asia. He previously worked at Mastercard Advisors, Bain and BCG. A Project Director of Wardatul Jannah Foundation, he also founded a youth performing arts programme empowering underserved Malaysian communities. Arman aspires to build a career in asset management, combining finance with social impact.

**Mirgani Huseynli**

Azerbaijan

Lead Satellite Services Engineer

Space Agency of the Republic of Azerbaijan, Azerbaijan

Sector: Consulting

Mirgani is an engineer with experience in both the Oil and Gas and Satellite Communications industries. In his recent role he led several technical projects involving multi-satellite solutions. After several years in technical roles, he sought broader impact beyond engineering and decided to pursue an MBA. He is passionate about problem solving and strategic thinking, and plans to transition into consulting post-MBA to work on complex challenges across industries.

I**Manae Inatomi**

Japan

Business Development Rep

Salesforce Japan Co. Ltd., Japan

Sector: Consulting

Manae is a business development professional with four years at Salesforce Japan, specialising in enterprise solutions for finance, public sector, and multinational corporations. She served on the company's Employee Impact Council, where she promoted fair trade initiatives, and holds a strong interest in supporting sustainable growth and opportunities in developing countries. She is passionate about driving economic empowerment and fostering inclusive business in emerging markets.

**Mai Ichikawa (Yagasaki)**

Japan

Senior Associate of Consulting Team

GLIN Impact Capital, Japan

Sector: Consulting

Mai, born in Nagano, Japan, is dedicated to sustainability and impact investing. After earning a master's degree in public policy from the University of Tokyo, she worked at Japan's Ministry of Foreign Affairs on climate change, including COP26 negotiations. She later became a consultant in ESG and sustainability, and since 2023 has been with GLIN Impact Capital, supporting impact investment and ESG advisory. She also serves as a Carbon Neutral Promotion Advisor for Fukui Prefecture.

J**Harshit Jain**

India

Decision Analytics Associate Consultant

ZS, India

Sector: Consulting

Harshit is a strategically inclined, analytically astute professional with a robust foundation in technology and consulting. Renowned for his nuanced problem-solving, eloquent communication, and collaborative leadership, he seamlessly integrates technical prowess with visionary thinking. An incoming Oxford MBA and ardent champion of equity and education, he brings a principled, purpose-led ethos and a globally attuned perspective to every endeavour he undertakes.

**Harshita Jain**

India

Director

MASH, India

Sector: Non-Profit/charity/social enterprise

Harshita is the Director of MASH, a social impact enterprise in India advancing the UN Sustainable Development Goals (SDGs). She leads initiatives that drive impact in areas of gender equality, climate action, and sustainable livelihoods. Harshita has built MASH into a recognised leader in the social sector, delivering impactful campaigns and fostering partnerships that create lasting societal change. With a passion for volunteering, she is also an active member of the Global Shapers Community.

**Shreya Jain**

India

Consultant

Deloitte, India

Sector: Financial and insurance services/banking

Shreya is a strategy and management consultant with eight years of experience across Deloitte, ISB, and as founder of a consulting firm. A National Award winner from India, she has impacted 600,000 underserved women through financial and digital inclusion. At Oxford, she is a Saïd Business School Foundation Award scholar, ROMBA fellow and Forté Fellow. She is a black belt in karate, an avid swimmer, and a passionate traveller. Shreya now aims to progress her career in investment services.

**Grace Jalleh-Sharples**

United Kingdom

Consultant I

AtkinsRéalis, United Kingdom

Sector: Consulting

Grace has degrees in law, international business, and management. As a management consultant, she led multi-million-pound defence projects and managed cross-functional teams, tripling contract value through strategic, data-driven improvements. Experienced in problem-solving, client engagement, stakeholder management, and mentoring, she drives measurable impact through innovative solutions. A former Great Britain Universities athlete, she combines discipline and leadership in delivering results.

**GaYeon Ji**

South Korea

Director of Student Life

Student Diplomacy Corps Experimental College, United States of America

Sector: Education

GaYeon is a cultural strategist, creative director, learning designer, and entrepreneur with international experience across Korea, the US, the UK, and China. She has led cross-cultural teams and projects, designed and delivered programs for international organisations, and launched community art initiatives that drive collaboration and innovation. At Oxford Saïd, she is sharpening her business acumen to transform her global, creative background into strategic solutions for complex challenges.

**Maria Paula Jimenez-Alba**

United States of America and Dominican Republic

Supply Chain Consulting Manager

EY, United States of America

Sector: Retail e-commerce

Maria is a supply chain consultant with over six years of experience driving efficiency and cost savings for global brands including Colgate, Mondelez, Pfizer, and Carnival. She holds a BSc in Industrial Engineering from Penn State. Outside of work, Maria runs a food blog highlighting her favourite restaurants and keeps up with the latest trends in the food industry. She is now looking to pivot into consumer products, retail, or e-commerce, where she can make a direct impact on consumers.

**Hyungmin Jin**

South Korea

Engagement Manager

McKinsey & Company, South Korea/Japan

Sector: Consulting

Hyungmin was an Engagement Manager at McKinsey & Company before joining Saïd, leading teams to deliver transformative strategies for global clients. With expertise in life sciences, he worked with leading pharmaceutical and biotech firms to drive innovation, operational excellence, and growth. Outside of work, he is an avid Bayern Munich supporter and enjoys listening to classical music.

**Sara Jitkresom**

Thailand

Senior Analyst, Corporate Development

Rabbit Care, Thailand

Sector: Fintech

As a corporate development professional, Sara focused on Mergers and Acquisitions, and fundraising, contributing to strategic growth and enhancing financial product accessibility for consumers in the Thai and Southeast Asian FinTech space. Notably, Sara leveraged his finance and business acumen to support Series C startup fundraising and two successful acquisitions of digital insurance brokers in Thailand. His passion lies in advancing his finance and deal-making career to support innovative, high-growth businesses.

K

**Joey Kaiser**

United States of America

Director of Marketing

Siro AI, United States of America

Sector: Energy/utilities

Before starting an MBA at Oxford, Joey worked in New York City leading marketing for high-growth startups in AI, SaaS, and climate tech. A climate optimist, he aims to apply his go-to-market expertise towards accelerating the clean energy transition.

On weekends, he enjoys reading, playing basketball, and watching Arsenal finish 2nd in the Premier League.

**Alberto Pocholo Kalagayan**

Philippines

Head of Operations and Strategy

Giftaway, Philippines

Sector: Tech/telecoms/IT

Pocholo has been building technology companies in the Philippines. Most of his career has been with Giftaway, a leading digital incentives company partnered with over 400 brands and 200 corporations. As Head of Operations and Strategy, he was second in command, working with the CEO to lead process improvements, explore new opportunities, and shape business direction, culminating in an 18-million USD investment round. He is passionate about problem solving and driving growth for scalable impact.

**Shradha Kapoor**

India

LP Reporting Analyst

Apollo Global Management, India

Sector: Financial and insurance services/banking

Shradha is a dynamic professional with diverse experience in finance, business development, and energy management. Having pursued her undergraduate studies in Singapore, she gained a global perspective and cross-cultural insight. She worked at Apollo Global Management, strengthening her expertise in financial management and operations, and further applied her skills in her family business through strategic growth and market research initiatives.

**Ishan Kar**

India

Founder & Principal Consultant

TheStrategyCell, India

Sector: Tech/telecoms/IT

A results-driven management consultant with over eight years of experience diagnosing a range of problems across various functions of an organisation and a demonstrated ability to deliver impact via success-fee arrangements.

**Karya Karayalcin**

Turkey

Footwear Designer

Coach, New York, United States of America

Sector: Retail eCommerce

Karya is coming from a unique background of fashion design, with four years at Coach, where she gained expertise in design, consumer engagement, and brand innovation. Now pursuing an MBA, she aims to transition into leadership at the intersection of luxury retail, technology, and entrepreneurship. Additionally, she is in the early stages of developing an application using large language models to enhance retail experiences and drive digital transformation.

**Erina Kato**

Japan

Manager

SBI Shinsei Bank, Limited, Japan

Sector: Financial and insurance services/banking

Erina has professional work experience in a financial institution, ranging from a sales representative and retail banking professional to a project manager and IR officer, in charge of communication with external stakeholders and coordination of CSR activities. Passionate about sharing values and building trust, she aims to deepen her understanding in business and corporate strategy, as well as acquiring the skills to propel initiatives to create long-term value and a positive impact on society.

**Akriti Kerawala**

India

Assistant Manager

BDO, India

Sector: Consulting

Akriti is a Chartered Accountant with expertise in audit, financial due diligence and global transaction advisory. Passionate about problem-solving and client engagement, she has worked with corporates, startups and NGOs during her career at EY and BDO. She aims to blend analytical thinking from her Mergers and Acquisitions experience with empathy, to transition into management consulting. Outside work, she is a trained Bharatnatyam dancer, mentor to under resourced communities and avid reader.

**Omar Z. Khan**

Canada and Pakistan

Associate – Global Credit

Royal Bank of Canada, Canada

Sector: Financial and insurance services/banking

Omar is a senior credit professional with over ten years of experience across capital markets and corporate banking, spanning local corporates, public enterprises, and international subsidiaries. He has a strong background in complex deal structuring, greenfield project financing, debt restructuring, and cross-border transactions, with expertise across several industries in North American, European, and Asian markets.

**Priyanka Khemani**

India

Investment Banking Associate

PwC, India

Sector: Financial and insurance services/banking

Priyanka is a CFA charter holder and investment banker with a strong passion for deal-making and finance. Over the past four years, she has focused on the Indian healthcare sector, driving strategic transactions and capital solutions in a rapidly evolving industry. With expertise in distressed assets, PE fundraises, and Mergers and Acquisitions, Priyanka brings sharp analytical skills and deep market insight, building impactful partnerships and creating value across dynamic financial landscapes.

India

Business Development Head

A S Bearing Company, India

Sector: Manufacturing/industrial

Sumer Singh is the Business Development Manager and an intrapreneur at A S Bearing Company, a leading industrial distributor with 3000+ clients across India. He oversees strategic growth, strengthens key client relationships, and leads initiatives that enhance sales performance. Alongside industrial operations, he manages retail ventures in opticals and electric vehicles, delivering sustained business expansion and operational excellence.

**Floris Kibedi Varga**

Hungary

Strategy Consultant

Accenture Growth Futures, United Kingdom

Sector: Consulting

Floris is a Strategy Consultant at Accenture Growth Futures and an investor focused on delivering growth and innovation strategy for the C-Suites of the world's largest organisations. Floris advises companies like Google, Diageo and leading sovereign wealth funds on net new revenue growth and strategic acquisitions. Previously, Floris was an early-stage VC investor in The Netherlands. Floris is also active in Hungarian politics, leading the UK division of Hungary's largest opposition party.

**Ginny King**

United States of America

Sales and Marketing Manager

IGY Marinas, United States of America

Sector: Consulting

Based in New York City, Ginny began her career in media at NBCUniversal working as a Creative Project Manager during the launch of their streaming service Peacock, focusing on Sports and Unscripted programming. She then worked as a Sales and Marketing Manager at IGY Marinas, a luxury marina group known for its global portfolio of premium yachting destinations. Alongside her corporate career, Ginny has built her own personal training business and is a top group fitness instructor at Equinox.

**Jonas Felix Koch**

Germany

Corporate Development and Strategy Manager
Serafin Asset Management, Switzerland**Sector:** Consulting

Jonas has a broad and international background across finance, strategy, fintech and consulting. He spent nearly three years at an asset management firm in Zurich, working on Mergers and Acquisitions, strategy and restructuring projects. Just before the MBA, he joined AlixPartners in Zurich as a pre-MBA intern, advising on infrastructure Mergers and Acquisitions projects across Europe and the Middle East. He thrives in complex, fast-moving environments and enjoys solving problems with a long-term, strategic lens.

**Ludwig Koellen**

Germany

Consultant
McKinsey & Company, Germany**Sector:** Consulting

Ludwig is a consultant at McKinsey & Company, where he primarily focuses on strategy and Mergers and Acquisitions projects. Prior to joining McKinsey, he spent two years at an early stage fintech startup as Chief of Staff, overseeing a broad range of business functions, including product monetisation, HR, legal, and finance. In his free time, Ludwig enjoys staying active through sports, playing the piano, and exploring unique culinary experiences, despite being a terrible cook himself.

**Srushti Kothari**

India

Business Specialist
Boston Consulting Group, Dubai**Sector:** Consulting

Indian by nationality but born and raised in Dubai, Srushti Kothari thrives in multicultural spaces and brings a deep curiosity for people and ideas. Formerly a Business Specialist at BCG, she's passionate about exploration of places, stories, and one day, ventures of her own. Outside work, you'll likely find her choreographing dance routines, swapping film recommendations, debating stock picks, or deep in conversation uncovering what makes people tick.

**Arisara (June) Kraikittiwut**

Thailand

Assistant Manager

KPMG Deal Advisory Thailand

Sector: Consulting

June has developed her career in financial due diligence, working with private equity firms and corporate clients in sectors like retail, healthcare and hospitality. After starting in Big Four audit, she moved to KPMG's FDD team, where she helps assess companies' financial performance and identify potential risks for clients to support their decision making. She continues to build her analytical skills while contributing to healthcare foundation through charitable donations.

**Bhavik Kukdeja**

India

Senior Analyst

McKinsey & Co, India

Sector: Consulting

Bhavik is a strategy and corporate finance professional with six years of experience across McKinsey, La Caisse (\$500B institutional investor), BNP Paribas and S&P Global. He has advised global financial institutions on valuations, capital markets, and strategy at McKinsey, and later contributed to the Indian strategy and investment pipeline development at La Caisse. He enjoys running, is passionate about the societal and professional implications of AI and actively invests in public markets.

**Kelefilwe Galaletsang Kungwane**

South Africa

Head: Insurance Risk Insights

Standard Bank Group, South Africa

Sector: Financial and insurance services/banking

Kelefilwe is a qualified actuary with nearly ten years' experience in financial services across data analytics, risk management and strategy. She has led high-impact analytics initiatives and served on retirement fund boards overseeing £5B+ in assets. Committed to inclusive growth, she empowers early-career talent and leads a women's coaching circle focused on access and leadership development. Post-MBA, she envisions to shape financial innovation and drive sustainable economic growth in Africa.

**Charles Kwenin**

Ghana

General Manager

Coastal Groves Limited, Ghana

Sector: Manufacturing/industrial

Charles is a proud Ghanaian who swapped Geneva's Alps for Ghana's orange groves, running a citrus factory and building manufacturing businesses. Before that, he was at Dalberg in Switzerland, fresh from Yale and full of ideas (and coffee). A football obsessive and Arsenal fan, he can talk strategy, on the pitch, or in business, for hours.

L**Neville Lai**

Hong Kong and China

Senior Associate

PwC Consulting, Hong Kong SAR

Sector: Consulting

Neville served as a Senior Associate at PwC Public Sector Consulting in Hong Kong to help public organisations build future-proof capabilities and resilience. He aspires to accelerate his role in strategy consulting and deepen his expertise as a geopolitical analyst, with a focus on East Asia and global maritime and logistics supply chains. He also contributed his insights across various media platforms and has been a frequent public speaker. He is also passionate about youth empowerment.

**Daren Lau**

Singapore

Manager

Singtel, Singapore

Sector: Tech/telecoms/IT

Daren is a Cybersecurity professional from Singapore. Daren has a background in engineering and telecommunications. He has also recently transitioned to cybersecurity in the military reserves.

**Yonatan Lebovich**

Israel

Senior Business Consultant

EY, Israel

Sector: Consulting

Yonatan led strategic projects for multiple governmental bodies across diverse sectors, including welfare, health, agriculture and employment, shaping policy and designing reforms in national programmes with billion-dollar budgets. Leveraging research and data analysis, he developed policy recommendations that enhanced resource allocation and regulatory frameworks, generating substantial public savings.

**Henrik Lehnert**

Germany

Senior Associate

McKinsey & Company, Germany

Sector: Consulting

Henrik is a Consultant at McKinsey. He has worked there for over three years, mainly focusing on Strategy and Corporate Finance in the Automotive Industry. In his free-time, Henrik is a big sports enthusiast, enjoying all kinds of different outdoor activities such as running, cycling, skiing and different team sports. Henrik is very much looking forward to a great year at Oxford University and to making many connections with a diverse group of people and find new friends for life!

**Chengyin (Chloe) Li**

China

Marketing and Product Department Manager

InvesTAO, China

Sector: Financial and insurance services/banking

Chloe is a cross-border marketing and investor relations specialist with over four years of experience in global finance. At InvesTAO, a fund advisory start-up, she led ESG-focused Mergers and Acquisitions initiatives, fund strategies, and international roadshows. From launching investor events in Zurich to repositioning a Japanese firm for European fundraising, she crafts narratives that align capital with purpose. Post-MBA, she aims to drive sustainable investment and ethical growth through global partnerships.

**Tina Leqi Li**

China

Head of Marketing - Pan India

Country Garden Group, India

Sector: Financial and insurance services/banking

Tina has been working with Country Garden Group, the Chinese real estate developer, to drive its global expansion initiative embarked in 2017. As a core member of the CEO's office, she has handled operations in various verticals for the company's residential projects in India. Her experience in strategic growth and market penetration also empowered her to co-found Wu Gou Football, a private match organising platform in China, which has further grown to become the largest of its kind since 2024.

**Ziyi Li**

China

Associate

ewpartners, Saudi Arabia

Sector: Financial and insurance services/banking

Ziyi is a strategic professional experienced in helping international firms enter Middle Eastern markets. She specialises in cross-border partnerships through regulatory navigation, trust-building, and sustainable growth. Previously in Beijing, she led brand strategy at Best Food Holding and managed fund operations at Hony Capital. Passionate about cultural bridges, she aims to leverage her MBA to scale global businesses effectively.

**Chooi Yen Lim**

Malaysia

Manager, Innovation and Research and Development

Sime Darby Property, Malaysia

Sector: Real Estate Development

Chooi Yen began her career advancing social entrepreneurship in Malaysia before moving into corporate innovation at one of Southeast Asia's largest real estate developers. There, she shaped innovation strategy and led projects that merged impact with business value – from an award-winning sustainability hub to pilots setting national benchmarks for sustainable, people-centred homes. A co-founder of Southeast Asia Women, she champions gender equity and visibility for women leaders.

**Churan (Ryan) Liu**

China

Chairman of the Board, Minsheng Holdings (400212),
Board Chairman, Minsheng Holdings, Beijing, China

Sector: Investment

Ryan has built a career in investments and management across sectors and continents for a leading Chinese conglomerate, rising from analyst to board chairman of a listed company worth hundreds of millions. He has led deals in real estate, equities, and distressed assets, and guided the firm through strategy, hostile takeover defence, and transformation. He also co-founded a venture and scaled it successfully. His passion lies in distressed investing, entrepreneurship, and venture building.

**Daniel Liu**

Canada

Portfolio Manager

V&D Investments LTD, Canada

Sector: Financial and insurance services/banking

Daniel is a results-driven professional who brings a unique combination of strong financial acumen and proven technical expertise. He worked as a software enabling and optimisation engineer at Intel Technology Canada ULC, where he earned divisional recognition through achieving significant speed optimisations. Building on this robust technical foundation, he is now a portfolio manager at V&D Investments LTD, focusing on technology sector investments.

**Piotr Luczynski**

Poland

Junior Engagement Manager

McKinsey and Company, Poland

Sector: Consulting

Piotr is a Junior Engagement Manager at McKinsey & Company with expertise in energy, strategy, and sustainability. He holds a PhD in Power Engineering from RWTH Aachen University, where he led research with major industrial players and received multiple academic honours. At McKinsey, he has advised European leaders on renewables, hydrogen, and green steel. He now pursues his MBA at Oxford Saïd to expand his leadership in shaping the global energy transition.

**Vivian Luo**

United States of America

Brand Manager

Gap Inc. International and B2B, United States of America

Sector: Retail e-commerce

A Los Angeles native and Duke University graduate, Vivian is a marketing professional with a background in apparel retail, specifically in international business. As a former professional dancer, she brings creativity and an interdisciplinary approach to her work connecting with consumers across global markets. At Oxford Saïd, she hopes to further explore the intersection of fashion, culture, commerce, and social impact.

M

**Yunfei Ma**

China

Innovation Strategy Consultant

Asia Growth Partners, China

Sector: Tech/telecoms/IT

Yunfei is an innovation strategist with experience advising Fortune 500 clients on digital transformation, market entry, and organisational design across Asia. As a Startup Grind chapter lead, she built a 3,000+ member community and hosted over 30 founder events. She is driven by a passion for advancing bold ideas, building ecosystems, and driving impact across industries through innovation and collaboration.

**Debbie Madueke**

Nigeria

Finance Analyst

Google, United States of America

Sector: Tech/telecoms/IT

Debbie is a finance professional, working in machine strategy at Google, where she manages infrastructure and leads cost-efficiency initiatives across teams. She is also a co-founder of Replast Nigeria, a plastic recycling company focused on building sustainable systems in underserved communities. In this role, he was able to develop strong relationship building and risk assessment capabilities.

T

**Aston Tan**

Singapore

Senior Analyst (Analytics and Information Group)

Xelay Acumen, United States of America

Sector: Healthcare

Aston is a data-driven healthcare strategist committed to leveraging analytics and AI to improve care equity. After serving in the Singapore Police Force, he earned a BSBA from Boston University (Info Systems/Strategy). He started his career as a healthcare consultant, working in the San Francisco Bay Area, evaluating clinical therapies for biotech/pharma clients. Now building AI triage tools for community care, he joins Oxford to scale healthcare impact through entrepreneurial leadership.

**Varanon Tanwattanaseree**

Thailand

Consultant

Deloitte Consulting, Thailand

Sector: Consulting

Plub, also known as Varanon, has over seven years of experience in consulting and financial services. His recent consulting work primarily focuses on finance transformation and project management services for conglomerate companies across various industries. He is interested in transitioning to strategy practice. Outside of his professional life, he actively led and joined volunteer programmes as a fundraiser and teacher. Additionally, he has a strong passion for running, nature travel, and music.

**Mariana Taramona Trigoso**

Peru

Senior Strategy and Product Manager

Kurios Technologies, Latin America

Sector: Tech/telecoms/IT

Mariana, originally from Peru, has a background in business administration. She began her career in startups through her 2017 internship at Endeavor and has since worked at the intersection of education and technology. Her experience includes Senior Product Manager and operations roles at leading EdTech companies in LatAm like Kurios, a Y Combinator-backed startup, and Crack The Code. She aims to advance her career in product management and operations within the tech industry.

**Dina Teilab**

Egypt

Growth and Insights Manager

Sylndr, Egypt

Sector: Education

Dina is an accomplished growth and insights leader with extensive experience in building data-driven functions for startups in Egypt. She has led teams, driven growth through strategic initiatives, and championed a culture of actionable analytics. A MasterCard Foundation scholar and a United States Professional Fellowship Program alumna, Dina aspires to become a changemaker, using her leadership and innovation experience to drive social impact through consulting or by launching her own venture.

**Lia Fadhilla Thamrin**

Indonesia

Strategic Project Management

Shopee, Indonesia

Sector: Tech/telecoms/IT

Lia is a seasoned professional with eight years of experience in project management, operations, and Southeast Asia's dynamic tech start-up landscape. Currently pursuing an MBA at Oxford, she is focused on strategy, sustainable growth, and the evolving role of AI in technology-driven businesses. Post-MBA, she aims to lead strategy and operations within a global tech company while contributing to start-up development and ecosystem growth across Southeast Asia.

**Holy (Theo) Theodore**

Indonesia

Digital Marketing Manager

Sinar Mas Group, Indonesia

Sector: Financial and insurance services/banking

Theo is a strategic, data-driven professional and former Senior Account Manager at Google, with a proven track record in marketing, sales, and digitalisation strategy. As an experienced team builder, Theo led significant growth and transformation initiatives at Tokopedia and Sinar Mas Group. He is passionate about leveraging technology for societal and business impact.

**Isabelle Thomas**

India

Co-Founding Director

BhuME Women's Collective, India

Sector: Non-Profit/charity/social enterprise

Isabelle is Co-Founding Director of BhuME Women's Collective, a women-led social enterprise that upcycles textile waste into functional products and creates dignified jobs for underserved women in India. Isabelle brings over nine years of experience in finance, consulting, and community development, blending cross-sectoral expertise with grassroots innovation. A UN Women APAC 30for2030 honouree, she is committed to women-centric development and champions entrepreneurship as a pathway to uplift communities.

**Miyu Tone**

Japan

Senior Consultant

EY Strategy and Consulting, Japan

Sector: Tech/telecoms/IT

Miyu is a Japanese business consultant with four years at Ernst & Young, specialising in project management and digital transformation. She has led multi-stakeholder initiatives that connect governance and execution to deliver impactful user experiences. Inspired by witnessing Uber's rise in Silicon Valley, she aims to design ecosystems that shape new societal 'norms.'

**Francesca Trombley**

Sales Manager

Keysight Technologies, Americas

Sector: Non-Profit/charity/social enterprise

Francesca is currently a Sales Manager over the Americas for a test automation software company, Keysight Technologies. She is pursuing her MBA at Oxford to pivot to a more impactful strategic role in ethical technology sourcing and access. She is focused on ethical AI and universal access to technology and information for all communities. Francesca is originally from Hermosa Beach, California and is excited to explore Oxford and the surrounding areas.

**Kazuki Tsuchiya**

Japan

Associate

Cool Japan Fund (Japan's sovereign wealth fund), Japan

Sector: Financial and insurance services/banking

Kazuki is a cross-border investment professional with over ten years in sovereign-backed private equity, venture capital, consulting, and corporate operations. At Cool Japan Fund, he led deals linking Japan with global markets, including Grover (Germany), Inside Travel Group (UK), and KKday (Taiwan). Formerly at SoftBank, he worked on major US SaaS investments such as Treasure Data and Mapbox. He enjoys CrossFit, trekking, travel, reading, and film.

**Satoshi Tsuruno**

Japan

VP

Development Bank of Japan, United States of America

Sector: Financial and insurance services/banking

Satoshi is a Director at the New York office of the Development Bank of Japan (DBJ), leading direct lending and US real-estate debt/equity investments, including DBJ's first data centre deals. Previously at DBJ HQ in Tokyo, he led blended-finance programs for growth, regional revitalisation, and resilience, negotiating £20B in government funding. Earlier, he worked in M&A advisory across Southeast Asia. He now focuses on advancing blended finance to address Japan's social challenges.

**Obai Toker**

Saudi Arabia

Lead Associate

Strategy&, Saudi Arabia

Sector: Consulting

Obai is a strategy consultant with experience advising ministers across healthcare, labour, energy, culture, and defence sectors in the Middle East. At Strategy&, he co-led national initiatives, including the National Biotechnology Strategy. He is passionate about transforming healthcare systems, drawing on a background in prosthetics and orthotics and clinical experience with NHS Scotland and Saudi Arabia's public health system.

U

**Eryn Upton**

United States of America

Business Analysis Manager

Cisco Systems, Inc., United States of America

Sector: Energy/utilities

Eryn has held roles in tech spanning education, data analysis, and sales strategy, with a focus on using insights to drive results and connect people. Now, she plans to pivot into the energy space, leveraging her analytical skills and comfort navigating ambiguity to help countries sustainably modernise and scale their infrastructure. A self-proclaimed life-enthusiast, she finds joy in almost anything, especially travelling, reading, drawing, and spending time outdoors.

**Takunda Ushe**

Zimbabwe

Associate

Goldman Sachs, United States of America

Sector: Sector: Financial and insurance services/banking

Takunda is a global finance professional and purpose-driven African leader, committed to shaping this century as Africa's. With deep belief in his generation's power to transform the continent, he brings both conviction and action to the table from launching youth development programmes to advancing financial innovation. With experience at Goldman Sachs and a mission to bridge local innovators with global partners, he strives to champion ethical, inclusive investment across Africa.

V

**Kathryn Van Duyne**

United States of America

Project Manager

Infinite Reality, United States of America

Sector: Tech/telecoms/IT

Kathryn led strategic communications at Meta, on the Hillary for America presidential campaign, and at an industry-leading fashion-tech startup. She attended Columbia University for her undergraduate degree, where she majored in film, which is a personal passion of hers. After her MBA, she aims to work at the intersection of artificial intelligence and social impact, guiding AI development in a way that supports human flourishing.

**Saransh Vaswani**

India

Co-Founder

Saajha, India

Sector: Non-Profit/charity/social enterprise

Saransh Vaswani is the co-founder of Saajha, a non-profit that works with parents and families to strengthen children's learning and development. A computer science graduate and a theatre enthusiast, Saransh's journey in social impact began in 2013, when he started working with government schools in India. Since its inception, Saajha has worked with large-scale education systems across several Indian states. Saransh is a recipient of the Echoing Green Fellowship and the Ashoka Fellowship.

**Kshitij Kumar (KK) Verma**

India

Major/Company Commander/Operations Manager

Indian Army, India

Sector: Military

KK studied nuclear engineering before joining the Indian Army, where he spent nine years in the Infantry leading teams of over 120 soldiers. He conducted combat operations in hostile areas before transitioning to supply chain management, operating across terrains from deserts to heights of 17,000 ft. He developed soldiers and built resilient teams through compassionate mentorship. He writes about leadership, follows geopolitics and Arsenal FC, and aims to build defence tech in the long-term.

**Rhema Vinaik**

India

Associate Director

UBS, India

Sector: Non-Profit/charity/social enterprise

With over nine years leading teams across investment banking and business research consulting, Rhema is passionate about helping people, converting insights into impact, and using business as a force for good. A youth leader and mentor, she also uses her arsenal of professional experience as a catalyst for social transformation. Eager to learn alongside changemakers, she is building a career at the intersection of finance and purpose, in impact strategy, impact investing or portfolio management.

**Ericka Viquez Brenes**

Costa Rica

Strategy Consultant

EY Parthenon, United Kingdom

Sector: Energy/utilities

Ericka, originally from Costa Rica, has lived in Boston and London over the past eight years. As a strategy consultant at EY-Parthenon, she focuses on energy transition and digital infrastructure, with experience in due diligence, corporate strategy, and government advisory. Most recently, she supported the UK's Carbon Capture and Storage ambitions. She brings global experience, a passion for clean energy, and a strong commitment to gender equity.

**Michael Vollbracht**

Belgium and United States of America

Digital Transformation Consultant

HazelHeartwood, Belgium

Sector: Consulting

Born and raised in Atlanta, Georgia, Michael Vollbracht attended the University of North Carolina at Chapel Hill before moving to Barcelona, Spain to begin his career at a small startup. He then moved to Leuven, Belgium, his father's country of origin, in order to grow his career in consulting.

Maureen Wambui

Kenya

Investment Associate

AECF, Kenya

Sector: Financial and insurance services/banking

Maureen is an impact investment professional with experience in deploying commercial and catalytic capital across sectors, focusing on renewable energy, financial inclusion, and gender-lens investing. Currently, she leads the implementation of the Solar Electrification Fund, a fund focused on funding renewable energy solutions. Maureen also guides companies through their investment readiness and fundraising journey. She is committed to advancing gender-smart and climate-aligned investing.

Brandon Walker

United States of America

Venture Capitalist

Spero Ventures, United States of America

Sector: Financial and insurance services/banking

A strong believer in taking the path less travelled, Brandon's career has spanned music, fashion, travel, bioengineering, software, and finance. Most recently, he served as a Venture Capitalist, initially a member of the world's first quant VC firm writing ML algorithms to aid in the sourcing of new investments before pivoting to Spero Ventures to spearhead their deep tech investing efforts. His theses focus heavily on synthetic biology, robotics, human health, agriculture, and AI.

Colin Wang

Canada

Senior Associate

Edge Principal Advisors, United States of America

Sector: Manufacturing/industrial

Colin most recently worked in real estate private equity and development at Edge Principal Advisors in New York, where he led the transformation of a 1,300-acre former oil refinery into a mixed-use campus for logistics, data centres, and life sciences uses. He previously advised on large-scale real estate transactions as an investment banker at Goldman Sachs in London and New York. Post-MBA, he aims to grow his family's business in global real estate, shipping, and infrastructure.

**Jason Sheng Yuan Wang**

Taiwan

Electronic Materials Sales Representative

Nan Ya Plastics Corporation, Taiwan

Sector: Manufacturing/industrial

Jason has focused on the management of supply chains for electronics and has worked with key players in semiconductor, manufacturing, and defence sectors the world over. Also, Jason has extensive business development experience in electronic materials, navigating the material testing and approval processes for product lines such as EVs, servers, antennas, etc.

**Renee Shiyi Wang**

China

Private Bank Relationship Manager

Bank of Singapore, Singapore

Sector: Financial and insurance services/banking

Born in Xinjiang, China, Renee has studied and worked across China, the UK, Singapore, and Hong Kong. She co-founded a start-up during her undergraduate degree in the UK, earned her master's degree in Singapore, and gained early-career experience in investment banking, technology, and private banking across Asia. She joins Oxford to refine her leadership skills and explore entrepreneurial opportunities with an open mind.

**Wenkai Wang**

China

Financial Analyst (Pre-MBA Intern)

DeWave Ventures, China

Sector: Financial and insurance services/banking

Wenkai has five years of experience in sales and trading in investment banking and three years in the Web3 sector. He has built solid relationships with major asset managers in China, conducted cash equity business, and advised a Web3 start-up on economic design and strategy. He also contributed to pioneering RWA and stablecoin initiatives while working at a venture capital firm. He is passionate about bridging traditional finance and digital assets to drive innovation and inclusion.

**Ryosuke Watanabe**

Japan

Deputy Director

Ministry of Land Infrastructure Transport and Tourism, Government of Japan, Japan

Sector: Government/public sector

Ryosuke has led initiatives in urban and infrastructure policy at the Japanese government, including affordable housing, urban renewal projects, Japan's infrastructure export strategy, and post-Fukushima regional revitalisation. He is pursuing the Oxford MBA to bridge public and private sectors and design policies that generate social and economic value. Off duty, he practises the art of tea ceremony and survives as a father of two, proving that wrangling toddlers is harder than whisking matcha.

**Julia Watt**

United States of America

Senior Manager

SpoiledChild (Oddity Ventures), United States of America

Sector: Tech/telecoms/IT

Julia is a growth marketer and strategist with experience scaling consumer brands at both startups and global agencies. Currently Senior Growth Manager at SpoiledChild, she blends data and creative innovation to successfully bring new products to market. She is passionate about building purposeful brands and shaping the future of consumer engagement through digital innovation and global strategy. Outside of work, she is a jewellery designer, former varsity athlete, and marathon runner.

**Simon Weishäupl**

Germany and United States of America

Senior Sustainability Consultant

ClimatePartner, United States of America

Sector: Energy/utilities

Simon is a German-American sustainability strategist who has helped global companies decarbonise across sectors including energy, agriculture, and tech. With a STEM background and fluency in English and German, he brings a strong technical foundation and passion for impact. A former competitive rower and triathlete, he plans to row at Oxford and looks forward to expanding his global perspective, connecting with diverse peers, and exploring life in the UK.

**Rebecca Wong**

United States of America

Senior Technology Consultant, Banking & Capital Markets

Ernst & Young, United States of America

Sector: Consulting

Prior to beginning her MBA, Rebecca served as a Senior Technology Consultant at Ernst & Young, supporting clients in the Banking and Capital Markets sector. After graduating from The University of Texas, Rebecca began her career managing the development of marketing campaigns using scrum and agile methodologies. After pivoting to EY, Rebecca has supported banking clients with architectural and operational transformations, KPI dashboarding, and developing go-to-market strategies.

**Alexa Wright**

Canada

Senior Business Analyst

McKinsey & Company, Canada

Sector: Consulting

Alexa is an MBA candidate at the University of Oxford's Saïd Business School. She was previously a consultant at McKinsey & Company, where she focused on growth strategy and digital innovation for financial services clients. Prior to joining McKinsey, she worked in counterterrorism space. Her work focused on analysing extremist networks, and identifying their propensity for violence. She holds degrees from New York University (MSc. Global Affairs) and Queen's University (BAH Political Science).

**Catherine Wright**

United States of America

Associate

J.P. Morgan, United States of America

Sector: Financial and insurance services/banking

Catherine grew up in Connecticut before moving to Texas to attend the University of Texas at Austin. She majored in finance and complimented her studies with a certificate in Core Texts and Ideas through the Jefferson Scholars Programme. Upon graduating, she began work at J.P. Morgan in Dallas on a team serving ultra-high net worth clients. Following Oxford, she hopes to transition to a role growing consumer businesses in the luxury retail segment, with a focus on marketing and brand development.

**Alina Wu**

China

Investment Banking Analyst

China International Capital Co, China

Sector: Financial and insurance services/banking

Alina is an Investment Banking Analyst at China International Capital Co, specialising in capital markets and corporate finance within the TMT sector. With a strong foundation in financial modelling, valuation, and deal execution, she advises clients on complex transactions, including equity offerings, and strategic acquisitions.

Y**Yousif Yahya**

Sudan

Founder

Savannah Innovation Labs, Sudan

Sector: Financial and insurance services/banking

Yousif is a Sudanese entrepreneur, Harambean, and systems change leader dedicated to unlocking Africa's potential through innovation and investment. As Founder of Savannah Innovation Labs, he has supported startups, created youth employment opportunities, and expanded market access across East Africa. With experience in venture capital, commodity trading, and public policy, Yousif is committed to driving sustainable economic transformation across the continent.

**Omar Yamout**

Lebanon

VP Corporate Strategy

Celex Oncology, United Kingdom

Sector: Financial and insurance services/banking

Omar is a finance and healthcare professional with experience in investment banking, corporate strategy, and biotech business development. He has helped raise over \$20 million for healthcare startups and is pursuing his MBA at Oxford with the goal of building a career in healthcare-focused private equity and venture capital.

Sean Ming En Yang

China

Associate Director, Country Garden Founder's Officer
Foshan, China

Sector: Fintech

Sean brings global leadership experience across four continents in real estate, education, and entrepreneurship. A decade in the United Kingdom has given him deep insight into how culture shapes strategic decision-making and collaboration. His early passion for architecture, demonstrated through the international Ice Hotel competition, continues to inform his leadership in real estate, education, and robotics.

Gabriel Yue Yin

China

Financial Times China columnist
CCTV US/Brazil Correspondent

Sector: Media

A former TV journalist in China, US, and Brazil, Gabriel observes the intersection of geopolitics, business, and communication, by interviewing Presidents, CEOs, indigenous leaders, and refugees, and witnessing social change from opposing perspectives. Fluent in Mandarin, English, Portuguese, Spanish, and French and educated in China, US and UK, he thrives on intellectuality without borders. He is followed by over 700k people on social media. He likes Gin, bluefin tuna, tennis, Rick and Morty and Cersei Lannister.

Wina Yoman

Australia

Project Manager
Purposeful Ventures, United Kingdom

Sector: Non-profit/charity/Social Enterprise

Starting her career in consulting, Wina has served in a variety of roles across mining, energy and private equity. Nevertheless, she is passionate about social change and equity, particularly through education. Hence most recently, she was at Oxford the past year studying a Msc Education while working part-time as a Manager with Purposeful Ventures considering after-school learning programmes in the UK, and has previously worked in philanthropy in Australia.

Z

**Hatem Zakir**

Egypt

Banking and Investments Professional

The World Bank, United States of America

Sector: Financial and insurance services/banking

Passionate about making finance work for development, Hatem helped structure \$15bn in financing packages for 20 countries at the World Bank. Most recently, he supported Egypt's largest private equity fund, helping them design strategies to mobilise impact investments from global commercial investors. At Oxford, as a Pershing Square Scholar in the MPP+MBA program, he is exploring how business and policy can mobilise capital, foster private-sector growth, and close the development funding gap.

**Rodrigo Zamorano**

Peru

Corporate Innovation Manager

Credicorp Ltd., Peru

Sector: Financial and insurance services/banking

Rodrigo is a former management consultant currently leading innovation strategy at a financial services conglomerate operating across five countries. He combines a structured, analytical mindset developed in consulting, with hands-on international experience in fintech scale-ups to identify revenue-driving opportunities and ensure efficient execution. Passionate about the role of technology in expanding financial inclusion, Rodrigo aims to drive meaningful impact through innovation.

**Jasper Haomiao Zheng**

Hong Kong, China

Senior Associate, COO Office

DBS Private Bank, Hong Kong

Sector: Financial and insurance services/banking

Jasper built his career as a finance professional in leading global institutions in Hong Kong, honing deep expertise in private banking, client services, and risk advisory. Trilingual in Mandarin, English, and Cantonese, he has a proven record of driving operational efficiency and managing complex client portfolios. An avid tennis player and vocalist, he now brings this same dedication to Oxford as he prepares for his next chapter of leadership and impact.

**Hanning Zhu**

China

Co-Founder and CEO

Beijing Gauss Space Information Technology Co Ltd, China

Sector: Consulting

Hanning is a strategic entrepreneur and advisor who drives growth at the nexus of technology and traditional industry. As an Oxford-trained medical statistician, she excels in devising data-driven strategies for complex challenges. Her professional experience includes managing blockchain projects, expanding smart city solutions, and securing government-level contracts. Concurrently, as a strategic advisor to the family business IPUS, she spearheads transformation in the pump industry through incisive market analysis and strategic planning.

**Judy (Di Fei) Zhu**

Canada

Business Development and Operations

NFKings, China

Sector: Financial and insurance services/banking

Judy has built her career across startups in Web3, music, and consumer. She scaled a startup from two to 38 employees while securing partnerships with Vogue, Real Madrid, and Jimmy Choo. Having grown up in Shanghai, Beijing, Vancouver, and the USA, she leverages her cross-cultural perspective to build trust and spot opportunities others miss. Now for her MBA, she is sharpening her finance skills to pivot into venture capital and back founders with global impact.

**Mohammed Zokari**

Yemen

Consultant

McKinsey & Company, Canada

Sector: Consulting

Mohammed is a Consultant at McKinsey & Company in Canada, where he specialises in growth strategy and large-scale transformations across diverse industries. Prior to joining McKinsey, he built a strong foundation in global equity investments and gained early experience in private equity, equipping him with a broad, strategic perspective on value creation. Originally from Yemen, Mohammed is deeply committed to leveraging his expertise to drive meaningful, long-term impact on a global scale.

Mauricio Zuluaga Salas

United States of America

Merchandising Planner

Target HQ, United States of America

Sector: Retail e-commerce

Mauricio is an accomplished retail professional with a strong track record in driving growth, optimising operations, and creating meaningful customer experiences. With years of retail experience, he has developed a sharp eye for market trends, consumer behaviour, and innovative strategies that elevate performance. Now, he is eager to take the next step in his journey by exploring opportunities on a global scale leveraging his expertise to contribute to diverse industries.

Saïd Business School is a vibrant and innovative school, embedded within the University of Oxford, offering accredited degrees and diplomas for undergraduates and postgraduates and a broad portfolio of on-campus and online courses for business executives.
