

# Academic Calendar

## Overview

The academic calendar indicates key dates and deadlines for important academic requirements and/or activities including, but not limited to, the start and end dates of classes, holidays, exam days, and registration dates.

Set by the University's Faculty Council according to the [Principles for the Development of the Academic Calendar](#), the academic calendar is typically divided into the fall, spring, and summer semesters.

The academic calendar is based on a semester model that contains terms within each semester:

- Fall Semester has two designated terms:
  - Fall Term (formerly known as the "Fall Long Semester") is the primary term for Fall Semester classes
  - Winter Term is an optional period to offer education abroad courses, internships, etc.
- Spring Semester has two designated terms:
  - Spring Term (formerly known as "Spring Long Semester") is the primary term for Spring Semester classes
  - May Term is an optional four-week period for education abroad courses, internships, etc.
- Summer Semester has four designated terms:
  - First Term
  - Second Term
  - Nine-Week Term
  - Summer Term

All classes associated with a semester will start and end within that semester. Tuition calculations, financial aid, and registration processes are based on classes taken during the assigned semester.

The academic calendar published in this catalog reflects approved dates at the time of publication. See <https://registrar.utexas.edu/calendars> for additional information about current, upcoming, and archived academic calendars.
