

GLOBAL UNDERSTANDING AND ENGAGEMENT

Students study and engage with global processes shaping the world and its peoples, including those beyond the North Atlantic region (United States, Canada, and Western Europe). They develop deep knowledge of historic or contemporary roles and differential effects of human organizations and actions on global systems.

Global Understanding and Engagement (FC-GLOBAL) is a required Focus Capacity course in the IDEAs in Action curriculum (<https://catalog.unc.edu/undergraduate/ideas-in-action/#learningoutcomestext>).

A single course may be used to fulfill only one Focus Capacity requirement (not including lab).
