# Lund University – a brief introduction

---

Lund University is one of the world's top 100 universities and the most popular choice for international students coming to Sweden. We offer a global environment where students encounter different cultural perspectives and gain invaluable international experience.

## AN INTERNATIONAL UNIVERSITY

With a range of over 140 degree programmes and hundreds of stand-alone courses taught in English, Lund University attracts students from all around the world. With over 130 nationalities on campus, we can offer a truly global environment where different ideas and perspectives meet. Lund University collaborates with over 570 partner universities worldwide and is the only Swedish university to be a member of the prestigious international research networks the League of European Universities (LERU) and Universitas 21 (U21). Close to 2000 international exchange students join Lund University every year from our partners. In addition, students in our Bachelor's and Master's programmes have excellent opportunities to do an internship or study abroad at one of the partner universities.

## CENTURIES OF INNOVATION AND CREATIVITY

Lund University is one of the oldest learning institutions in Scandinavia. Officially established in 1666, Lund University can arguably trace its roots to 1436 when it was recognised as a studium generale, an institution of international excellence. Steeped in centuries of tradition, Lund University has always been at the forefront of innovation with its modern and dynamic approach. We are considered one of Scandinavia's most outstanding universities. One of our strengths is our unique disciplinary range and our ability to generate boundary-crossing collaboration.

Student influence, internationalisation and close cooperation with wider society are other characteristics of Lund University. We have had the privilege of educating many Nobel laureates, prime ministers, a president and several notable leaders in society.

## LUND UNIVERSITY – KEY FACTS AND VISION

- Founded in 1666
- Ranking: 72 in QS World University Ranking 2026
- Staff: 8 600
- Students: 46 000 (28% international students)
- Faculties: 9
- Campuses: Lund, Helsingborg and Malmö

**”A world-class university that works to understand, explain and improve our world and the human condition.”**

The Lund University Management Team

# World-leading research and business collaboration

---

**Lund University has a long-standing reputation for transformative, world-class research. More than 70% of the University's funding is dedicated to research and Lund University offers one of the broadest ranges of research in Scandinavia.**

Research at Lund University is known for its strong multi-disciplinary focus and its cooperation with industry and business. Our interdisciplinary research and the diversity we offer as a comprehensive university have contributed to our success in recent years in obtaining major research grants. Lund University stands out in the European research arena, receiving more EU funding and projects than any other Swedish university. Our research addresses urgent global challenges and increases our understanding of a complex world. By pushing boundaries across a wide range of areas, such as better health, future technology, open societies and sustainability, we strive to explain issues and to find solutions that will have a positive impact on our lives and our planet.

## **INNOVATION AND BUSINESS COLLABORATION**

Lund University's wide range of subjects and its ability to collaborate across disciplinary boundaries have created unique opportunities for business collaboration. Ericsson, Sony Mobile, Tetra Pak, Gambro and Alfa Laval are among the large, well-known companies located in Lund with which the University cooperates. The business sector in Lund also boasts an impressive breadth of knowledge-intensive companies at the forefront of their fields. Among famous innovations from Lund we find the medical ultrasound, and the Bluetooth technology developed together with Ericsson Mobile and used in millions of products daily.

## **MAX IV AND ESS**

The MAX IV Laboratory, located in Lund, is the world's foremost synchrotron radiation source. The European Spallation Source (ESS) is a unique facility for materials research and will be used for future research breakthroughs in medicine, environmental science, climate, communication and transport (fully operational in 2027).

## **RESEARCH EXCELLENCE AREAS**

### **Better health**

- Cancer research
- Diabetes research
- Epidemiology
- Proactive ageing
- Neuroscience
- Stem cell research

### **Open societies**

- Human rights
- Middle Eastern research

### **Future technology**

- E-science
- Natural and artificial cognition
- Nanoscience
- Light and materials

### **Sustainable planet**

- Biodiversity and ecosystems
- Climate research
- Nature-based future solutions
- Sustainable production

## Lund Innovation District

---

**The city of Lund is a unique Innovation District where academia, business and society come together and make a global impact.**

Innovation Districts are dense hubs where global innovation, entrepreneurship and creativity connect in a local community. The district locations around the world are chosen based on their proximity to a developing city or region that already incorporates many of the key components of an Innovation District, such as innovation infrastructure, corporate R&D units, support for entrepreneurship, academic and medical institutions, startups and incubators. An attractive and accessible geographic location and an ability to co-create not only viable businesses, but sustainable living, new jobs and a thriving society, are also key factors of a successful innovation district. As Lund already had the necessary components and functions in place, it was a natural location for a new Innovation District.

The University is closely connected to two prominent science parks – Ideon Science Park, founded in 1983 and today among the largest tech science parks in Northern

Europe with 10,000 employees in 400 businesses, and Medicon Village, founded in 2012 and the largest science park focusing on life science in Scandinavia with 2,800 employees in 180 businesses.

In the northeast of Lund, we find the Swedish national synchrotron laboratory MAX IV and nearby, the multi-disciplinary research facility based on the world's most powerful neutron source ESS (European Spallation Source). In between Max IV and ESS sits Science Village, a new site focusing on materials research and housing Lund Nano Lab and other research facilities.

With the strong research tradition of the University, the numerous innovation hubs, the high-tech companies and the support for entrepreneurship and modern infrastructure for innovation, Lund offers a dynamic and unique environment, attracting talent and businesses from around the world. This dense ecosystem, all within walking distance and with the proximity to Copenhagen, creates the special and fertile ground that is the Lund Innovation District today and that will carry us on into the future of further cross-innovation and deep technology.

# Lund campus

---

**Lund University's main campus is located in the city of Lund – a small, safe city steeped in history. Our students and researchers represent more than 130 nationalities, making Lund a truly international city.**

Lund is located in southern Sweden and has a population of around 130 000. Copenhagen, the largest city in Scandinavia, is less than an hour away by train or car, and Copenhagen Airport – the closest major international airport – is only 35 minutes from Lund. In addition, Lund is just a 15 minute train ride away from Malmö, the third largest city in Sweden.

As one of the oldest cities in Sweden, dating back to 990, Lund is a city of contrasts, where 1 000 years of history blends with modern knowledge and ideas. The combination of businesses, students and researchers from around the world has created Lund's unique character as a city of strong research-based global industries. Lund is a part of Greater Copenhagen: one of Scandinavia's most knowledge-intensive areas, with a total population of over 4 million and with around 10 500 researchers, 140 000 students, 7 science parks as well as 13 higher education institutions.

The city of Lund itself is compact and charming, with picturesque old houses, cobbled streets and beautiful green surroundings. Student cafés, nightlife, a vibrant and intellectually stimulating atmosphere, rich culture and a wide assortment of leisure activities all contribute to making Lund a memorable study destination. The University lies in the heart of the city. In Lund, everything is close at hand and within reach on foot or by bicycle, which adds to the city's appeal. In addition, there is a comprehensive public transport system including buses and trains to transport you in and around Lund, Sweden and Copenhagen.

## Helsingborg campus

Helsingborg is a scenic coastal city located 30 minutes away by train from Lund. More than 4 000 students study at Campus Helsingborg in subjects including service management, strategic communication, social work and some undergraduate engineering courses. The campus is within a short walking distance from the central station and city centre. Most students studying at Campus Helsingborg also live in the city, which has popular beaches and a lively atmosphere. The city and its surroundings also offer a wide range of cultural activities and nature experiences.

## Malmö campus

Malmö is the third largest city in Sweden and is less than 15 minutes by train from Lund and 35 minutes from central Copenhagen. Many Lund University students live in Malmö and commute to Lund, while students living in Lund often visit Malmö to enjoy its many shops, nightclubs and cultural and sporting events. The city is home to Lund University's Faculty of Fine and Performing Arts, comprising the Malmö Academy of Music, the Malmö Art Academy and the Malmö Theatre Academy. In addition, some of the University's medical research and training as well as public health education are conducted in Malmö at the Clinical Research Centre (CRC) and the Skåne University Hospital.

# About Sweden

- It's one of Europe's largest countries by size, but has only 10.5 million inhabitants
- It has 30 national parks and almost 100 000 lakes
- It's ranked as the 2nd most innovative country in the world
- It has the largest number of global companies per capita in the world
- In the top 10 in the world for English as a second language
- It's ranked as one of the best countries in the world at providing higher education
- It's one of the world's most creative countries
- 99% of all waste is recycled in Sweden
- The inhabitants have the right to roam freely in nature, even on privately-owned land
- It's among the top countries in global rankings on democracy, equality, innovation and standard of living
- Swedes love their traditions and cultural events, such as Midsummer, Lucia and the daily 'fika'
- Swedish parents enjoy 480 days of paid parental leave, shared between the mother and the father

# Academic life

At Lund University, students experience an open, informal study environment, with teachers and students usually interacting on a first-name basis. This informal atmosphere promotes personal as well as intellectual development. Teaching is often done in small groups, which encourages dialogue and collaboration, and teachers are accessible outside of lecture hours. Students are often tasked with group work, which simulates the real dynamics of an international work environment.

## CRITICAL THINKING AND FREEDOM OF MIND

Critical thinking and freedom of mind are the cornerstones of academic life at Lund University. Critical thinking refers to the ability to assess information and form independent and well-informed opinions, to revise opinions in the light of new knowledge, and to engage in discussion with fellow students and learn from others. Freedom of mind refers to the ability to think outside the box; to appreciate and seek fresh perspectives on old ideas.

## CASE STUDIES AND GUEST SPEAKERS

Case studies are used wherever possible to allow students to critically analyse the course content. International guest lecturers and speakers from business, government, NGOs and research regularly feature as part of the curriculum to further connect studies to the professional world.

## STUDY STRUCTURE

Methods of instruction can vary greatly. Lectures with groups of 25–30 students are a common form of instruction. But there may also be larger lectures, group work, labs and seminars. Studies are usually undertaken one course at a time, with an examination or essay at the end of each individual course. For some programmes, for example in economics and engineering, it is common to have two or more courses in parallel. Courses can be anything from 2–20 weeks long (with 5, 10 and 20 weeks being the most common). Some courses, mainly in engineering, have as many as 30 formal lecture hours per week as well as laboratory work, while others, for example in the social sciences, may only have 10 hours in class, and rely more on the students' individual reading. A total of 30 ECTS credits per semester is considered to be full-time studies.

Lund University has a network of over 20 libraries with more than 2.8 million printed books and an electronic library collection including 700 000 e-books, 50 000 e-journals and more than 200 databases.

## ACADEMIC QUARTER

The academic quarter is a tradition at Lund University, which, when applicable, means that classes start 15 minutes after the scheduled time. The tradition harks back to the days before pocket watches, when the ringing of the Lund Cathedral bells was the method of timekeeping. When the bells rang on the hour, students had 15 minutes to get to their lecture. The tradition of the academic quarter is still firmly rooted in the timetable planning at Lund University today.

# Student life

---

Lund University is known for its variety of student organisations, including the ‘nations’ of Lund, the Academic Society and student unions. Together these student organisations have created many long-standing student traditions, and their combined activities, available through the ‘Studentlund’ membership, form the heart and soul of student life in Lund today. It is no surprise that Lund is considered the best student city in Sweden!

## THE NATIONS

The 13 nations are large, welcoming student societies that are unique to Sweden. Getting involved in a student nation is one of the best ways to meet friends and enjoy student life at Lund University. The nations organise a lot of social activities, including pub nights, clubs (e.g. photography, baking, music), sports as well as parties, concerts, cheap dinner nights and other social events. The nations are named after cities or regions across Sweden and, historically, they were a way for students from those areas to connect. Today, the nations are thriving student societies that offer something for every student, no matter what your interests are or where you are from.

## THE ACADEMIC SOCIETY

The Academic Society (‘Akademiska Föreningen’ or ‘AF’) organises a number of events and student activities including ‘Studentafton’ (evening interviews with high-profile international guests that have included prime ministers, the Queen of Sweden, the French President Emmanuel Macron, Ingmar Bergman, Will

Ferrell, Pink Floyd and more), student radio, student theatre, costume hire, ‘Spex’ comedy musicals, lectures and cultural events. The Academic Society also owns and manages AF Bostäder accommodation.

## THE STUDENT UNIONS

The student unions are engaged in politics and student rights and actively contribute to the way in which the University is run.

## SPORTS

For sports enthusiasts, there are plenty of opportunities to participate in social sports activities through the nations or to join local sports clubs. Within and around Lund, there is a range of sporting and exercise facilities, including swimming pools, tennis courts, climbing centres, sports fields, arenas and Scandinavia’s largest fitness and health centre for students and staff. Coming to Lund University is also a great opportunity to experience the beautiful nature and outdoors of Sweden. City parks, cycling and walking routes, hiking areas and beaches are all within easy reach.

## UNIQUE STUDENT TRADITIONS

- **‘Lundakarnevalen’** – the student carnival – a tradition since 1849.
- **‘Spex’** Student Theatre – one of the most eccentric traditions since 1898.
- **‘Studentafton’** – has been a tradition since 1905 and is organised by the Academic Society. Well-known guests are interviewed in an intimate, informal setting.
- **‘Sista April’**, or ‘Valborgsmässoafton’ – celebrated on 30 April with students gathering in the city park.
- **‘Sittning’** – a formal sit-down dinnerparty with singing and socialising.
- **‘Förste maj’** – The Lund University Male Voice Choir’s annual May Day appearance is a tradition that dates back to 1831.

# Studies at Lund University

---

With more than 130 Master's degree programmes, ten Bachelor's degree programmes, and hundreds of stand-alone courses, taught in English, Lund University offers international students an extensive range of education. In addition, the University has agreements with many top universities around the world, offering unique opportunities for exchange studies.

## BACHELOR'S AND MASTER'S STUDIES

Choosing international Bachelor's or Master's studies at Lund University gives you more than just a high-quality education. The University's strong international profile with students from all over the world provides excellent opportunities to form a global network of professional colleagues.

Many programmes taught at Lund University employ a multi- or interdisciplinary approach in an environment of exceptional academic competence and cultural diversity. International guest lecturers and speakers from businesses, governments, NGOs and research fields regularly feature as part of the curriculum in many programmes, to further connect studies to the professional world both internationally and locally in Sweden.

## ACADEMIC YEAR 2026/27

The official academic year is divided into two semesters, each lasting 20 weeks:

- 31 August 2026 – 17 January 2027 (autumn semester)
- 18 January – 6 June 2027 (spring semester)

The education is closely tied to current research. We educate the knowledge generators, problem solvers and leaders of tomorrow. The student is at the centre of the education at Lund University and the focus is on enabling students to develop their skills in critical and analytical thinking, independent research, group work, problem solving and leadership, to prepare them for their careers. Many leading politicians, entrepreneurs, lawyers and cultural figures received their education at Lund University.

## STUDY ABROAD OPPORTUNITIES

Many of our Bachelor's and Master's programmes offer the opportunity to apply for exchange studies at one of our many partner universities as part of the programme during your studies at Lund University. Other international opportunities include doing a traineeship abroad, fieldwork abroad, short-term exchanges or virtual exchanges. You can also apply for scholarships to study abroad.

## COMING TO LUND FOR EXCHANGE STUDIES

Lund University is a very popular student exchange destination in Europe and receives close to 2 000 exchange students per year from across the globe. Lund University has exchange agreements with over 570 universities in 76 countries. Students can come to Lund University for exchange at both Bachelor's and Master's level. Lund University offers hundreds of courses suitable for exchange students, taught in English, across a wide range of subject areas.

## WHAT ARE EXCHANGE STUDIES?

Exchange studies implies that your home university has a formal exchange agreement with Lund University. The agreement can be university-wide agreement or specific to a faculty or department. In order to come to Lund University as an exchange student for a semester or a year, you must first be nominated by your home university for these studies. Once you have been nominated for the exchange, you can apply to the available courses that Lund University offers. See the information box below for more information on how to apply for exchange studies at Lund University.

### APPLYING FOR EXCHANGE STUDIES AT LUND UNIVERSITY

If you wish to study at Lund University as an exchange student, start by contacting the International Office at your home university to check if there is an agreement with Lund University. You apply for exchange studies through your home university and must be nominated by them in order to start your exchange at Lund University.

# MASTER'S PROGRAMMES BY SUBJECT AREA

## Architecture & Design

### THE SCHOOL OF ARCHITECTURE

The School of Architecture at Lund University produces creative architects with the ability to identify and address problems within the field of architecture, infrastructure and sustainable design. Leading architects and urban designers regularly visit as guest lecturers. The state-of-the-art facilities allow each student their own working area and access to workshops and digital fabrication shops with tools such as 3D printing, laser cutting and CNC milling.

Scan the QR-code to reach the web page with more information about programmes in Architecture & Design

### THE SCHOOL OF INDUSTRIAL DESIGN

Lund University School of Industrial Design (LUSID) offers an academic journey from undergraduate to PhD. With our position in Scandinavia, our international focus and our expansive facilities, the international MA programme, leading to a Master of Fine Arts in Design, allows students a platform to become influential within – and beyond – the field of design.

A digital portfolio of the applicant's own work in the field that clearly proves that the applicant has good potential to benefit from the programme. English Level 6.	Tuition fee SEK 270 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/industrial-design">www.lunduniversity.lu.se/industrial-design</a>
<b>Sustainable Urban Design</b>	<ul style="list-style-type: none"> <li>• Master of Science in Architecture, specialisation in Sustainable Urban Design</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• School of Architecture, Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in architecture, landscape architecture, physical planning or urban design. A digital portfolio of the applicant's own work in the field that clearly proves that the applicant has good potential to benefit from the programme. English Level 6.	Tuition fee SEK 270 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/sustainable-urban-design">www.lunduniversity.lu.se/sustainable-urban-design</a>

# Business, Management & Economics

## THE SCHOOL OF ECONOMICS AND MANAGEMENT

Lund University School of Economics and Management (LUSEM) is one of the leading business schools in the world and offers you a broad education with a competitive competence. LUSEM is triple accredited (2025), and a degree from LUSEM has a good reputation around the world. When graduating from LUSEM you are well equipped for the challenges of your dream career.

More than a business school – we offer courses and programmes in six subject areas: economics, business administration, economic history, business law, informatics, and statistics. World-class research is conducted at the faculty's six departments and five research centers. At LUSEM you will learn to understand the world around you, develop it for the better and be able to make impact on the society in which you live. You will get both the theoretical knowledge for how to make a difference in society and how to actually make it happen.

**IMC:** LUSEM invites students enrolled in selected one-year Master's programmes to apply for an 'International Master Class' (IMC) at one of our prestigious international partner universities. This is a unique opportunity to add on a semester to the Master's studies in Lund. Each university has been selected to complement the Master's programmes at LUSEM. As a student participating in the International Master Class, you may take Master's-level courses in line with your major subject, to deepen your expertise in your specialisation while adding a further global aspect to your education. [www.lusem.lu.se/study/international-opportunities/outgoing/master-class](http://www.lusem.lu.se/study/international-opportunities/outgoing/master-class)

**DD:** A double degree (DD) programme means that you will spend one semester or one year abroad, and obtain a Master's degree from both Lund University and from the partner university. In addition to a valuable international experience, this gives your education an extra edge and the opportunity to benefit from the expertise and resources from two well-renowned universities. [www.lusem.lu.se/study/international-opportunities/outgoing/double-degree-programmes](http://www.lusem.lu.se/study/international-opportunities/outgoing/double-degree-programmes)

MASTER'S PROGRAMME NAME	KEY FACTS	ENTRY REQUIREMENTS	TUITION FEES	WEB PAGE
<b>Accounting and Finance (IMC)</b>	<ul style="list-style-type: none"> <li>• Master of Science with a major in Business Administration specialisation in Accounting and Finance</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree (BA/BSc) with at least 90 ECTS in business administration, which must include a course in corporate finance/financial management and a course in financial accounting. English Level 6. See programme web page for additional specialisation requirements.	Tuition fee SEK 150 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/accounting-finance">www.lunduniversity.lu.se/accounting-finance</a>
<b>Data Analytics and Business Economics (IMC)</b>	<ul style="list-style-type: none"> <li>• Master of Science, major in data analytics and business economics</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	The programme is developed for recent graduates with a BA/BSc of at least 180 credits, in a subject matter including quantitative methods. This includes backgrounds in mathematics, statistics, economics, informatics and others. It is of special importance that the undergraduate studies include courses in quantitative methods (statistics and linear algebra are of particular importance). English Level 6. See programme web page for more requirement details.	Tuition fee SEK 150 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/data-analytics-business-economics">www.lunduniversity.lu.se/data-analytics-business-economics</a>
<b>Economic Development and Growth (DD)</b>	<ul style="list-style-type: none"> <li>• Master of Science with a major in Economic Development and Growth</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Double degree programme – Madrid, Groningen, Lund</li> </ul>	An undergraduate degree (BA/BSc) or the equivalent, with a major in economics. A solid background of mathematics, statistics and econometrics is required. English at Level B2 or higher of the CEFR (Common European Framework of Reference for Language) is required. See programme web page for details.	Tuition fees, see <a href="http://www.lusem.lu.se/study/masters/programmes/medeg/fees">www.lusem.lu.se/study/masters/programmes/medeg/fees</a>	<a href="http://www.lusem.lu.se/study/masters/programmes/medeg">www.lusem.lu.se/study/masters/programmes/medeg</a>
<b>Global Development, Population and Economic Change</b>	<ul style="list-style-type: none"> <li>• Master of Science in Economic Development, Population Studies or Economic History</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree (BA/BSc) with at least 60 ECTS credits in economics, economic history, history, statistics, or the equivalent. English Level 6.	Tuition fee SEK 150 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/global-development-population-economic-change">www.lunduniversity.lu.se/global-development-population-economic-change</a>
<b>Economics</b>	<ul style="list-style-type: none"> <li>• Master of Science in Economics</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree (BA/BSc) and at least 60 credits in economics, which must include courses in intermediate microeconomics and econometrics (quantitative methods), or the equivalent knowledge. English Level 6.	Tuition fee SEK 150 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/economics">www.lunduniversity.lu.se/economics</a>
<b>Entrepreneurship and Innovation (IMC)</b>	<ul style="list-style-type: none"> <li>• Master of Science in Entrepreneurship and Innovation</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree (BA/BSc). English Level 6.	Tuition fee SEK 150 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/entrepreneurship-innovation">www.lunduniversity.lu.se/entrepreneurship-innovation</a>
<b>European and International Trade and Tax Law (IMC)</b>	<ul style="list-style-type: none"> <li>• Master of Laws for students entering the programme with an LL.B or Master of Science for students entering the programme with a BSc</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree in Law; or an undergraduate degree in Economics, Business Administration, Political Science or International Relations (or equivalent), including 15 credits in Law or equivalent knowledge. English Level 6. See programme web page for additional specialisation requirements.	Tuition fee SEK 150 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/european-int-trade-tax-law">www.lunduniversity.lu.se/european-int-trade-tax-law</a>
<b>Finance (IMC) (DD)</b>	<ul style="list-style-type: none"> <li>• Master of Science in Finance</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Double degree programme – Lund, Groningen</li> </ul>	An undergraduate degree (BA/BSc) and at least 90 ECTS credits in business administration and/or economics. These must include a course in basic microeconomics (which can be a part of a course in basic economics), a course in intermediate finance and a course in econometrics or statistics. English Level 6.	Tuition fee SEK 160 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/finance">www.lunduniversity.lu.se/finance</a>

MASTER'S PROGRAMME NAME	KEY FACTS	ENTRY REQUIREMENTS	TUITION FEES	WEB PAGE
<b>Information Systems (IMC)</b>	<ul style="list-style-type: none"> <li>• Master of Science in Information Systems</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree (BA/ BSc) with at least 60 credits in Information Systems, including: 1) Foundations of Information Systems and their role in organisations and society, 2) Systems Analysis and Design, 3) Data and Business Process Modelling, 4) Database Design, and 5) Software Development. English Level 6.	Tuition fee SEK 150 000 per year for non-EU/ EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/information-systems">www.lunduniversity.lu.se/information-systems</a>
<b>International Marketing and Brand Management (IMC)</b>	<ul style="list-style-type: none"> <li>• Master of Science with a major in Business Administration, specialisation in International Marketing and Brand Management</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree (BA/ BSc) with at least 60 ECTS credits in business administration or the equivalent. English Level 6.	Tuition fee SEK 150 000 per year for non-EU/ EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/int-marketing-brand-management">www.lunduniversity.lu.se/int-marketing-brand-management</a>
<b>International Strategic Management (IMC) (DD)</b>	<ul style="list-style-type: none"> <li>• Master of Science with a major in Business Administration, specialisation in International Strategic Management</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Double degree programme – Lund, Deakin University</li> </ul>	An undergraduate degree (BA/ BSc) with at least 60 credits (ECTS) in business administration or the equivalent. English Level 6.	Tuition fee SEK 160 000 per year for non-EU/ EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/int-strategic-management">www.lunduniversity.lu.se/int-strategic-management</a>
<b>Management (MiM) (IMC)</b>	<ul style="list-style-type: none"> <li>• Master of Science with a major in Management</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree (BA/BSc) with a major other than business administration and/or management. English Level 6.	Tuition fee SEK 160 000 per year for non-EU/ EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/management">www.lunduniversity.lu.se/management</a>
<b>Managing People, Knowledge and Change (IMC)</b>	<ul style="list-style-type: none"> <li>• Master of Science with a major in Business Administration, specialisation in Managing People, Knowledge and Change</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	An undergraduate degree (BA/ BSc) with at least 60 credits (ECTS) in business administration or the equivalent. English Level 6.	Tuition fee SEK 150 000 per year for non-EU/ EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/managing-people-knowledge-change">www.lunduniversity.lu.se/managing-people-knowledge-change</a>
<b>Statistics: Master's Course - Statistical Methods for Data Science (non-degree, course package)</b>	<ul style="list-style-type: none"> <li>• Master's level course in Statistics</li> <li>• 1 year, full-time, 60 ECTS credits</li> <li>• School of Economics and Management</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in statistics, or a Bachelor's degree in mathematics or computer science including at least 60 credits in statistics, or the equivalent. English Level 6.	Tuition fee SEK 150 000 per year for non-EU/ EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/statistical-methods-data-science">www.lunduniversity.lu.se/statistical-methods-data-science</a>

# Engineering & Technology

## THE FACULTY OF ENGINEERING

The Faculty of Engineering, LTH, is a place for dreams and discoveries. We inspire creative development of technology, architecture and design and teach some of Sweden's most attractive Master's programmes, all built on a broad research base. LTH is among the leading engineering faculties in Europe with nearly 10 000 students. Over 1 000 researchers at LTH work hard to improve the quality of life for people and promote more careful use of the Earth's resources. A world record in 5G technology, solar cell-driven water purification, early cancer diagnosis, nanotechnology for more efficient

solar panels, and a health-promoting oat drink are some of the innovations developed at LTH. Together we explore and create – to benefit the world.

MASTER'S PROGRAMME NAME	KEY FACTS	ENTRY REQUIREMENTS	TUITION FEES	WEB PAGE
<b>Biotechnology</b>	<ul style="list-style-type: none"> <li>• Master of Science in Biotechnology</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in biotechnology, biochemical engineering or equivalent. Completed courses in microbiology or biochemistry, and mathematics (linear algebra/calculus and statistics). English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/biotechnology">www.lunduniversity.lu.se/biotechnology</a>
<b>Disaster Risk Management and Climate Change Adaptation</b>	<ul style="list-style-type: none"> <li>• Master of Science in Disaster Risk Management and Climate Change Adaptation</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree with relevance to the applied education. English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/disaster-risk-management">www.lunduniversity.lu.se/disaster-risk-management</a>
<b>EIT Food Systems (EIT Community Master's Programme)</b>	<ul style="list-style-type: none"> <li>• Master of Science in Food Systems</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• EIT Community Master's Programme</li> <li>• Lund, Turin, Aarhus, Warsaw, Hohenheim and Reading</li> </ul>	A Bachelor of Science degree in agricultural sciences, biological/life sciences, food science, chemistry, food safety and/or nutrition or equivalent. English Level 6/ Level B2 CEFR.	See <a href="https://learning.eitfood.eu/courses/master-in-food-systems/">https://learning.eitfood.eu/courses/master-in-food-systems/</a> for information on tuition fees and scholarships.	<a href="https://mfs-apply.eitfood.eu/">https://mfs-apply.eitfood.eu/</a>  <a href="http://www.lth.se/english/master-programme-structure/eit/">www.lth.se/english/master-programme-structure/eit/</a>
<b>Embedded Electronics Engineering</b>	<ul style="list-style-type: none"> <li>• Master of Science in Electronic Design</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in electrical engineering, computer science or equivalent. Completed courses in mathematics (calculus, differential equation, transform theory and linear algebra) of at least 30 credits/ECTS, as well as completed courses in basic circuit theory, electronics, analogue electronics and digital electronics corresponding to at least 30 credits/ECTS in total. The applicant must have basic programming skills (at least one course) and knowledge of electronic description languages, such as VHDL/Verilog. English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/embeddedee">www.lunduniversity.lu.se/embeddedee</a>
<b>Energy-Efficient and Environmental Building Design</b>	<ul style="list-style-type: none"> <li>• Master of Science in Energy-Efficient and Environmental Buildings</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in architecture, civil engineering, architectural engineering or equivalent. Completed courses within the following three subjects: building technology/structural engineering, building physics/science and building services. A minimum of 3 credits/ECTS is required for each of these three subjects. In addition, a total of 30 credits/ECTS is required as the sum of any combination of courses within energy and building technology/structural engineering, building physics/science, building services, building materials and architecture. English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/eebd">www.lunduniversity.lu.se/eebd</a>

MASTER'S PROGRAMME NAME	KEY FACTS	ENTRY REQUIREMENTS	TUITION FEES	WEB PAGE
<b>Fire Safety Engineering (Erasmus Mundus Joint Master's Degree)</b>	<ul style="list-style-type: none"> <li>• Master of Science in Fire Safety Technology</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Erasmus Mundus Joint Master's Degree</li> <li>• Lund University, Ghent University, The University of Edinburgh, Polytechnic University of Catalonia</li> </ul>	A Bachelor's degree or recognised equivalent from an accredited institution (minimum 3 years full-time study or 180 ECTS credits) in civil, structural, mechanical, electrical, chemical or industrial engineering, material sciences, chemistry, physics, applied physics, architecture, urbanism and spatial planning, or a related discipline. Sufficient English language proficiency. See <a href="http://www.imfse.be">www.imfse.be</a> for requirement details.	See <a href="http://www.imfse.be">www.imfse.be</a> for details on tuition fees and scholarships.	<a href="http://www.imfse.be">www.imfse.be</a>
<b>Food Innovation and Product Design (Erasmus Mundus Joint Master's Degree)</b>	<ul style="list-style-type: none"> <li>• Master of Science in Food Product and Packaging Development</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Erasmus Mundus Joint Master's Degree</li> <li>• Paris, Dublin, Naples, Lund</li> </ul>	BSc degree or equivalent degree of at least 180 ECTS or equivalent in food science and technology, biotechnology, process engineering, biochemistry, nutrition or food-related fields with a number of prerequisites (e.g. chemistry, biotechnology, process technology/engineering, biochemistry, mathematics, statistics) representing at least three years of study from an institute of higher education. English language proficiency level B2. See programme website for requirement details.	See <a href="http://www.fipdes.eu">www.fipdes.eu</a> for information on tuition fees and scholarships.	<a href="http://www.fipdes.eu">www.fipdes.eu</a>
<b>Food Technology and Nutrition</b>	<ul style="list-style-type: none"> <li>• Master of Science in Food Technology and Nutrition</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in food technology, food engineering, chemical engineering, engineering biotechnology, chemistry, or equivalent. Completed courses in chemistry, bioscience (e.g. biochemistry, biotechnology, microbiology, cell biology or genetics) and mathematics (linear algebra/calculus and statistics). English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/food-technology">www.lunduniversity.lu.se/food-technology</a>
<b>Logistics and Supply Chain Management</b>	<ul style="list-style-type: none"> <li>• Master of Science in Logistics and Supply Chain Management</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in industrial engineering and management, mechanical engineering or equivalent. Completed one course in computer programming, one course in mathematical statistics/probability theory, and one course in business logistics, operations management or supply chain management. English 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/logistics-supply-chain">www.lunduniversity.lu.se/logistics-supply-chain</a>
<b>Machine Learning, Systems and Control</b>	<ul style="list-style-type: none"> <li>• Master of Science in Machine Learning, Systems and Control</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in science, technology, engineering, mathematics (STEM) or equivalent. Completed courses in mathematics (linear algebra, calculus in one and several variables, transforms and linear filtering) of at least 30 credits/ECTS, as well as one completed course in mathematical statistics, one in computer programming or computer science and one in control engineering. English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/machine-learning">www.lunduniversity.lu.se/machine-learning</a>
<b>Membrane Engineering for Sustainable Development (Erasmus Mundus Joint Master's Degree)</b>	<ul style="list-style-type: none"> <li>• Master of Science in Membrane Engineering for Sustainable Development</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Erasmus Mundus Joint Master's Degree</li> <li>• Montpellier, Toulouse, Prague, Lisbon, Zaragoza, Twente, Lund</li> </ul>	See <a href="https://mesd.edu.umontpellier.fr/">https://mesd.edu.umontpellier.fr/</a> for entry requirements, detailed application instructions, application forms and deadlines.	See <a href="https://mesd.edu.umontpellier.fr/">https://mesd.edu.umontpellier.fr/</a> for details on tuition fees and scholarships.	<a href="http://www.mesd.edu.umontpellier.fr/">www.mesd.edu.umontpellier.fr/</a>
<b>Nanoscience</b>	<ul style="list-style-type: none"> <li>• Master of Science in Nanoscience</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in science or engineering. Completed courses of at least 40 credits/ECTS in physics, and 30 credits/ECTS in mathematics, covering quantum mechanics, electromagnetism, solid-state physics, multi-dimensional calculus, linear algebra and Fourier analysis. English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/nanoscience">www.lunduniversity.lu.se/nanoscience</a>

MASTER'S PROGRAMME NAME	KEY FACTS	ENTRY REQUIREMENTS	TUITION FEES	WEB PAGE
<b>Pharmaceutical Technology: Discovery, Development and Production</b>	<ul style="list-style-type: none"> <li>• Master of Science in Pharmaceutical Technology</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in chemical engineering, biotechnology, chemistry, medicinal chemistry or equivalent. At least 10 credits/ECTS in completed, dedicated mathematics/statistic courses, of which at least 5 credits mathematics. Completed courses of at least 60 credits/ECTS in chemistry, chemical engineering and/or biotechnology, of which at least 5 credits/ECTS in organic chemistry and 5 credits/ECTS in biochemistry/cell biology. English level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/pharmaceutical-technology">www.lunduniversity.lu.se/pharmaceutical-technology</a>
<b>Photonics</b>	<ul style="list-style-type: none"> <li>• Master of Science in Photonics</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in science or engineering. Completed courses of at least 40 credits/ECTS in physics and 30 credits/ECTS in mathematics, covering quantum mechanics, electromagnetism, basics in optics, multi-dimensional calculus, linear algebra and Fourier analysis. English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/photonics">www.lunduniversity.lu.se/photonics</a>
<b>Production and Materials Engineering</b>	<ul style="list-style-type: none"> <li>• Master of Science in Production and Materials Engineering</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in mechanical engineering, industrial engineering or equivalent. Completed basic courses in algebra and calculus corresponding to at least 20 credits/ECTS, one course in manufacturing engineering and/or production technology and one course in engineering materials. English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/production-materials-engineering">www.lunduniversity.lu.se/production-materials-engineering</a>
<b>Sustainable Energy Engineering</b>	<ul style="list-style-type: none"> <li>• Master of Science in Sustainable Energy Engineering</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in mechanical engineering, chemical engineering, civil engineering, environmental engineering or equivalent. Completed courses in mathematics including calculus, multivariable analysis and linear algebra, as well as completed courses in classical thermodynamics, heat transfer (may be included in a comprehensive course in thermodynamics) and fluid mechanics. A course in electrical engineering, including circuit theory, three-phase AC and electrical machines. English Level 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/sustainable-energy">www.lunduniversity.lu.se/sustainable-energy</a>
<b>Virtual Reality and Augmented Reality</b>	<ul style="list-style-type: none"> <li>• Master of Science in Virtual Reality and Augmented Reality</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in computer science, computer engineering, or equivalent. Completed, dedicated courses in mathematics of at least 30 credits/ECTS. The mathematics courses must include calculus in one and several variables (5 credits/ECTS), linear algebra (5 credits/ECTS), systems and transforms (5 credits/ECTS), and probability theory and statistics (5 credits/ECTS). Basic skills in object-oriented programming (at least one course of 5 credits/ECTS). English 6.	Tuition fee SEK 185 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens.	<a href="http://www.lunduniversity.lu.se/virtual-reality">www.lunduniversity.lu.se/virtual-reality</a>
<b>Water Resources Engineering</b>	<ul style="list-style-type: none"> <li>• Master of Science in Water Resources Engineering</li> <li>• 2 years, full-time, 120 ECTS credits</li> <li>• Faculty of Engineering</li> <li>• Lund campus</li> </ul>	A Bachelor's degree in civil engineering, environmental engineering or equivalent. Completed courses in mathematics/calculus, hydraulics/fluid mechanics and geology, each of them corresponding to at least 4 credits/ECTS. English Level 6. # Environment & Sustainability

## IIIEE

Lund University's International Institute for Industrial Economics (IIIEE) is globally recognised for excellence in education and research enfoldng policy and business strategies to meet sustainability challenges. The IIIEE's interdisciplinary international MSc Programs – Environmental Management and Policy (EMP) and European Joint Masters in Environmental Sciences, Policy and Management (MESPOM) have delivered more than 1200 graduates from 120+ countries into diverse sustainability careers since 1995. Interdisciplinarity, action-orientation, and collaboration with societal partners from business, NGOs, and authorities are central IIIEE pillars. The IIIEE strives to ensure that we provide graduates with a rich toolbox to work with sustainability challenges, and abilities to perceive and apply differing perspectives to both problems and solutions.

## LUCSUS

Lund University Centre for Sustainability Studies (LUCSUS) is a world-class sustainability center for research, education and impact, focusing on questions related to sustainable development. At LUCSUS we work to understand, explain, and catalyse social change and transformations in relation to material limits in the biosphere. LUCSUS has a unique way of addressing complex sustainability issues from a critical and integrated natural and social science perspective, with a solutions-based approach. We believe that sustainability issues are best understood and explained through interdisciplinary research in close collaboration with society. We offer two interdisciplinary international Master's Programmes – Environmental Studies and Sustainability Science (LUMES) and Climate Change and Society (LUCAS) – which both focus on sustainability challenges from a local to global level and provide students with tools for solving complex sustainability challenges.

# Fine & Performing Arts

## THE FACULTY OF FINE AND PERFORMING ARTS

The Faculty of Fine and Performing Arts is situated in Malmö. It includes three schools; Malmö Art Academy, Malmö Academy of Music, and Malmö Theatre Academy as well as Inter Arts Center – a platform for interdisciplinary artistic research and experimentation.

## MALMÖ ART ACADEMY

Malmö Art Academy offers advanced study programmes in Fine Arts at both Bachelor's and Master's level for aspiring artists. The academy also has a well-reputed doctoral programme. Our style of teaching is dynamic and as a student you are encouraged to move freely between various forms of artistic expressions.

## MALMÖ ACADEMY OF MUSIC

Malmö Academy of Music is a premier institution specialised in performance studies in music, music teacher training, and research. Our programmes are designed for students aspiring to become professional musicians, church musicians, composers, or music teachers. We offer a creative, inspiring, and international environment with strong emphasis on personal goals and artistic growth.

## MALMÖ THEATRE ACADEMY

Malmö Theatre Academy conducts training and research within theatre and performing arts. We offer programmes in acting, dramatic writing, Performing Arts as a Critical Practice, freestanding courses as well as doctoral studies and artistic research in theatre.

Please note that the application periods and processes for programmes in Fine and Performing Arts may differ from other degree programmes offered at Lund University.

Auditions for the performance programmes in music usually take place in the beginning of March each year. After applying via University Admissions in Sweden, chosen applicants are invited to do auditions and admission tests.

# Humanities & Languages

## THE FACULTIES OF HUMANITIES AND THEOLOGY

Our many subjects focus on human beings, our culture, and our existence in a complex and constantly changing society. We offer a number of international master's programmes in a variety of fields and disciplines such as major and minor languages, literature studies, cultural studies, area studies, religion, film and media studies, and human rights studies. Studying with us will help you learn more about contemporary human beings and our challenges, how we function and interact with the world around us, and what it means to be human. You will develop your ability to see the individual in a larger context and explore the values found in society today and how they might shape our future society. In addition to specific subject skills you will also acquire skills related to analysis, critical thinking, and communica-

tion, which are lifelong skills that are needed in order to explain, understand and ultimately improve our world. You will also gain an increased understanding of international environments, which will be highly relevant to your future professional life.

# Law

## THE FACULTY OF LAW

The Faculty of Law aspires to expand and maintain its role as an international player in legal scholarship, second to none in a growing number of areas. Our legal education is based on strong research traditions and close links to different actors of the legal community in Sweden and beyond. In the world university ranking 2024 by Times Higher Education, Lund University was ranked number 38 in the field of law. Our graduates find career opportunities in an increasing variety of legal professions worldwide, including national and international legal institutions, NGOs, academia and the private sector. Our students have consistently excelled over the years and this has paved their way to attractive career options. Student teams from Lund University's Master's programmes and the Swedish professional law degree programme have successfully competed at International Moot

Court competitions and won prestigious prizes on several occasions. The Faculty of Law also offers MOOCs in European Business Law. These courses are online, free and open to anyone with an interest in the subject area. Read more and join the MOOCs at [www.coursera.org/lunduniversity](http://www.coursera.org/lunduniversity)

# Medicine & Health

## THE FACULTY OF MEDICINE

Investing in your future, deepening your knowledge, preparing for a PhD education and obtaining an internationally acknowledged degree are just some of the reasons to join one of the international programmes within Medicine and Health. Research at the Faculty of Medicine covers a broad field, from basic experimental research to research in healthcare, medical science and clinical, point-of-care research. We are considered global leaders in several fields, for example neuroscience and diseases of the nervous system, diabetes, cardiovascular diseases, cancer, stem cell biology, infectious diseases, epidemiology, healthy ageing, bioimaging and mass spectrometry. We also make the most of the broad research expertise available within our full-scale university. Many research projects bring together

clinicians, biologists, engineers, social scientists, chemists, economists, behavioural scientists, ethicists and humanists to solve complex social problems. The Faculty of Medicine uses student-centred learning based on current pedagogical research to prepare you for your future career. An informal atmosphere characterises the learning environment and you work with authentic cases.

The courses form an important basis for recruitment of doctoral students and researchers at Lund University.

### Advanced Neuroscience, 30 ECTS

Explore the fascinating world of neuroscience and prepare for a future in research. This course offers in-depth theoretical and practical knowledge, led by experienced researchers and clinicians. Through project work and seminars, you have a unique opportunity to contribute to groundbreaking research in neuroscience. You will gain in-depth theoretical and practical knowledge in the subject, from basic concepts to preclinical and clinical applications, as well as practical experience of laboratory or clinical methods through neuroscience project work. The course has a special focus on Parkinson's disease, cognitive disorders (dementia), Huntington's disease and acquired brain injuries. With a supervisor, you will write a project plan and carry the project out professionally within a neuroscientific research environment, and in the process evaluate the suitability, strengths and weaknesses of experimental and statistical methodologies, and critically analyse and evaluate research results and ethical issues.

For course details, entry requirements, application steps and selection, visit the course web page:  
[www.lunduniversity.lu.se/advanced-neuroscience](http://www.lunduniversity.lu.se/advanced-neuroscience)

### Advanced Course in Cancer Biology, 30 ECTS

Would you like to deepen your knowledge in cancer biology and prepare for doctoral studies? Our advanced-level course provides you with both theoretical and practical skills, ranging from basic research to clinical applications. You will learn about cancer biology, acquire generic skills beneficial for researchers, and gain practical experience through a project. The course is full-time and led by experienced researchers and physicians. The course begins with an intensive two weeks of lectures and seminars on tumour biology research. The main part of the course consists of student-driven projects within research groups, including laboratory sessions interspersed with scientific seminars. The course concludes with oral and written exams.

Cancer biology is an exciting and important research field. By understanding cancer at the molecular level, we can develop new treatment methods and improve patient care.

For course details, entry requirements, application steps and selection, visit the course web page:  
[www.lunduniversity.lu.se/advanced-cancer-biology](http://www.lunduniversity.lu.se/advanced-cancer-biology)

# Regional Studies

Programmes in Regional Studies focus on specific geographical areas or regions, but may have their base in different academic disciplines and approach the studies from either a humanities, social sciences or interdisciplinary perspective. With programmes focusing on regions from Europe, Asia and to the Middle East, students have a variety to choose from, depending on their academic background and interests.

# Science

## THE FACULTY OF SCIENCE

At the Lund University Faculty of Science we study and describe the physical world. We seek to understand everything from the smallest components of nature and molecular processes in the human body to the sensitivity of climate systems and the capacity of exoplanets to support life. At the faculty, people from all over the world meet with a shared interest in taking on many of the global challenges facing humanity. Both our undergraduate and Master's programmes are closely linked to the forefront of our research, while the schedules we offer provide a flexibility for those who want to do courses in other fields or work placements outside the University. Within the faculty, our departments

conduct research and education in the following areas: astrophysics, bioinformatics, biology, chemistry, environmental science, geology, mathematics, medical radiation physics, molecular biology, physical geography, physics and computational science.

# Service Management

## THE DEPARTMENT OF SERVICE STUDIES

The Department of Service studies is known for its high-quality education and research. We generate new knowledge with new perspectives on services and their impact on organisations and businesses of today. We offer service management programmes and courses with cutting-edge competence in retail, health, supply chain management, sustainability, culture and creativity, tourism, and hotels. The department collaborates with many leading industry companies and organisations. We are an interdisciplinary department with internationally competitive research in service studies. The department's teachers, professors and doctoral students contribute with research expertise from more than ten subject disciplines. We are geographically situated at the dynamic Campus Helsingborg.

# Social Sciences

## THE FACULTY OF SOCIAL SCIENCES

The Faculty of Social Sciences offers a wide variety of Master's programmes that are either interdisciplinary, thematic programmes or programmes in certain disciplines. The variety of programmes and courses makes it possible for most students to find something to suit their interests. You can obtain a Master's degree in a traditional discipline such as Political Science or Sociology, or in a thematic field such as Development Studies or Global Studies. The degree you attain depends on the courses you take and within which discipline you write your Master's thesis. All Master's programmes at the Faculty give you eligibility for PhD studies. Internships in Sweden or abroad can be included within several of the social sciences programmes.

# Entry requirements and proof of English

---

## GENERAL ENTRY REQUIREMENTS

**To meet the general entry requirements for Bachelor's studies you must have:**

- successfully completed your upper secondary education (post -16)
- be able to demonstrate proficiency in English (see below)

**To meet the general entry requirements for Master's studies you must have:**

- have been awarded a Bachelor's degree (equivalent to a Swedish Bachelor's degree) from an internationally recognised university, or be in the final year of this degree
- be able to demonstrate proficiency in English (see below)

## ENGLISH PROFICIENCY REQUIREMENTS

All applicants need to prove their English proficiency when applying to study at Lund University. Your proof of English must be received by the document deadline for the application round. Most programmes require advanced English proficiency, called **English Level 6**. There are several ways to prove your English proficiency including:

- IELTS (Academic) total score of 6.5 (with no section less than 5.5)
- TOEFL total score of 90 and a score of at least 20 (scale 0–30) in the written test
- transcripts/diplomas of upper secondary school studies or previous university studies which meet the requirements according to the specific instructions at [www.universityadmission.se](http://www.universityadmission.se)

Please note that some programmes may have higher English language requirements than English level 6.

For the full list of accepted tests and other ways to prove your English proficiency, see [www.universityadmissions.se](http://www.universityadmissions.se)

## PROGRAMME-SPECIFIC REQUIREMENTS

In addition to the general entry requirements, you must meet the specific entry requirements as specified for each programme (e.g. the degree must be in a particular subject, you must have passed specific courses, you must meet a specific English language level requirement).

## COUNTRY-SPECIFIC REQUIREMENTS

Depending on the country where you have previously studied, there are different rules and requirements to prove you are eligible for studies in Sweden. Check if there are any rules that you need to be aware of before applying at [www.universityadmissions.se](http://www.universityadmissions.se)

# When to apply

---

## INTERNATIONAL APPLICATION ROUNDS

The main application period for international students applying for Bachelor's or Master's studies starting in autumn (August/September) is from mid-October to 15 January, with the admission results announced in early April.

There is also an international application round for studies starting in spring (January). This application period is from 1 June to 15 August. However, please note that very few Bachelor's and Master's programmes start in spring.

## OTHER APPLICATION ROUNDS

In addition to the autumn international application round, there is also a later application round intended for Swedish students. Students who are citizens of, or residents in, the EU/EEA may also be able to apply in this round. It is open from mid-March to mid-April. All international Bachelor's programmes also open in this later application round. However, note that only a very small number of the Master's programmes open in this application round.

It is not possible to apply outside of the application rounds.

# Application steps – degree studies

---

Lund University uses a national application system. Applications are made online and documents are submitted to University Admissions in Sweden before the document deadline of the respective application round. Below is a step-by-step guide.

## 1. FIND YOUR PROGRAMME AND CHECK THE REQUIREMENTS

Find your programme at [www.lunduniversity.lu.se/programmes](http://www.lunduniversity.lu.se/programmes)

Check that you meet the the entry requirements. Also check for any relevant country-specific requirements at [www.universityadmissions.se](http://www.universityadmissions.se)

## 2. SELECT AND RANK YOUR PROGRAMME CHOICES

Create an account at the national portal [www.universityadmissions.se](http://www.universityadmissions.se)

Choose your programme and any backup programmes. Verify that your selection is in your order of preference. Submit your selection through the online system before the application deadline.

## 3. PAY APPLICATION FEE OR PROVE EXEMPTION

Non-EU/EEA students are required to pay an application fee of SEK 900 (approx. EUR 83, USD 92) to University Admissions in Sweden. If you are an EU/EEA student, you must instead submit proof of your citizenship in order for your application to be processed.

## 4. SUBMIT SUPPORTING DOCUMENTS

Read about how to document your eligibility and how to submit your documents at [www.universityadmissions.se](http://www.universityadmissions.se). Follow any country-specific document rules and instructions.

In general, the following documents are required:

- Official transcripts and upper secondary school diploma (if applying to Bachelor's studies)
- Official transcripts and Bachelor's degree certificate or proof of expected graduation if you are a final year Bachelor's student (if applying to Master's studies)
- Passport/ID
- Proof of English proficiency (all applicants)
- Programme-specific documents (if required by the programmes you are applying to, refer to the programme web pages at [www.lunduniversity.lu.se/programmes](http://www.lunduniversity.lu.se/programmes))

## Tips for a successful application!

---

Lund University is the number one choice for international students coming to Sweden and competition can be tough to many of our programmes. Here are some tips that can help you make a successful application.

- ✓ **Verify your eligibility** – do you meet both the general and the specific entry requirements? Do you have accepted proof of English language proficiency?
- ✓ **Prepare** – make sure you have the documents you will need for your application in good time.
- ✓ **Submit the documents early** – this allows time for you to receive any feedback before the deadline.
- ✓ **Pay the application fee** – or prove your exemption early on, as your application is not processed at all until this step is completed.
- ✓ **Check the document instructions** – note that there are general instructions, country instructions, as well as instructions for your programme.
- ✓ **Rank your programmes** – make sure your main programme preference is at the top of your list! It's good to have a backup plan, but you can only get one offer in Sweden, so rank the programmes carefully in your universityadmissions.se account.
- ✓ **Spend time on your programme-specific documents** – if the programme you are applying to requires additional documents, such as a statement of purpose, a portfolio or a summary sheet, make sure to put effort into these documents, as they are an important part of the selection criteria.
- ✓ **Avoid the last-minute panic** – studying abroad is a life-changing experience and the application deserves your time and attention. Start early and read the website instructions carefully.

# Tuition fees and living costs

---

## TUITION FEES

Programme tuition fees can be found on the programme pages 14–38. Tuition fees are set in Swedish Krona (SEK). Students who are citizens of countries outside the EU, EEA and Switzerland are generally required to pay application and tuition fees. Tuition fees do not apply for students who are citizens of the EU/EEA or Switzerland. There are also some exemptions for students who have a Swedish residence permit for reasons other than studies. There are no fees for exchange students. For full information about tuition fee exemptions, please see the details at [www.universityadmissions.se](http://www.universityadmissions.se)

## TUITION FEE PAYMENTS

Lund University issues an invoice in advance of each semester of study, with payment due before the start of the semester. You make your payment online by credit/debit card or make a bank transfer.

*(The table of example yearly tuition fees is for comparison only. Please see daily currency rates.)*

SEK	EUR	USD
135 000	12 300	13 800
150 000	13 700	15 300
185 000	16 900	18 900
270 000	24 700	28 300

## LIVING COSTS

A typical student budget to cover food, housing, clothing, books/materials and leisure time is around SEK 11 000/month of study (approximately EUR 1 000 or USD 1 100):

- Food SEK 3 000
- Accommodation SEK 4 000–8 000
- Course literature SEK 400–1 000
- Other: clothing, telephone, leisure, etc. SEK 1 500

According to the residence permit rules of the Swedish Migration Agency, you are required to have at least SEK 10 584 per month to cover your living costs in Sweden. Check [www.migrationsverket.se](http://www.migrationsverket.se) for updates.

# Scholarships for international students

---

Academically talented and highly motivated international students who have applied to a degree programme at Lund University have the opportunity to be awarded a prestigious merit-based scholarship from Lund University, the Swedish Institute or selected international scholarship organisations.

## LUND UNIVERSITY GLOBAL SCHOLARSHIP

Lund University offers a unique global scholarship programme that covers all or a part of the tuition fee for a study programme or course. The scholarship programme is entirely merit-based and targets top academic students from countries outside of the EU/EEA. You can find more information at [www.lunduniversity.lu.se/global-scholarship](http://www.lunduniversity.lu.se/global-scholarship)

## PROGRAMME-SPECIFIC SCHOLARSHIPS

A few Lund University programmes offer programme-specific scholarships. Details regarding any special scholarships are indicated on the programme webpages [www.lunduniversity.lu.se/programmes](http://www.lunduniversity.lu.se/programmes)

## SWEDISH INSTITUTE SCHOLARSHIPS

The Swedish Institute Scholarships For Global Professionals (SIGSP) are available for international students from a selected number of countries from outside the EU/EEA. For details and requirements, please see [www.si.se/en/apply/scholarships/](http://www.si.se/en/apply/scholarships/)

## ERASMUS+ SCHOLARSHIPS FOR JOINT MASTER'S DEGREES

Lund University offers several Erasmus Mundus Joint Master's Degrees (EMJMD). Erasmus+ is the EU's programme for collaboration in higher education. Erasmus+ can provide scholarships for students who receive admission to a joint degree programme where Lund University is one of the partner universities.

### SCHOLARSHIPS IN NUMBERS:

- Around SEK 28 million (EUR 2.6 million/USD 2.8 million) were awarded in scholarships by Lund University in 2025
- Over 130 Lund University Global Scholarships were awarded
- Around 26% of the national Swedish Institute scholarships were awarded to Lund University students in 2025
- China, USA, Bangladesh, UK, Mexico, Indonesia, Georgia, Turkey, Korea and Vietnam are among the nearly 40 countries represented by scholarship recipients

## External funding and scholarships

---

There are many organisations and foundations around the world offering scholarships and funding for students to study abroad. Lund University has agreements with several of these, offering benefits to incoming students, such as partial tuition scholarships.

### ANII - URUGUAY

Students who receive funding from ANII may also be eligible for a partial scholarship from Lund University. See [www.anii.org.uy](http://www.anii.org.uy)

### CANADIAN STUDENT LOANS – CANADA

Lund University is registered with the Canadian tax authorities and provides administrative support for students with Canadian loan schemes.

### COLFUTURO – COLOMBIA

Master's students may be eligible for loan schemes and receive partial scholarships from Lund University. See [www.colfuturo.org](http://www.colfuturo.org)

### CONICYT/ANID – CHILE

Students from Chile may be eligible for scholarships from CONICYT (ANID) to study a Master's programme at Lund University. See [www.conicyt.cl](http://www.conicyt.cl)

### FIDERH – MEXICO

Students who receive funding from FIDERH may also be eligible for partial scholarships from Lund University. See [www.fiderh.org.mx](http://www.fiderh.org.mx)

### FUNED – MEXICO

Students who receive funding from FUNED may also be eligible for a partial scholarship from Lund University. See [www.funedx.org](http://www.funedx.org)

### GUATEFUTURO – GUATEMALA

Master's students may be eligible for loan schemes and receive partial scholarships from Lund University. See [www.guatefuturo.org](http://www.guatefuturo.org)

### HONDUFUTURO – HONDURAS

Master's students may be eligible for loan schemes and receive partial scholarships from Lund University. See [www.hondufuturo.org](http://www.hondufuturo.org)

### LPDP – INDONESIA

Master's students applying to Lund University may be eligible to apply for full scholarships from LPDP. See [www.lpdp.kemenkeu.go.id](http://www.lpdp.kemenkeu.go.id)

### SALLIE MAE LOANS - USA

Lund University is registered with Sallie Mae and provides administrative support for students with these loans.

For more external scholarship and funding organisations, see [www.lunduniversity.lu.se/external-scholarships](http://www.lunduniversity.lu.se/external-scholarships)

# Coming to Sweden

---

## RESIDENCE PERMIT FOR STUDIES

Citizens of countries outside the EU/EEA need to have a residence permit to study in Sweden for a period that is longer than three months. The permit must be valid when you travel to Sweden. You apply online through the Swedish Migration Agency website after you have received your admission offer and paid your first tuition fee instalment. Students from EU/EEA or the Nordic countries do not need a residence permit to study in Sweden. It is possible to extend your residence permit to stay on in Sweden for an additional year after graduation to look for work or start a business. For more information about residence permits, please see the Swedish Migration Agency website: [www.migrationsverket.se](http://www.migrationsverket.se)

## LEARNING SWEDISH

If you are interested in learning Swedish, there are a few options to consider:

- Get tips on free online Swedish courses at [www.studyinsweden.se](http://www.studyinsweden.se)
- Students on a one-year degree programme are eligible for an introductory Swedish course organised by Lund University that runs for 2–3 weeks. You sign up before arriving in Lund.
- Students on a two or three-year programme who receive a Swedish personal identity number at the Swedish Tax Agency can access the “Swedish for Immigrants” (SFI) courses offered by the municipality.
- Lund University also offers a full-time Swedish Language Programme (see page 15) and Swedish courses for exchange students.
- In addition, there are language cafés, external courses, apps and other options available. Read more at [www.lunduniversity.lu.se/learning-swedish](http://www.lunduniversity.lu.se/learning-swedish)

## OTHER PREPARATIONS

There are other preparations you need to make before coming to Sweden, such as applying for housing, paying your tuition fee (if applicable), checking insurance cover and getting your social life started by interacting with other students. You can join a mentor group, get some insights about life at Lund by chatting with our student ambassadors on Unibuddy and join the community of other incoming students on the social platform Goin’. Read more at: [www.lunduniversity.lu.se/before-you-arrive](http://www.lunduniversity.lu.se/before-you-arrive)

# Arrival and student services

Lund University is there to support you from your application, during your studies, to graduation and beyond. Student services are offered at all levels of the University and range from arrival activities and academic support, to student health matters and alumni relations.

## ARRIVAL AND ORIENTATION

On Arrival Day, international students are greeted at Copenhagen Airport and collected from the train station in Lund before heading to the University to complete various practical matters and to receive information and support. Students with housing from LU Accommodation receive their keys and are driven to their accommodation. Following the international student Arrival Day, an extensive programme is offered during the Orientation Weeks with a range of both practical and fun social and cultural events to help

new Lund University students settle in and make friends. As a part of the Orientation Weeks, most new students join the activities offered through the International Mentor Programme. The mentor groups are led by current students who help new international students adapt to their environment in Sweden and meet new friends. The mentors organise social activities during the Orientation Weeks and a few more weeks into the semester to welcome the new students.

## STUDENT SERVICES INCLUDE...

- Support and information during the application period
- Arrival and Orientation Weeks
- International Desk for help with practical questions
- LU Accommodation
- The Academic Support Centre
- Student Health Services
- Disability Support Services
- Career services with guidance and seminars on working in Sweden
- Student portal and email account services
- Study guidance
- Over 20 libraries with support for studies and research
- Venture Lab and LU Innovation for entrepreneurship and business advice
- The Alumni Network with a global network of over 50 000 members

Learn more about about student services at:  
[www.lunduniversity.lu.se/student-life](http://www.lunduniversity.lu.se/student-life)

# Student housing

Student accommodation is offered by a range of different providers. Lund University does not own housing, but rather rents and offers housing from other facility owners. Students can apply for these housing options through LU Accommodation, but can also find housing through private landlords, Bopoolen.nu or the Academic Society.

## LU ACCOMMODATION AND OTHER PROVIDERS

LU Accommodation is a service at Lund University which manages some of the student housing available in Lund, Malmö and Helsingborg, including housing for students with a housing guarantee. Most students who do not have a housing guarantee find housing in and around the University campus towns through private landlords or AF Bostäder (the Academic Society's housing).

As Lund is a very popular student city, there is a limited supply of student rooms. LU Accommodation offers their supply of rooms to students with a housing guarantee in the first instance and then allocates remaining rooms to other new students. Students without a housing guarantee are responsible for finding their own housing and are recommended to look for accommodation through the BoPoolen.nu housing website (run by the student unions) or through other housing services offering accommodation with private landlords and housing agencies.

## COSTS FOR ACCOMMODATION

As there are different types of accommodation and many facility owners, the rent will vary between the housing options. However, if you rent accommodation from LU Accommodation, you can expect typical rents to range from SEK 4 000–8 000 per month, depending on the specific accommodation you are offered. You will also need to pay a deposit when you sign the contract with LU Accommodation. The rooms and flats have basic furniture, such as a bed, mattress, desk, chair, bookshelf and lighting fixtures. Kitchen utensils are provided in the shared kitchens.

## HOUSING GUARANTEE FOR CERTAIN INTERNATIONAL STUDENT CATEGORIES

Students who are required to pay tuition fees and who are coming to study full-time courses of at least 30 ECTS credits have a guaranteed offer of housing. Read more about the terms and conditions that apply for the housing guarantee at [www.luaccommodation.lu.se](http://www.luaccommodation.lu.se)

### HOUSING TYPES AT LU ACCOMMODATION:

- **Corridor rooms:** These single occupancy rooms are normally along a corridor of 6–12 rooms. The corridor rooms have either shared or private bathroom. Shared kitchen area and living room space.
- **Studio flats:** Self-contained rooms that combine a living room, bedroom, bathroom and kitchenette into one single unit. Only the laundry room is shared with other students.
- **Shared apartments:** Apartments with two separate bedrooms, a shared living room, bathroom and kitchen.

## GETTING AROUND

Getting to and from your accommodation and your classes is easy in all three of the campus cities: Lund, Helsingborg and Malmö. The cities are well-served by public transportation with frequent trains, buses and trams. Students also get a discount on the tickets. However, the easiest and most affordable way to get around is on foot or by bicycle. Most students bike all year round and the cities are well-planned for cyclists, with hundreds of kilometres of bicycle paths in and between the cities and towns of the region. Second-hand bike sales are often organised at the start of the semesters.

## After graduation

---

Lund University is ranked among the world's top 150 universities in graduate employability\*. Our degrees are internationally recognised and open doors to a range of career opportunities. Whether you prefer to work for a global or local business, in a public organisation, or continue on with further studies and a career in academia, a degree from Lund University offers both the tools and the network to get you started.

### CAREER OPPORTUNITIES

Lund University's proximity to, and close research collaboration with, industry and business enables students to network effectively during studies and find thesis projects and internship opportunities to gain practical experience for future employment.

Several student unions at Lund University organise on-campus job fairs focused on the relevant industry or business area, attracting top companies across Europe who wish to recruit Lund University graduates. Some of the faculties at the University also offer dedicated career services including seminars and tips on writing a CV, optimising your LinkedIn and how to find a job in Sweden. The University also offers a career portal where available jobs and internships all around the world are announced.

If you are looking to stay in Sweden, we highly encourage you to start networking early on, visit start-ups and established businesses, learn some Swedish and participate in activities and events offered by local companies and innovation/entrepreneurship organisations.

### PHD STUDIES

After you have graduated from your Master's with us, you are well prepared for PhD studies at Lund University or other top universities around the world and for a successful career as an independent researcher. All

nine faculties offer doctoral education and the studies are organised at the department level. You apply directly to the department when a doctoral position is advertised (see department list on opposite page). Around 51% of our 2 800 PhD students are international. There are no tuition fees for doctoral studies at Lund University.

Learn more about PhD studies (including information on general entry requirements, funding and how to apply) at [www.lunduniversity.lu.se/phd](http://www.lunduniversity.lu.se/phd) or look for vacancies at [www.lunduniversity.lu.se/vacancies](http://www.lunduniversity.lu.se/vacancies)

### ALUMNI NETWORK

Lund University has alumni all over the world. The Alumni Network is a great resource for broadening your networks and making new contacts while also keeping in touch with the University. As a member, you will receive exclusive event invitations and news about university happenings. At such events, you can connect with international and Swedish alumni who are located across the globe.

Get inspired by our successful alumni and read more about our activities at [alumni.blogg.lu.se](http://alumni.blogg.lu.se)
