

SLAVIC STUDIES: SOUTH SLAVIC STUDIES, BALAS

for the degree of Bachelor of Arts in Liberal Arts and Sciences in Slavic Studies, South Slavic Studies Concentration

The major in Slavic Studies emphasizes the study of language, literature, and culture in historical context. Students develop intensive cultural literacy and communication skills through humanities-oriented training. Our students are culturally curious, interested in understanding different ways of thinking, feeling, and conceiving the world in distant times and places. They are critical readers and interpreters, sensitive to nuances of expression, responsive to artistic innovation, open to new ways of thinking. They're skilled writers and communicators who can master complex material, reconcile conflicting evidence, and succinctly argue and support a position. Many go on to careers in writing and editing, media, or work with international cultural foundations and organizations. The major is an excellent preparation for law school, business school, or other graduate study, as well as careers in the N.G.O. world, teaching, or research.
