Krishnakumar Nagarajan
Industry Principal Director, Industry X
Accenture

Krishnakumar (KK) has over 30 years' extensive experience in steering end to end digital transformation, first-of-its-kind digital rollouts as well as Greenfield initiatives towards positioning organizations to embrace Industry 4.0 revolution and Sustainability. He is an Industry and Enterprise Architect, who has continuously increased his client's value using his Business and Architecture leadership.

He is currently part of Industry X core team in South East Asia.

Prior to working this he worked as Distinguished Engineer in IBM. While in TCS America he was leading a practice focused on Manufacturing Industries and at Rockwell Automation where he set up a new profit centre for Manufacturing Business Solutions.
