ACADEMIC ACHIEVEMENTS

KoGuan School of Law is committed to conduct research at the current academic frontiers, emphasize inter-disciplinary research, and achieve first-class scholarship that meets the strategic needs of the state, and build the SJTU characterized legal scholarship. It is the orientation and mission of the academic research of KoGuan Law, which focuses on the cutting edge issues of academic fields, focusing on interdisciplinary research, the major strategic needs of the country, and making first-class academic achievements. In the previous years, our academic research has made great progress, and carried out a number of influential academic projects, recognized by domestic and foreign counterparts.

More than 1,100 CSSCI papers and nearly 100 SSCI papers have been published. The number of published SSCI papers ranks among Top 3 in China. Also, more than 60 monographs have been published, among which Professor Bifeng Ye's *Principles of Administrative Behaviors* and Professor Chengxin Peng's *Study of Modern Rights Theory* have been selected into the National Library of Philosophy and Social Sciences.

KoGuan School of Law has founded and co-founded six journals, among which, *SJTU Law Review* has been selected as an extended edition of CSSCI journals, and ranked 7th in the reprint rate of the copied materials of the NPC in 2018.

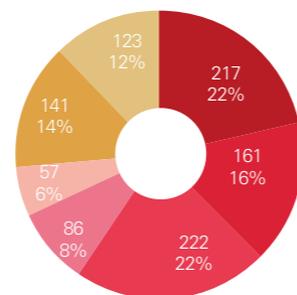

Asian Journal of Law and Society, an academic Journal jointly established with Cambridge university press, is the first English journal of legal sociology in Asia, has been widely acclaimed in the academic circle, and has been included in Scopus, one of the most important citation databases in the world.

TALENTS CULTIVATION

The undergraduate law program was established in 1992. In the past two decades, the law school explored its own style of educating a new generation of law students and future jurists, and established its own reputation in both academic and practical circles. For the time being, the law school has a full-scale legal education system covering LLB, LLM, JM, and PhD programs.

COOPERATION AND EXECUTIVE PROGRAMS

The rapid development of KoGuan School of Law of SJTU cannot do without the support of the community. KoGuan Law has established a long-term strategic partnership with administrative and judicial departments, and has successfully held a number of significant social cooperation projects creating a new model of college-society cooperation. KoGuan Law strives to make greater contributions to the development of China and Shanghai.

CAMPUS LIFE

The Law School is committed to creating and maintaining a community where the students can not only enjoy their lives, fulfill their professional dreams, but build a social network and friendships.

Our campus is located in Xujiahui, one of the most popular sites of downtown Shanghai. This unique setting easily allows our students to enjoy colorful lives and witness the day-to-day development of the most prosperous metropolises in the world.
