- b) Students should complete APAD **24 hours before** participating in the course registration exercise. APAD schedule can be found on the [CourseReg website](#).
- c) Students can declare their Academic Plan **only once** every semester. Any changes can only be made at the next APAD exercise in the following semester. The administrators are strictly not allowed to amend the students' specialisation/2nd major/minor during CourseReg exercise.
- d) Please refer to the email from Registrar's Communications with regards to application timeline (November & April) for [Restricted Second Major/Minor](#).
- e) Any open 2nd Major/Minor must be declared by your **5th** semester.
- f) Please refer to the [user guide](#) for details on how to make your declaration.
- g) If you are keen to opt for **Real Estate Finance (REF) Specialisation**, there is no need for you to declare during APAD. Should you have informed UG Office (zainabag@nus.edu.sg) your intention to specialise in REF, we would have updated your specialisation in your record. If you decide to withdraw from REF or graduate with REF, please email Ms Zainab (zainabag@nus.edu.sg).
- h) Should you have any issues or queries on academic declaration, please contact:

CourseReg Helpdesk (during CourseReg Exercise only)

Hotline: 6516-5860

9:00am - 6:00pm (Mon to Thu)

9:00am - 5:30pm (Fri)

Alternatively, you can submit an online CourseReg Enquiries Form [here](#).

2) Appeal:

- a) All appeals must be made through [CourseReg@EduRec](#) under the appropriate [appeal type](#) (refer to table below).
- b) Students should participate in CourseReg exercise to select courses during all rounds. **BIZ Undergraduate Office ("BIZ UG Office") will review the appeals submitted under "Unable to Secure Course" after Round 3.** All appeals for courses made under inappropriate appeal types will be rejected.
- c) Appeals made outside of the CourseReg@EduRec (e.g., email/walk-in/phone) will not be processed. Similarly, appeals made through faculty members (i.e., course coordinators, instructors) will not be considered.

Appeal Types in CourseReg System

(Check their start and end date on [CourseReg website](#))

Appeal Type	Approve by	When to use
Unable to fulfil Requisites	Host Faculty	BIZ takes a firm position of not waiving pre-requisites for any courses. If you have a valid ground for pre-requisite/preclusion waiver , please provide supporting documents (e.g. course outline) in a single PDF file not exceeding 500kb for our review.
Unable to secure course	Host Faculty	You could not get the course you need after Round 3 . The outcome of your appeal is depending on vacancies available.

Change Admin Allocated Classes	Host Faculty	To request for dropping of courses pre-allocated by the administrators (i.e., not droppable by students). e.g., GEA1000. The appeal will be routed to the host faculty.
Max Workload Waiver	Home Faculty	Please attach your full study plan from first to graduating semester (list down every course by semester totalling up to min 160 Units); and any other relevant supporting documents in a single PDF file not exceeding 500kb . For example, if you are requesting for max workload waiver in your graduating semester due to a job offer, the employment contract issued in the company's letterhead must show the HR contact, your signature, name, date of acceptance as well as starting date. Every max workload request will be carefully considered. Please do not submit repeated appeals unless you have fresh supporting documents/information.
Min Workload Waiver	Home Faculty	Please attach your full study plan from first to graduating semester (list down all courses by semester, totalling up to min 160 Units); and any other supporting documents in a single PDF file not exceeding 500kb . If you are appealing to underload <u>due to internship</u> , please also include in the same PDF file your signed internship contract (issued with the company's letterhead) indicating acceptance, with the internship duration clearly stated.
Change Lecture Class	Host Faculty	We will only consider change to a smaller class within the <u>same course</u> that still has vacancy after Round 3. Do NOT use this appeal type to request for a change to another course. For example, we will not approve your appeal to change from RE2702 to RE2705 . If you cannot take RE2702 , please drop it and try to register for RE2705 .
Add/Change Tutorial Class	Host Faculty	After all tutorial selection rounds have ended: you still do not have a tutorial class or wish to switch to a smaller class.

3) DDP/CDP-related matters

For queries on the programme requirements and courses for your **non-Real Estate degree**, please contact the other faculty's administrators. Otherwise, please approach Ms Zainab Abdul Ghani at zainabag@nus.edu.sg.

- Courses obtained through appeal or swapping are not droppable. You may drop such courses with a "W" grade (Withdrawal) after CourseReg Exercise is over.**

- c) If you are unsure of what are the outstanding courses that you need to complete for REFS, please check it yourself using the [Graduation Audit Report and What-If Report](#). Should you need any clarification on the Graduation Audit Report, please email Ms Karen Lam (karen.lam@nus.edu.sg).

17) Swapping of Classes

- a) BIZ UG Office will facilitate the swap classes **only if** you can find a mutual swap partner (1) whose timetable can accommodate the class that you are giving up, and (2) who met the pre-requisites (if any) of the course.
- b) The outcome of your swap request may only be available in the subsequent rounds. For instance, if you send in your swap request in Round 1, the outcome of your swap may only be available in Rounds 2 or 3. This is because the administrator's access to CourseReg add/drop function is restricted to only a few short window periods. Your patience is appreciated.
- c) Swapping of classes involve the process of dropping a course. If the 'add' process is unsuccessful due to timetable clash or failing of pre-requisites, the course(s) already dropped may not be recovered. Hence, the onus is on BOTH swap parties to ensure that pre-requisites are met and that there are no timing clashes (including clashes in final exams) before sending the request.
- d) **Conditions for swapping:**
- Both parties must **jointly** write to biz-ug-curriculum@nus.edu.sg using the swap request format shown below. In other words, either one student must send the swap request to the above email address and copy (cc) the other student. Do **NOT** submit your request individually in separate emails or submit multiple requests.
 - Classes obtained through swapping are NOT droppable** (even if the swap request cannot be completed due to timetable clashes). **They can only be dropped with a "W" grade (Withdrawal) after CourseReg Exercise is over.**
 - Only **mutual swapping** is allowed. One-sided transfer is prohibited.
 - Any requests that do not fulfil the requirements will not be processed.
 - Course coordinators and instructors DO NOT have the authority to approve any swap requests.
 - Requests for swaps for courses taught on lecture/tutorial format **MUST include the tutorial class** even if the swap is only for the lecture class. Please indicate N.A. If there is no tutorial class in your timetable. Otherwise, the tutorial, if any, will not be allocated back to you.

Request format:Email Subject: **Class Swap Request** - (list down course code/s)

18) Timetable Clash for Classes or Exams

In line with the University's policy, BIZ does not approve any timetable or exam clashes between courses, whether it is within BIZ, or between a course hosted by another faculty. Allocation of courses with timetable or exam clashes are strictly prohibited by CourseReg system.

The course coordinator or instructor do not have the authority to grant waiver for any clashes in timetable or exams.

19) Tutorials

- a) To ensure even distribution of students across all tutorial classes, students may be assigned to a tutorial class during [Select Tutorials Rounds](#).
- b) If you are not successful in getting a tutorial slot **after all selection rounds** (including Add/Swap rounds), UG Office will try to allocate you to the smallest tutorial class that has no timetable clash. Students are expected to de-conflict their timetables to accommodate available vacancies in tutorial classes.
- c) Students without tutorial class or dropped the allocated tutorial will be required to drop the course.
- d) If you wish to appeal for tutorials, please submit an appeal in CourseReg under type "Add/Change Tutorial Class". The outcome of your appeal is subject to the vacancies still available at the point of review. Only changing of tutorial to a smaller class is allowed.
- e) Any appeals for tutorial via other channels than CourseReg@EduRec will not be processed.
- f) UG Office is unable to accede to the request from every student. Personal commitments (e.g. part-time employment), internship will not be accepted as valid reason for change of tutorial class
