

PSYCHOLOGY: CLINICAL/COMMUNITY PSYCHOLOGY, BSLAS

for the degree of Bachelor of Science in Liberal Arts & Sciences in Psychology, Clinical/Community Psychology Concentration

Clinical psychology is the study of problems encountered by individuals, groups, and families – especially problems involving psychopathology. Clinical psychologists are interested in the application of psychological knowledge and techniques for the alleviation of these problems.

Community psychology is the study of the social processes and problems of groups, organizations, and neighborhoods, and the development and evaluation of progress for social change and social policy based on psychological understanding.

for the degree of Bachelor of Science in Liberal Arts & Sciences in Psychology, Clinical/Community Psychology Concentration

Please see your academic advisor. A Major Plan of Study Form must be completed and submitted to the LAS Student Academic Affairs Office before the end of the fifth semester (60-75 hours).

Graduation Requirements

Minimum hours required for graduation: 120 hours.

Minimum required major and supporting course work: Normally equates to 35 hours of Psychology courses. Twelve hours of 300- and 400-level in the major must be taken on this campus.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

The university and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus General Education (Gen Ed) requirements (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>). Some Gen Ed requirements may be met by courses required and/or electives in the program.

Code	Title	Hours

Sample Sequence

This sample sequence is intended to be used only as a guide for degree completion. All students should work individually with their academic advisors to decide the actual course selection and sequence that works best for them based on their academic preparation and goals. Enrichment programming such as study abroad, minors, internships, and so on may impact the structure of this four-year plan. Course availability is not guaranteed during the semester indicated in the sample sequence.

Students must fulfill their Language Other Than English requirement by successfully completing a fourth level of a language other than English. See the corresponding section on the Degree and General Education

Requirements (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

for the degree of Bachelor of Science in Liberal Arts & Sciences in Psychology, Clinical/Community Psychology Concentration

- c. engaging in innovative and integrative thinking and problem solving;
 - d. interpreting, designing, and conducting basic psychological research; and
 - e. incorporating sociocultural factors in scientific inquiry when appropriate.
3. Students will develop ethically and socially responsible behaviors for professional and personal settings in a landscape that involves increasing diversity. This goal encompasses:
 - a. applying ethical standards to evaluate psychological science and practice;
 - b. building and enhancing interpersonal relationships; and
 - c. adopting values that build community at local, national, and global levels.
 4. Students will be prepared to apply psychology-specific content and skills, effective self-reflection, project management skills, teamwork skills, and career preparation to optimize their competitiveness for securing places in a graduate school, professional school, or in the workforce. For example, students should be able to:
 - a. apply psychological content and skills to career goals;
 - b. demonstrate project management skills and teamwork capacity; and
 - c. develop meaningful professional direction for life after graduation.
