

# Purdue HORTLA Undergraduate Mentoring

Did you know HORTLA requires HORT, SFS, and TURF UG students to attend an annual mentor meeting? If you are hesitant or apprehensive about finding a mentor, let us help!

"Research shows that mentees generally perform better in their programs and after they get out of school" than students without mentors, "Students tend to get tied into the mentor's network of colleagues, and that creates more open doors" W. Brad Johnson, Ph.D. (psychology professor at the U.S. Naval Academy).

Steps to follow can be found in the HORTLA Advising Corner (scan the QR code below).

The following mentors are great to start with; review the [UG Mentor list: Faculty Research](#) for the comprehensive list of those excited to mentor YOU:

<b>Public Horticulture and Horticulture Landscape Design, Contracting, or Enterprise MGMT</b>	Professor Paul Siciliano ( <a href="mailto:siciliano@purdue.edu">siciliano@purdue.edu</a> )
<b>Horticulture Production &amp; Marketing or Plant Science</b>	Professor Kathryn Orvis ( <a href="mailto:orvis@purdue.edu">orvis@purdue.edu</a> )
<b>TURF Management Science</b>	Professor Cale Bigelow ( <a href="mailto:cbigelow@purdue.edu">cbigelow@purdue.edu</a> )
<b>Sustainable Food and Farming Systems (SFS)</b>	Professor Steven Hallett ( <a href="mailto:halletts@purdue.edu">halletts@purdue.edu</a> )
All:  SCAN ME	Many of our extension professionals are also included in the comprehensive <a href="#">UG Mentor list: Faculty Research</a> in the Advising Corner
