LONG-TERM HOUSING

There are different options for finding accommodation in Heidelberg, depending on whether a doctoral candidate is enrolled or not. Doctoral candidates who are enrolled at Heidelberg University can apply for accommodation provided by the Studierendenwerk or other organizations. Non-matriculated doctoral candidates and visiting academics have various contact points and private housing agencies at their disposal.

HEIDELBERG UNIVERSITY GUESTHOUSES

The University's guesthouses are an extremely popular and attractive address to stay at in Heidelberg for visiting scientists, for members and visitors to the University both from Germany and abroad as well as for guests of university-related institutions. Many institutes and research institutions as well as the cafeteria are within walking distance. The guesthouses are located on the university campus next to the German Cancer Research Center (DKFZ), several university clinics and the Max-Planck-Institutes for Medical Research and International Law. The city center or e.g. the campus Bergheim can easily be reached by bus, tram or bike.
