

Recommended Coursework for Admission

Course Name	Hrs.	TCCNS	TAMU
American History	6	core.tamu.edu	core.tamu.edu
Mathematics I	4	MATH 2412	MATH 150
Mathematics II	4	MATH 2413	MATH 147 or 151
American National Government	3	GOVT 2305	POLS 206
State and Local Government	3	GOVT 2306	POLS 207
Composition and Rhetoric	3	ENGL 1302	ENGL 104
Elective in Communications	3	core.tamu.edu	core.tamu.edu
Elective in Creative Arts**	3	core.tamu.edu	core.tamu.edu
Elective in Language, Philosophy & Culture**	3	core.tamu.edu	core.tamu.edu
Physics I	4	PHYS 1401 or 2325/2125	PHYS 201 or 206/226
Physics II	4	PHYS 1402 or 2326/2126	PHYS 202 or 207/227
Fundamentals of Chemistry I	4	CHEM 1411	CHEM 119
Fundamentals of Chemistry II	4	CHEM 1412	CHEM 120
Introductory Biology I	4	BIOL 1406	BIOL 111
Physical Science Option	4	BIOL 1407 or GEOL 1404	BIOL 112 or GEOL 106

- * Must make a grade of C or better for Degree plan
- ** Consider taking courses that fulfill the 3-hour [International and Cultural Diversity requirement](#) and/or the 3-hour [Cultural Discourse requirement](#) when completing these core areas.

The recommendations below are adjusted from a standard TAMUG student’s schedule to include only transferable coursework within the degree plan. If working to complete an Associate’s Degree before transferring, please align your degree plan to satisfy TAMUG degree requirements. You do not have to complete the coursework in the sequence below.

First Year

FALL SEMESTER

TCCNS	TAMU	Course Name	Hrs.
ENGL 1302	ENGL 104	Composition and Rhetoric	3
MATH 2412	MATH 150	Mathematics I	4
	core.tamu.edu	Creative Arts	3
CHEM 1411	CHEM 119	Fundamentals of Chemistry I	4
Total			14

SPRING SEMESTER

TCCNS	TAMU	Course Name	Hrs.
MATH 2413	MATH 151 or 147	Mathematics II	4
	core.tamu.edu	Language, Philosophy, & Culture	3
	core.tamu.edu	Communications	3
CHEM 1412	CHEM 120	Fundamentals of Chemistry II	4
Total			14

Second Year

FALL SEMESTER				SPRING SEMESTER					
TCCNS	TAMU	Course Name	Hrs.	TCCNS	TAMU	Course Name	Hrs.		
BIOL 1406	BIOL 111	Introductory Biology I	4	BIOL 1407 or GEOL 1404	BIOL 112 or GEOL 106	Physical Science Option	4

Coursework Timeline

- Competitive applicants will have the Recommended or Required coursework completed by the application deadline.
- Applicants to the summer/fall term **may be** asked to submit spring final grades, this is not a guarantee.
- Summer coursework **will not** be considered for summer/fall applicants.
- Fall coursework **will not** be considered for spring applicants.
- Applicants to the spring term should have the Recommended or Required coursework completed by the end of Summer II semester before applying.

Additional Transfer Requirements

- Transfer applicants should have completed a full semester (spring or fall) course load of 12 transferable hours (minimum) after graduating from high school.
- The Department of Marine and Coastal Environmental Science is looking for students who are interested in pursuing our degree as a focus. Students should indicate our department as the primary major they are interested in if they wish to be admitted. The essay and supporting materials should reflect that the student is interested in pursuing our degree.
- Meeting minimum requirements does not guarantee admission. The entire record is reviewed for consistency in coursework and grades. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.

Additional Information

- Applicants should be serious about earning a degree in Marine Sciences.
- Transfer applicants are instructed NOT to accept transfer admission to any major with the expectation of later applying for an on-campus change of major.

Career & Educational Opportunities

The Marine Sciences (MARS) program is a Bachelor of Science degree that focuses on the geological, chemical and physical science aspects of the estuarine, coastal, and marine environment. The coastal location of the campus enables students to acquire extensive hands-on field experience in addition to rigorous course work in chemistry, geology, physics, biology, oceanography and mathematics. All MARS majors take four courses of oceanography with labs and a course in geographic information systems (GIS). During the senior year students will participate in research with faculty members culminating in the writing of a senior thesis and the formal presentation of their research. We offer various elective courses, including geosciences, chemical/biogeochemical oceanography, and physical oceanography, or broader interdisciplinary courses. Academic advisors in the MCES department can help with course selection depending on the student's areas of interest.

Transfer Course Sheet Notes

1. Admission preference is given to applicants with the highest GPA and the most appropriate courses completed.
2. Transfer applicants are encouraged to complete [University Core Curriculum](#) coursework found in the [Undergraduate Catalog](#) unless specified above.
3. This Transfer Course Sheet was supported in a partnership between the Office of Admissions and the Texas A&M University at Galveston with the Undergraduate Catalog having the most extant and definitive information.
