This transfer course sheet is applicable for applicants applying between August 1st, 2025 and October 15th, 2026.

- Applicants must have completed MATH 140, MATH 142, and ACCT 2301/2401 (or equivalent to these courses).
- A minimum of one courses (3 hours) must also be taken from the Required Coursework list: AGECE 105, ECON 202, ECON 203, ACCT 230. **Must earn a grade of B or higher in all required coursework.**
- **Applicants must have a minimum cumulative GPA of a 3.25 or higher.**
- Grades lower than B for required coursework are included in the GPA calculation, but are allowable provided a B or better is eventually achieved in the same course. For example, a D in MATH 1324 in Fall 2025 will count towards GPA, but a B or better in MATH 1324 in Spring 2026 is needed to meet the required coursework above.
- In your essay, please be sure to address how an Agribusiness degree will help you meet your career goals. If you have 3 or more grades of D's, F's, Q's, NG's and/or W's explain why the grades occurred.
- STAT 201 (MATH 1242, 1442) **will not** apply toward a degree requirement for the FINP program.

The recommendations below represent what a typical TAMU student's schedule looks like during the first four semesters. If working to complete an Associate's Degree before transferring, please align your degree plan to satisfy TAMU degree requirements. Coursework does not necessarily have to be completed in the order shown below.

Coursework Timeline

- Competitive applicants must have all required coursework completed by the application deadline.
- Applicants to the spring term should have all required coursework completed by the end of Summer II before applying.
- Fall coursework **will not** be considered for spring applicants
- Summer coursework **will not** be considered for summer/fall applicants.
- Applicants for summer/fall **may be** asked to submit spring final grades; this is not a guarantee.

Additional Transfer Requirements

- The Financial Planning Program is looking for students who are interested in pursuing our degree. Students should indicate our department as the primary major they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing Financial Planning.
- Admission to Financial Planning is competitive. Completion of the minimum requirements does not guarantee admission. The entire record is reviewed for consistency in coursework and grades.

Additional Information

- Applicants should be serious about earning a degree in Financial Planning.
- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.
- We recommend meeting with an academic advisor prior to submitting the application.

Career & Educational Opportunities

Financial planning is one of the few dual-benefit degrees that allows for personal enrichment and strong career pathing. Graduates of the program are equipped to expertly guide clients through the complex world of finance with finesse, helping them secure their financial well-being and accomplish their aspirations with confidence. Texas employs approximately 558,000 individuals in this sector, making it the top-ranked state for financial services employment.

Financial planning is more than just numbers; it's about fostering meaningful connections with individuals from all walks of life. Whether it's helping families save for their dream home, plan for their children's education, or retire with peace of mind, you will be the trusted advisor who empowers them to navigate the complexities of financial decision-making.
